The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Apocalypse Jacques Ellul,2020-05-05 “There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation].” –Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, Apocalypse is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. “Architecture in movement” is the key to understanding Revelation’s puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul’s thorough engagement with Revelation.

Preventive Conservation in Museums Chris Caple,2011 Preventive Conservation in Museums makes available and comprehensible the diverse literature and ideas of preventive conservation to an audience with a limited scientific background, principally those studying museum studies or engaged in the museum profession. It bridges the gap between the basic museum generated literature and technical and detailed conservation literature. The area of preventative conservation has developed greatly in recent years and has adopted a far more holistic approach. The development of the concepts of risk analysis, management of conservation and how preventative conservation relates to the importance of traditional beliefs and approaches to artefacts have all made an impact on the subject in recent years along with the advance of instrumentation over the last thirty years. The next generation of ideas that will affect preventive conservation practice are just starting to emerge, including: detailed modelling of the environments of buildings and the sustainability of the artefactual and building heritage. Preventive Conservation in Museums highlights the wide variety of threats, develops the concept of an holistic appreciation of these threats, andtoo appreciates the need to prioritise the appropriate forms of response. It

uses a careful balance of sources, some technical, some theoretical, some practical as well as case studies to explore threats and their mitigation. For all those people involved in preventive conservation, be they students or professionals, this volume will be an invaluable summary of the past, present and future of the discipline. 

Mulheres de Ditadores DIANE DUCRET,2012-02-28 Chamavam-se Inessa, Clara, Nadia, Magda, Felismina, Jiang Qing, Elena, Catherine... E eles Lenine, Mussolini, Estaline, Hitler, Salazar, Mao, Ceausescu, Bokassa. Prostitutas ou mulheres da alta burguesia intelectual, paixes fugazes ou amores intensos, eles maltratavam ou adoravam-nas, mas, sistematicamente, voltavam para os seus braos. Esposas, companheiras, musas, admiradoras, todas tm em comum o facto de terem sido vencedoras, enganadas e sacrificadas. Aos seus homens cruis, violentos, tiranos e infiis, faziam crer que eram belos, charmosos e todo-poderosos. Sendo a virilidade um dos alicerces do poder absoluto, os ditadores sentiam a necessidade de juntar figuras femininas ao imaginrio de poder e domnio que criaram. E assim controlando-os na sombra, por vezes, at  morte, como se vivessem sob a gide de um Pigmaleo. Diane Ducret relata em detalhe os momentos, as estratgias de seduço, os casos amorosos, as intervenes polticas e os destinos diversos, ocasionalmente trgicos, das mulheres que cruzaram o caminho ou passaram pelo leito dos ditadores.
