The Little Sleep Paul Tremblay, 2009-03-03 The wickedly entertaining debut featuring Mark Genevich, Narcoleptic Detective Mark Genevich is a South Boston P.I. with a little problem: he's narcoleptic, and he suffers from the most severe symptoms, including hypnagogic hallucinations. These waking dreams wreak havoc for a guy who depends on real-life clues to make his living. Clients haven't exactly been beating down the door when Mark meets Jennifer Times—daughter of the powerful local D.A. and a contestant on American Star—who walks into his office with an outlandish story about a man who stole her fingers. He awakes from his latest hallucination alone, but on his desk is a manila envelope containing risqué photos of Jennifer. Are the pictures real, and if so, is Mark hunting a blackmailer, or worse? Wildly imaginative and with a pitch-perfect voice, Paul Tremblay's *The Little Sleep* is the first in a new series that casts a fresh eye on the rigors of detective work, and introduces a character who has a lot to prove—if only he can stay awake long enough to do it.

We Can Work it Out! Anitra Vickery, Mike Spooner, 2004 This spiral bound photocopiable book contains 25 problem-solving activities, each activity is presented so that it can be cut up to make a collection of cards. The cards are written specifically for children operating at levels 3 to 6 of the National Curriculum in mathematics and as such will be appropriate for use in both primary and early secondary phases of education.
