

📖 **CUBAN CINEMA AFTER THE COLD WAR** ENRIQUE GARCÍA, 2015-04-17 The changes Cuba experienced following the collapse of the Soviet Union compelled Cuban filmmakers to rethink the values developed after the 1959 Castro revolution. Long-forgotten genres re-emerged, established auteurs incorporated new aesthetics into their films and an influx of foreign capital led to the repackaging of revolutionary ideology into more visually attractive narratives. Films such as *Alice in Wondertown* (1991), *Strawberry and Chocolate* (1993) and *Juan of the Dead* (2011) stirred controversy, criticized revolutionary discourse and helped establish new models that allowed post-Castro cinema to find global audiences on an unprecedented scale. This book offers a detailed analysis of key post-Cold War Cuban films. Recurrent sociopolitical tropes are examined to reveal how Cuban cinema reflects the turbulent changes in the island.

📖 **BIG GREEN PURSE** DIANE MACEACHERN, 2008-02-28 Read Diane McEachern's posts on the Penguin Blog. Protecting our environment is one of the biggest issues facing our planet today. But how do we solve a problem that can seem overwhelming-even hopeless? As Diane McEachern argues in *Big Green Purse*, the best way to fight the industries that pollute the planet, thereby changing the marketplace forever, is to mobilize the most powerful consumer force in the world-women. McEachern's message is simple but revolutionary. If women harness the power of their purse and intentionally shift their spending money to commodities that have the greatest environmental benefit, they can create a cleaner, greener world. Spirited and informative, this book: - targets twenty commodities-cars, cosmetics, coffee, food, paper products, appliances, cleansers, and more-where women's dollars can make a dramatic difference; - provides easy-to-follow guidelines and lists so women can choose the greenest option regardless of what they're buying, along with recommended companies they should support; - encourages women to spend wisely by explaining what's worth the premium price some green products cost, what's not, and when they shouldn't spend money at all; and - differentiates between products that are actually green and those that are simply marketed as ecofriendly. Whether readers want to start with small changes or are ready to devote the majority of their budget to green products, McEachern offers concrete and immediate ways that women can take action and make a difference. Empowering and enlightening, *Big Green Purse* will become the green shopping bible for women everywhere who are asking, What can I do?

📖 **ANIMATION: A WORLD HISTORY** GIANNALBERTO BENDAZZI, 2015-10-23 A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films, art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history. Key features over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never-before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for

📖 **DIRECTORY OF SPANISH AND PORTUGUESE FILM-MAKERS AND FILMS** RAFAEL DE ESPAÑA, 1994-11-29 This new book catalogues some 215 prominent film directors from both countries, giving accurate bio-filmographies and providing an in-depth reference source. Full attention is given to the propaganda cinema under dictators Franco and Salazar, to film-makers who left to work abroad--especially in Latin America--and to those filming in the regional languages (mainly Basque and Catalan). There is coverage not only of internationally well-known figures Almodovar, Bunuel, Oliveira, and Saura, but also across the complete range of feature, documentary, and animation film-making: early pioneers Segundo de Chomón, Catalans José María Codina, Fructuoso Gelabert, and Magi Muria, and Portuguese Aurelio da Paz dos Reis; experimentalists and avant-garde figures such as Lorenzo Llobet-Gracia, José Val del Omar, and Nemesio Sobrevilla and documentarist António Campos; animators Cruz Delgado, Francisco Macián, and Arturo Moreno (who worked on the first full-length animated film in Europe, *Garbancito de la Mancha*, in 1945). Each entry gives information on the film-maker's career (date and place of birth, educational qualifications, work experience, positions held), together with a list of films made, with dates of production. There are three indexes: Country Index, Film Title Index, and General Index. The index of film titles lists over 3,000 entries, including the original languages and their English language and AKA equivalents.

📖 **THE CLASSICAL TRADITION IN PORTUGUESE AND BRAZILIAN POETRY** MARIA DE Fátima SILVA, LORNA HARDWICK, SUSANA MARQUES PEREIRA, 2022-02-21 This book includes 21 chapters dedicated to the study of contemporary, Portuguese and Brazilian poets influenced by the Greco-Roman tradition. It integrates the international bibliography on reception studies in an Ibero-American context. However, the comparison between poets from the two countries highlights the cultural community that, despite the differences, unites them. Travels, routes, and adventures, taken in a linear or symbolic sense, are the common trace of all contributions. The variety of tastes, the greater or smaller closeness to the ancient models, and the authors' preferences contribute to an overall view of the classical imprint on contemporary poetry as a specific area of literature.

📖 **ENCYCLOPEDIA OF FRENCH FILM DIRECTORS** PHILIPPE RIGÉ, 2009-12-11 Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumière screened their works, the first public viewing of films anywhere. Early silent pioneers Georges Méliès, Alice Guy Blaché and others followed in the footsteps of the Lumière brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rigé identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional training; and other pertinent details, such as real names (when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age\_Jean Renoir and René Clair\_to French New Wave artists such as François Truffaut and Jean-Luc Godard.

📖 **ANCIENT EXPLORERS** OMAR MORA, 2013-12 Mark and Luis are best friends who grew up together listening to Mark's grandfather tell stories about his adventures and big hidden treasures. As they grew up and became more responsible, they forgot about these stories. In their adulthood, Mark and Luis opened an antique store together with items that Grandpa had collected over the years. After a few years, the business went into bankruptcy. The night they finished packing the items from the store, they went to a local bar to drink away their frustrations. In the bar, Mark and Luis met two beautiful ladies, Sandy and Jennifer. As the guys tried to flirt with the ladies, Jennifer and Sandy became interested in Mark's compass. The compass had belonged to Mark's grandfather. He had received when his grandfather passed away, when Mark was still a kid. As the ladies reviewed the compass and the ancient symbols on it, they asked to see more of what Luis and Mark had in their store. They were very intrigued about what the compass symbols would reveal. As the four looked at the items that had been boxed up in the store, Mark revealed that he still possessed a treasure map that he and Luis received from Grandpa when they were kids; a treasure map that had the same ancient symbols as the compass. Jennifer and Sandy explained that they believed the map and compass were real and from the fourteenth century A.D. They also revealed that they were archaeologists, so they knew what they were talking about. As they kept studying the map, it revealed something unimaginable: Paititi, the lost city of Peru, a city that had many hidden treasures and riches. The guys were impressed with the girls and their findings. As they discovered this, something put their lives in danger, a danger that drives these adventurous guys to follow what they were meant to do in life — to become what Mark's Grandpa taught them when they were kids: explorers of the ancients. It is then when Luis, Mark, Jennifer, and Sandy begin their journey into the unknown, a magical and adventurous journey to discover the lost city of Peru, a journey that will change their lives forever.

📖 **SHORT, SHORT FICTION TO READ WHILE POOPING** T.E. WHITMORE, 2013-12-02 When nature calls we all like to have something to read. But, the truth is that we don't want to spend out entire lives in the bathroom. The succinctness of magazines is great, but it's just as nice to escape from reality into the world of fiction. This book is designed to solve that exact problem. Inside you will find stories that are all around 1000 words. Some are more, some are less. But each one unfolds and delivers plot, character development, and setting from beginning to end. If a picture's worth a thousand words, a thousand words can certainly paint a picture. Inside, there is something for everyone. There's comedy. There's drama. Erotica, suspense and even grisly murder are included too. The next time you need a little entertainment and a little escape when nature calls, this book will not let you down. Now all you need to worry about in the bathroom is whether there's enough
