*Soldier with a Backpack* Linda Wattley,2015-10-14 SOLDIER WITH A BACKPACK - Living and Dying Simultaneously Post-Traumatic Stress Disorder, the hidden love killer, is instrumental in creating a world of alienation in the human experience. Soldier with a Backpack, Living and Dying Simultaneously is written to form a silent unity of hope and understanding for individuals experiencing or knowing someone with PTSD and to reveal a needed truth about it. She grew up with a tainted trust in adults, now that she has become one herself; Author Wattley began to learn why adults were so unhappy. She realized that stress and trauma had molded her into someone who felt unworthy of love, yet there was still something else willing her to life, telling her to share with the world that sufferers of PTSD, Post-Traumatic Stress Disorder are more than words could ever describe. Author Wattley shares the experienced impact stress and trauma has on the human soul and the price we pay ignoring this reality. It is with great urgency she intimately shares her plight in life with her readers. Being mentally, emotionally, spiritually and physically raped as a child, she survived by learning to exist in an inner world of divine peace. Something happened to that little girl; she didn't die nor did she live, yet much was lost while much was gained.

**44 Days Backpacking in China: The Middle Kingdom in the 21st Century, with the United States, Europe and the Fate of the World in Its Looking Glass** Jeff J. Brown, 2022-09-04 Praise for 44 Days: What if Alexis de Tocqueville were fluent in Mandarin and traveling through China by backpack and bullet train? He would record every encounter and analyze China's national character with remarkable lucidity. He would produce a book full of telling insights that functioned like a five-dimensional chess game. It would be a guide book, travel companion, memoir, political history, and plain-old-pleasure for someone who likes their prose with pith in it. Oklahoma's latter-day Tocqueville, Jeff J. Brown, is one hell of a good story teller, and traveling with him deep into China is an adventure not to be missed. Thomas Bass, Author of *The Spy Who Loved Us*, *Vietnamerica*, *Camping with the Prince*, *Reinventing the Future*, and *The Eudaemonic Pie*. 44 Days is a delightful romp through a changing China and Jeff Brown is an excellent guide. John Pomfret, author of *Chinese Lessons: Five Classmates and the Story of the New China* 44 Days is a fascinating exploration of the people of China, and the land in which they live. Brown is very knowledgeable of China's government and the country's millennia-old history. He obviously enjoys not just his travels but the people he meets. While he journeys, we journey with him. Jeff Brown is an intelligent, articulate and entertaining writer and 44 Days is absolutely enthralling. I highly recommend it. Mick Winter, author of *Cuba for the Misinformed: Facts from the Forbidden Island* Much more than just a travelogue, 44 Days is an intimate dialogue with China's peoples, their histories, regions, economies, cultures, work, foods and future. Unabashedly iconoclastic and a contrarian's delight, Jeff brings down many a golden calf, as he writes as few travelers do - putting China's relations and rapid arc of development in perspective with the United States and Europe, making 44 Days a fascinating and unique approach to today's critically important world affairs. Traveling over 12,000km by train and bus, walking hundreds more, while climbing a few of those in vertical ascent, join Jeff as he reports from the ground up on the greatest socioeconomic transformation ever seen, 21st century China - our planet's soon to be greatest superpower. How will Baba Beijing, China's central government behave, while honoring its 2,200 year old Heavenly Mandate for 20% of the human race? After 500 years of being masters of the world, what will the great historical Industrial Age powers do in response - adapt or lash out? All of our standards of living and lifestyles, even our species' survival, depend on these soon to be events. Funny, enlightening & with an eye for the right details, 44 Days provides unique perspectives to these new century issues. It will keep you amused and thinking, as Jeff takes you traveling in, across and over five wild and wooly Western China provinces, face to face with the local people. Includes 125+ photos, maps and charts. Read less

*Floating Staircase* Ronald Malfi, 2011-10-01 Following the success of his latest novel, Travis Glasgow and his wife Jodie buy their first house in the seemingly idyllic western Maryland town of Westlake. At first, everything is picture perfect—from the beautiful lake behind the house to the rebirth of the friendship between Travis and his brother, Adam, who lives nearby. Travis also begins to overcome the darkness of his childhood and the guilt he's harbored since his younger brother's death—a tragic drowning veiled in mystery that has plagued Travis since he was 13. Soon, though, the new house begins to lose its allure. Strange noises wake Travis at night, and his dreams are plagued by ghosts. Barely glimpsed shapes flit through the darkened hallways, but strangest of all is the bizarre set of wooden stairs that rises cryptically out of the lake behind the house. Travis becomes drawn to the structure, but the more he investigates, the more he uncovers the house's violent and tragic past, and the more he learns that some secrets cannot be buried forever.

*Uncaged* L.A. Boruff, Daphne Moore, Ceridwen Gault—disaster witch extraordinaire. And right now, an involuntary guest in another dimension. Offering herself as a sacrifice to free her daughter from a kidnapping should have been a no-brainer, and it was. Only now Ceri finds herself trapped in a prison dimension, trapped with a magical asshole who is just as desperate to free himself as she is to be out of there. One problem: he actually deserves to be there. Second? There's a bunch of other people trapped there who don't deserve to be. Ceri doesn't want to free he-who-definitely-should-not-be-her-problem. He thinks she's capable of breaking the magic keeping him there, which should make her feel special but really only makes her feel even more trapped. Now her choice is simple: will she do whatever it takes to save herself and the innocents in this place, or will she choose the greater good by not unleashing an ancient power that could destroy everything she loves in her world?

**The Child Code** Danielle Dick, Ph.D., 2021-09-14 A provocative, science-based approach to parenting centered on a child's unique genetic "code," from an award-winning developmental psychology professor and researcher. With few exceptions, parenting books, websites, and podcasts emphasize the critical role of the parent in shaping a child's destiny. But the obsession with parenting ignores a fundamental biological fact: that genetics affect every aspect of human behavior, and every child is uniquely "coded" with predispositions that affect everything from fearfulness, to impulsivity, to happiness. In *The Child Code*, award-winning professor Dr. Danielle Dick draws from her research in developmental behavior genetics to debunk the myth that parenting techniques alone can determine a child's behavior and future. Dr. Dick introduces readers to the 3 E's that underlie each child's unique predisposition—extraversion (Ex), emotionality (Em), and effortful control (Ef)—and shows that, in fact, the key to raising successful adults isn't to try harder to mold them, but to adapt your parenting strategies to the way they are wired. This powerful and fresh approach not only diminishes friction and stress in families, but sets children up for true, authentic success in life. Each chapter unpacks the science behind this unique approach, and provides practical, individualized strategies for parents to support their child's strengths and to help them navigate their challenges. Reassuring, with real takeaways, *The Child Code* offers parents an inspiring message: Their biggest job is to help their children become who they were literally born to be.
