**Bald in the Land of Big Hair** Joni Rodgers,2002-02-05 Bald in the Land of Big Hair is the hilarious-and often heartbreaking-tale of Joni Rodgers's journey through the badlands of cancer told with humor, occasional anger, and unflinching honesty. More than just a cancer book, this is a deeply affecting memoir of one woman's struggle to come to terms with everything that life throws her way. Ultimately, this is a moving celebration of the true meaning of human triumph and courage, the importance of community and the imperative of living everyday with joy.

*A Bald Man with No Hair* John M. Keller,2012-07-01 Poised amid a dazzling array of locales and predicaments, the characters in John M. Keller's incisive, original stories become as real and as vivid as the places they inhabit. In *People Like Me Better Because I Like Guacamole*, published in *Glimmer Train*, a Russian grocery store employee with a box full of discarded dreams heads to glacial southern Chile to try his hand at advertising copy, just after a gypsy predicts he'll die along the journey. In the title story, the life of a Mexican man with a rare sleep disorder changes irrevocably as he seeks to unravel the mystery of who shaved his head while he was sleeping. Keller captures the humor of the peculiar and the pedestrian, and his rich, searing descriptions and labyrinthine plots charge these twelve stories with an electric and unequivocally human pulse. This is the first collection of stories from a bold new voice.

Bin Laden's Bald Spot Brian Doyle, 2012-01-01 A collection of humorous short stories from the award-winning author of *The Plover* and *Mink River*. Welcome to the peculiar, headlong world of Brian Doyle's fiction, where the odd is happening all the time, reported upon by characters of every sort and stripe. Swirling voices and skeins of story, laughter and rage, ferocious attention to detail and sweeping nuttiness, tears and chortling—these stories will remind readers of the late giant David Foster Wallace, in their straightforward accounts of anything-but-straightforward events; of modern short story pioneer Raymond Carver, a bit, in their blunt, unadorned dialogue; and of Julia Whitty, a bit, in their willingness to believe what is happening, even if it absolutely shouldn't be. Funny, piercing, unique, memorable, this is a collection of stories readers will find nearly impossible to forget. "To read Brian Doyle is to apprehend, all at once, the force that drives Mark Twain, and Walt Whitman, and James Joyce, and Emily Dickinson, and Francis of Assisi, and Jonah under his gourd. Brian Doyle is an extraordinary writer whose tales will endure. The sublime 'Waking the Bishop' is going to inhabit American anthologies forever and ever." —Cynthia Ozick, New York Times-bestselling author of *Heir to the Glimmering World* "What I like about Brian Doyle's writing is that it's real—it's got mud and blood and tears but it's also got earthly angels who teach him to grasp on to each small epiphany as it opens before him." —Martin Flanagan, author of *The Call* and *The Art of Pollination*

*Your God is Too Glorious* Chad Bird,2023-11-14 Most of us are regular people who have good days and bad days. Our lives are radically ordinary and unexciting. That means they're the kind of lives God gets excited about. While the world worships beauty and power and wealth, God hides his glory in the simple, the mundane, the foolish, working in unawesome people, things, and places. In our day of celebrity worship and online posturing, this is a refreshing, even transformative way of understanding God and our place in his creation. It urges us to treasure a life of simplicity, to love those whom the world passes by, to work for God's glory rather than our own. And it demonstrates that God has always been the Lord of the cross--a Savior who hides his grace in unattractive, inglorious places. *Your God Is Too Glorious* reminds readers that while a quiet life may look unimpressive to the world, it's the regular, everyday people that God tends to use to do his most important work.

*Is a Bald Eagle Really Bald?* Martha E. H. Rustad, Holli Conger,2014-08-01 A bald eagle doesn't sound like an attractive bird. But it's pictured on the Great Seal of the United States and on the dollar bill. Why was this bird chosen as a national symbol? Join Ms. Patel's class as they find out why bald eagles are important, what the Great Seal stands for, and how bald eagles live in the wild. A special guest also pays the class a visit!

**The Bald Princess** Ava Harb, Deana Harb,2016-04-15 This story was developed when my 3-year-old daughter Ava was diagnosed with a rare kidney cancer. A few weeks into treatment, her hair began to fall out and she wanted to shave it off herself! It made her happy at first but she was afraid to face her friends. Together, we made up the story about the Bald Princess, which entertained her throughout her year-long treatment. Our dear friend Brian Watts created the illustrations that perfectly fit our vision. We hope this story touches your heart, and is helpful to children that you love. Thanks to a new research study, our very own bald Princess Ava is now a healthy 11-year old girl!

**The Bald Soprano** Eugène Ionesco,2006 Often called the father of the Theater of the Absurd, Eugène Ionesco wrote groundbreaking plays that are simultaneously hilarious, tragic, and profound. Now his classic one acts *The Bald Soprano* and *The Lesson* are available in an exciting new translation by Pulitzer Prize-finalist Tina Howe, noted heir of Ionesco's absurdist vision, acclaimed by Frank Rich as one of the smartest playwrights we have. In *The Bald Soprano* Ionesco throws together a cast of characters including the quintessential British middle-class family the Smiths, their guests the Martins, their maid Mary, and a fire chief determined to extinguish all fires -- including their hearths. It's an archetypal absurdist tale and Ionesco displays his profound take on the problems inherent in modern communication. *The Lesson* illustrates Ionesco's comic genius, where insanity and farce collide as a professor becomes increasingly frustrated with his hapless student, and the student with his mad teacher.

**The Bald Eagle: The Improbable Journey of America's Bird** Jack E. Davis,2022-03-01 Best Books of the Month: Wall Street Journal, Kirkus Reviews From the Pulitzer Prize-winning author of *The Gulf*, a sweeping cultural and natural history of the bald eagle in America. The bald eagle is regal but fearless, a bird you're not inclined to argue with. For centuries, Americans have celebrated it as "majestic" and "noble," yet savaged the living bird behind their national symbol as a malicious predator of livestock and, falsely, a snatcher of babies. Taking us from before the nation's founding through inconceivable resurgences of this enduring all-American species, Jack E. Davis contrasts the age when native peoples lived beside it peacefully with that when others, whether through hunting

bounties or DDT pesticides, twice pushed *Haliaeetus leucocephalus* to the brink of extinction. Filled with spectacular stories of Founding Fathers, rapacious hunters, heroic bird rescuers, and the lives of bald eagles themselves—monogamous creatures, considered among the animal world's finest parents—*The Bald Eagle* is a much-awaited cultural and natural history that demonstrates how this bird's wondrous journey may provide inspiration today, as we grapple with environmental peril on a larger scale.

**Bald Guys** Gregory Patrick Travers, 2015-11-03 If you are bald or you know anyone who is bald, this hilarious adventure will take you through the stigmas, the stereotypes and the history of this strange, misunderstood race. Then, one rainy night, he is stopped by a mysterious man who sends him on an adventure across province lines to find someone from his father's past who knows an ancient secret about the bald race. A secret so deep that it has been covered up for thousands of years by a secret society. **Bald-Face** Jack London, 2014-09-11 *Bald-face* is a short story by Jack London. John Griffith Jack London (born John Griffith Chaney, January 12, 1876 - November 22, 1916) was an American author, journalist, and social activist. He was a pioneer in the then-burgeoning world of commercial magazine fiction and was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone. He is best remembered as the author of *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories *To Build a Fire*, *An Odyssey of the North*, and *Love of Life*. He also wrote of the South Pacific in such stories as *The Pearls of Parlay* and *The Heathen*, and of the San Francisco Bay area in *The Sea Wolf*. London was a passionate advocate of unionization, socialism, and the rights of workers and wrote several powerful works dealing with these topics such as his dystopian novel *The Iron Heel*, his non-fiction expose *The People of the Abyss*, and *The War of the Classes*. On July 12, 1897, London (age 21) and his sister's husband Captain Shepard sailed to join the Klondike Gold Rush. This was the setting for some of his first successful stories. London's time in the Klondike, however, was detrimental to his health. Like so many other men who were malnourished in the goldfields, London developed scurvy. His gums became swollen, leading to the loss of his four front teeth. A constant gnawing pain affected his hip and leg muscles, and his face was stricken with marks that always reminded him of the struggles he faced in the Klondike. Father William Judge, *The Saint of Dawson*, had a facility in Dawson that provided shelter, food and any available medicine to London and others. His struggles there inspired London's short story, *To Build a Fire* (1902, revised in 1908), which many critics assess as his best. His landlords in Dawson were mining engineers Marshall Latham Bond and Louis Whitford Bond, educated at Yale and Stanford. The brothers' father, Judge Hiram Bond, was a wealthy mining investor. The Bonds, especially Hiram, were active Republicans. Marshall Bond's diary mentions friendly sparring with London on political issues as a camp pastime. London left Oakland with a social conscience and socialist leanings; he returned to become an activist for socialism. He concluded that his only hope of escaping the work trap was to get an education and sell his brains. He saw his writing as a business, his ticket out of poverty, and, he hoped, a means of beating the wealthy at their own game. On returning to California in 1898, London began working deliberately to get published, a struggle described in his novel, *Martin Eden* (serialized in 1908, published in 1909). His first published story since high school was *To the Man On Trail*, which has frequently been collected in anthologies. When *The Overland Monthly* offered him only five dollars for it—and was slow paying—London came close to abandoning his writing career. In his words, literally and literarily I was saved when *The Black Cat* accepted his story *A Thousand Deaths*, and paid him \$40—the first money I ever received for a story. London began his writing career just as new printing technologies enabled lower-cost production of magazines. This resulted in a boom in popular magazines aimed at a wide public and a strong market for short fiction. In 1900, he made \$2,500 in

writing, about \$71,000 in today's currency. Among the works he sold to magazines was a short story known as either *Diabla* (1902) or *Batard* (1904), in two editions of the same basic story; London received \$141.25 for this story on May 27, 1902. In the text, a cruel French Canadian brutalizes his dog, and the dog retaliates and kills the man. London told some of his critics that man's actions are the main cause of the behavior of their animals, and he would show this in another story, *The Call of the Wild*.
