The Djinn in the Nightingale's Eye A. S. Byatt, 2009-10-21 The magnificent title story of this collection of fairy tales for adults describes the strange and uncanny relationship between its extravagantly intelligent heroine--a world renowned scholar of the art of story-telling--and the marvelous being that lives in a mysterious bottle, found in a dusty shop in an Istanbul bazaar. As A.S. Byatt renders this relationship with a powerful combination of erudition and passion, she makes the interaction of the natural and the supernatural seem not only convincing, but inevitable. The companion stories in this collection each display different facets of Byatt's remarkable gift for enchantment. They range from fables of sexual obsession to allegories of political tragedy; they draw us into narratives that are as mesmerizing as dreams and as bracing as philosophical meditations; and they all us to inhabit an imaginative universe astonishing in the precision of its detail, its intellectual consistency, and its splendor. A dreamy treat.... It is not merely strange, it is wondrous. - Boston Globe Alternatingly erudite and earthy, direct and playful.... If Scheherazade ever needs a break, Byatt can step in, indefinitely. --Chicago Tribune Byatt's writing is crystalline and splendidly imaginative.... These [are] perfectly formed tales. --Washington Post Book World

Darkness on the Edge of Town Brian Keene, 2011-04 One morning the residents of Walden, Virginia, woke up to find that the rest of the world was gone ... Surrounding their town was a wall of inky darkness, casting Walden into permanent night. Nothing can get in, no light, no people, not even electricity or radio or TV signals. And no one can get out. No one who dared to penetrate the mysterious barrier has ever been seen again. Only their screams were heard. But for some of the residents-turned-prisoners of Walden, even the fear of that unseen death can't keep them from trying to escape this living purgatory.--Publisher description.

Rhetorics of Fantasy Farah Mendlesohn, 2013-02-15 Transcending arguments over the definition of fantasy literature, *Rhetorics of Fantasy* introduces a provocative new system of classification for the genre. Utilizing nearly two hundred examples of modern fantasy, author Farah Mendlesohn uses this system to explore how fiction writers construct their fantastic worlds. Mendlesohn posits four categories of fantasy—portal-quest, immersive, intrusion, and liminal—that arise out of the relationship of the protagonist to the fantasy world. Using these sets, Mendlesohn argues that the author's stylistic decisions are then shaped by the inescapably political demands of the category in which they choose to write. Each chapter covers at least twenty books in detail, ranging from nineteenth-century fantasy and horror to extensive coverage of some of the best books in the contemporary field. Offering a wide-ranging discussion and penetrating comparative analysis, *Rhetorics of Fantasy* will excite fans and provide a wealth of material for scholarly and classroom discussion. Includes discussion of works by over 100 authors, including Lloyd Alexander, Peter Beagle, Marion Zimmer Bradley, John Crowley, Stephen R. Donaldson, Stephen King, C. S. Lewis, Gregory Maguire, Robin McKinley, China Miéville, Suniti Namjoshi, Philip Pullman, J. K. Rowling, Sheri S. Tepper, J. R. R. Tolkien, Tad Williams

Guide to Aesthetics Jeff Seid, 2017-01-15 Aesthetics is much more than just being physically appealing. It is a lifestyle, a way of life. One does not attain aesthetic perfection over night. It takes

years of consistency to shape your physique into a masterpiece, but more, it takes you to change your entire outlook on life.

Death Waits in the Dark Mark Edward Langley, 2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
