Bags Caroline Cox,2007 Handbags have never been more important in fashion: the 'must-have' bag of the season is a much-lusted-after designer item that can make or break a fashion house. For women, the handbag is an intimate extension of the body, a kind of mobile home for all the items indispensable for daily life, and at the same time an indicator of her fashionability - be it Prada, Vuitton or Chanel. Here, Caroline Cox tells the intriguing story of the handbag, in fact a relatively recent phenomenon only in general use since the early twentieth century. She traces its development from its origins in the nineteenth century with reticules (essentially pockets with handles) and Louis Vuitton's revolutionary Noe bag for the female traveller, via Art Deco clutch bags moulded in Bakelite and the Hermes Kelly bag endorsed by Princess Grace in the 1950s, right up to the accessory of the moment, the Mulberry Roxanne. Lavishly illustrated throughout with rare and striking images of bags historical and modern, and exquisitely designed, Bags will be the must-have book of the season.

Colonial Trauma Karima Lazali,2021-01-22 Colonial Trauma is a path-breaking account of the psychosocial effects of colonial domination. Following the work of Frantz Fanon, Lazali draws on historical materials as well as her own clinical experience as a psychoanalyst to shed new light on the ways in which the history of colonization leaves its traces on contemporary postcolonial selves. Lazali found that many of her patients experienced difficulties that can only be explained as the effects of “colonial trauma” dating from the French colonization of Algeria and the postcolonial period. Many French feel weighed down by a colonial history that they are aware of but which they have not experienced directly. Many Algerians are traumatized by the way that the French colonial state imposed new names on people and the land, thereby severing the links with community, history, and genealogy and contributing to feelings of loss, abandonment, and injustice. Only by reconstructing this history and uncovering its consequences can we understand the impact of colonization and give individuals the tools to come to terms with their past. By demonstrating the power of psychoanalysis to illuminate the subjective dimension of colonial domination, this book will be of great interest to anyone concerned with the long-term consequences of colonization and its aftermath.

Shoulder Bags and Shootings Dorothy Howell,2011-01-28 Fashion can be fatal: “The action is smoother than the butter-soft leather of a Prada bag, and the gritty details of working retail are spot-on.”—Publishers Weekly Life is almost perfect for fashionista and amateur sleuth Haley Randolph. She just vacationed in Europe with her boyfriend Ty Cameron, owner of Holt's Department Store. And now Ty's grandmother is letting Haley drive her Mercedes. If only Haley could get her hands on the new Sinful handbag. It's totally out of stock, and Haley would rather die than buy

a knockoff. But when she finds the body of her designer purse party rival, Tiffany Markham, in the trunk of the Mercedes, she's not so sure she wants to trade places after all. . . Topping the list of suspects, Haley doesn't deny seeing red when Tiffany stole her purse party idea--and made more money. But she wasn't jealous enough to commit murder. Now she'll have to solve this mystery quickly--and find that Sinful bag--before she becomes a killer's next fashion fatality. . . A clever, fast-moving plot. --Publishers Weekly For fans of lightweight, humorous mysteries. --Booklist
