Wild at Home Hilton Carter,2019-04-09 Hilton Carter's love for plants is infectious... His lush and exuberant displays are inspiring reminders that plants can be so much more than neat little containers on a window sill.Grace Bonney, Founder and Editor-in-Chief, Design\*Sponge Take a tour through Hilton's own apartment and other lush spaces, filled with a huge array of thriving plants, and learn all you need to know to create your own urban jungle. As the owner of over 200 plants, Hilton feels strongly about the role of plants in one's home – not just for the beauty they add, but for health benefits as well: 'having plants in your home not only adds life, but changes the airflow throughout. It's also a key design element when styling your place. For me, it wasn't about just having greenery, but having the right variety of greenery. I like to see the different textures of foliage all grouped together. You take a fiddle leaf fig and sandwich it between a birds of paradise and a monstera and.... yes!' You will be armed with the know-how you need to care for your plants, where to place them, how to propagate, how to find the right pot, and much more, and most importantly, how to arrange them so that they look their best. Combine sizes and leaf shapes to stunning effect, grow your own succulents from leaf cuttings, create your own air plant display, and more.

**Beauty at Home** Aerin Lauder,2013-10-29 Style icon Aerin Lauder reveals what it means to live beautifully Extravagant and fun to be around, Estée Lauder, Aerin's grandmother, loved jewelry and chocolate-covered marshmallows. She adored flowers and rooms full of exuberant patterns. When Aerin was a child, weekend visits with Estée meant ice-cream-and-late-night-TV adventures and spending time together at her grandmother's dressing-room table with its intriguing lipsticks and creams. From an early age, Aerin understood that Estée's passion for family was equal to her love of beauty. Now, Aerin has made this legacy her own. For the first time, she shares memories of the family celebrations and world travel that formed her sense of style. Aerin opens the doors to her New York apartment, where on any given night she might host a relaxed dinner with firends under a vintage French chandelier or, just as often, an impromptu get-together for her sons. Aerin also reveals how she preserved Estée's heritage in her former Hamptons home while adding her own twists. The traditions Aerin has created in her own family--from pool parties with her sons to walks along the beach collecting sea glass to breezy summer lunches--blend elegance and fun in equal measure. Throughout this book, evocative photographs by Simon Upton show Aerin's world in inspiring detail and enhance Aerin's insights into surrounding oneself with beauty and family in every aspect of life.

**Life at Home in the Twenty-First Century** Jeanne E. Arnold,Anthony P. Graesch,Elinor Ochs,Enzo Ragazzini,2012-12-31 Winner of the 2014 John Collier Jr. Award Winner of the Jo Anne Stolaroff Cotsen Prize Life at Home in the Twenty-First Century cross-cuts the ranks of important books on social history, consumerism, contemporary culture, the meaning of material culture, domestic architecture, and household ethnoarchaeology. It is a distant cousin of Material World and Hungry Planet in content and style, but represents a blend of rigorous science and photography that these books can claim. Using archaeological approaches to human material culture, this volume offers unprecedented access to the middle-class American home through the kaleidoscopic lens of no-limits photography and many kinds of never-before acquired data about how people actually live their lives at home. Based on a rigorous, nine-year project at UCLA, this book has appeal not only to scientists but also to all people who share intense curiosity about what goes on at home in their neighborhoods. Many who read the book will see their own lives mirrored in these pages and can reflect on how other people cope with their mountains of possessions and other daily challenges. Readers abroad will be equally fascinated by the contrasts between their own kinds of materialism and the typical American experience. The book will interest a range of designers, builders, and architects as well as scholars and students who research various facets of U.S. and global consumerism, cultural history, and economic history.

*Home Home* Lisa Allen-Agostini,2021-07-13 Fans of Monday's Not Coming and Girl in Pieces will love this award-winning novel about a girl on the verge of losing herself and her unlikely journey to recovery after she is removed from anything and everyone she knows to be home. Moving from Trinidad to Canada wasn't her idea. But after being hospitalized for depression, her mother sees it as the only option. Now, living with an estranged aunt she barely remembers and dealing with her troubles in a foreign country, she feels more lost than ever. Everything in Canada is cold and confusing. No one says hello, no one walks anywhere, and bus trips are never-ending and loud. She just wants to be home home, in Trinidad, where her only friend is going to school and Sunday church service like she used to do. But this new home also brings unexpected surprises: the chance at a family that loves unconditionally, the possibility of new friends, and the promise of a hopeful future. Though she doesn't see it yet, Canada is a place where she can feel at home--if she can only find the courage to be honest with herself. A hopeful story about finding one's place.-Kirkus Reviews, Starred review

**Army at Home** Giesberg,2010-07-13 Introducing readers to women whose Civil War experiences have long been ignored, Judith Giesberg examines the lives of working-class women in the North, for whom the home front was a battlefield of its own.Black and white working-class women managed farms that had been left without a male head of household, worked in munitions factories, made uniforms, and located and cared for injured or dead soldiers. As they became more active in their new roles, they became visible as political actors, writing letters, signing petitions, moving (or refusing to move) from their homes, and confronting civilian and military officials.At the heart of the book are stories of women who fought the draft in New York and Pennsylvania, protested segregated streetcars in San Francisco and Philadelphia, and demanded a living wage in the needle trades and safer conditions at the Federal arsenals where they labored. Giesberg challenges readers to think about women and children who were caught up in the military conflict but nonetheless refused to become its collateral damage. She offers a dramatic reinterpretation of how Americas Civil War reshaped the lived experience of race and gender and brought swift and lasting changes to working-class family life.

A Stranger At Home Christy Jordan-Fenton,Margaret Pokiak-Fenton,2011-09-01 Traveling to be reunited with her family in the arctic, 10-year-old Margaret Pokiak can hardly contain her excitement. It's been two years since her parents delivered her to the school run by the dark-cloaked nuns and brothers. Coming ashore, Margaret spots her family, but her mother barely recognizes her, screaming, "Not my girl." Margaret realizes she is now marked as an outsider. And Margaret is an outsider: she has forgotten the language and stories of her people, and she can't even stomach the food her mother prepares. However, Margaret gradually relearns her language and

her family's way of living. Along the way, she discovers how important it is to remain true to the ways of her people – and to herself. Highlighted by archival photos and striking artwork, this first-person account of a young girl's struggle to find her place will inspire young readers to ask what it means to belong.

**Rose Suzanne Wilson,**2021-10-27 A privileged chance to see Rose Uniacke's work in the form of a private tour of her London home—the crucible for all her design ideas—in her first book, produced as a limited edition of 2,500 copies. Airy and light, delicate and robust, grand and intimate, raw and luxurious: these are just some of the qualities and contradictions that resonate within the work and home of Rose Uniacke. This sumptuous volume, the first on the designer, has been conceived with Uniacke to her bespoke specifications. Masterfully photographed by François Halard, the book unfolds gatefold after gatefold as a series of privileged glimpses inside Uniacke's home, with the designer's own words as our guide—an intimate and exclusive portrait of a home rarely gained access to as well as a window onto the workings of one of our leading design minds. Her work is distinguished by warmth, character, and an extraordinary serenity, and mirroring these qualities the book is a luxury object made from some of the same materials featured in Uniacke's home: a unique cotton duck canvas slipcase houses the book itself, which is wrapped in pure new wool. Completing this indispensable book in design history are texts from the architect of Uniacke's home, Vincent Van Duysen, and her landscape architect, Tom Stuart-Smith.

**Agatha Christie at Home** Hilary Macaskill,2023-09-07 This new and revised edition of Hilary Macaskill's classic book, with many new illustrations, offers an insight into the life and work of the world's bestselling author. Hilary Macaskill examines the houses that meant most to Agatha Christie, including her childhood home, Ashfield, in Torquay; Winterbrook in Oxfordshire, and, above all, Greenway, soaring above the River Dart and Agatha's favorite home from 1938 to the end of her life in 1976 (though requisitioned in the Second World War by the Admiralty, and from 1943 to 1945 home also to the United States Coast Guard). The author also explores more temporary abodes, not only a succession of flats and houses in London (mainly in Kensington and Chelsea) but also the homes she set up at the digs (mostly in the Middle East) that she traveled to with her archaeologist husband, Max Mallowan, and the hotels – notably the Moorland Hotel on Dartmoor, to which she adjourned in the grip of writer's block to complete her first detective novel, The Mysterious Affair at Styles, and the Burgh Island Hotel, a major inspiration for And Then There Were None and Evil Under the Sun.

In the book every home cook has been waiting for, the revered Thomas Keller turns his imagination to the American comfort foods closest to his heart—flaky biscuits, chicken pot pies, New England clam bakes, and cherry pies so delicious and redolent of childhood that they give Proust's madeleines a run for their money. Keller, whose restaurants The French Laundry in Yountville, California, and Per Se in New York have revolutionized American haute cuisine, is equally adept at turning out simpler fare. In Ad Hoc at Home—a cookbook inspired by the menu of his casual restaurant Ad Hoc in Yountville—he showcases more than 200 recipes for family-style meals. This is Keller at his most playful, serving up such truck-stop classics as Potato Hash with Bacon and Melted Onions and grilled-cheese sandwiches, and heartier fare including beef Stroganoff and roasted spring leg of lamb. In fun, full-color photographs, the great chef gives step-by-step lessons in kitchen basics— here is Keller teaching how to perfectly shape a basic hamburger, truss a chicken, or dress a salad. Best of all, where Keller’s previous best-selling cookbooks were for the ambitious advanced cook, Ad Hoc at Home is filled with quicker and easier recipes that will be embraced by both kitchen novices and more experienced cooks who want the ultimate recipes for American comfort-food classics.

**Out at Home** Cal Ripken Jr.,Kevin Cowherd,2015-03-03 Mickey Labriogla is the best catcher in the league. He's got a cannon for an arm, calls a great game, and blocks the plate like a bulldozer with shin guards. But when a hotshot new pitcher joins the Dulaney Orioles, Mickey wonders if it isn't time to find another position -- or maybe another team. Zoom's the most arrogant player the Orioles have ever seen. But even Coach Labriogla, Mickey's dad, seems in awe of the kid's talent and willing to overlook his insufferable behavior. When Mickey and Zoom find themselves rivals for the attention of the mysterious Abby Elliott, who works the concession stand, any chance the two teammates can get along goes out the window. As the Orioles head to a seemingly-inevitable showdown in the new Super-Regional against Zoom's old team, the powerful Laurel Yankees, the clash between Mickey and Zoom threatens to break the team apart -- and derail a championship season. Praise for Hothead . . . just the ticket for readers who've worked their way through Dan Gutman and Matt Christopher but are still a little shy of Matt de la Peja and Carl Deuker. -- Bulletin of the Center for Children's Books Written with Ripken's obvious knowledge of the game, Conor's story rings true, with plenty of good baseball action. If Conor's not always in good spirits, the novel is, with likable characters, lively baseball action and the usual dreams of playing in the big leagues—in Conor's case, at Camden Yards. Ripken and Cowherd, like Conor and his Babe Ruth League Orioles, make a winning team. --Kirkus Reviews
