Freedom and Existence Matthew Aaron Tennant, 2023-08-07 Is theology a dead corpse or living organism? For Uruguayan Jesuit Juan Luis Segundo (1925-1996), theology

is dynamic. Freedom and existence for central themes. Segundo believed that theology should be transformative in human lives. For a theology to be transformative, there must be a connection to existence. That is, it must be existential. Yet most scholars have overlooked this assumption in critical analyses of liberation theology. This *prima facie* connection to existence is distinguishable from existentialism as a school of philosophy. By showing the significant existential dimension to Segundo's theology, assessing his work and contribution to twentieth-century theology relates to freedom, ecumenism, the role of faith in society, and the relationship between faith and ideologies.

A History of Infamy Pablo Piccato, 2017-04-25 A History of Infamy explores the broken nexus between crime, justice, and truth in mid-twentieth-century Mexico. Faced with the violence and impunity that defined politics, policing, and the judicial system in post-revolutionary times, Mexicans sought truth and justice outside state institutions. During this period, criminal news and crime fiction flourished. Civil society's search for truth and justice led, paradoxically, to the normalization of extrajudicial violence and neglect of the rights of victims. As Pablo Piccato demonstrates, ordinary people in Mexico have made crime and punishment central concerns of the public sphere during the last century, and in doing so have shaped crime and violence in our times.

Breaking Traditions Nancy M. Kason, 1988 It was during the exciting modernist movement in Spanish American literature that Clemente Palma (1872-1946), son of Ricardo Palma, began his writing career and signaled the birth of modern Peruvian literature. This volume offers detailed critical analyses of Palma's short stories and novels.

The Rough Guide to Chile Melissa Graham, 2003 Thoroughly researched and lucidly written, guidebooks don't come much better than this one. Spanish Short Stories Gudie Lawaetz, 1992-07-30 This second volume of short stories contains more diverse and lively writing from the Spanish-speaking world. Again much of it is from Latin America, Carlos Fuentes being Mexican, Norberto Fuentes Cuban, and the other writers having their roots in Uruguay, Chile, Peru, Colombia and the Argentine. Only Ana Maria Matute is a native of Spain. This highly entertaining selection
