**The Secret of the Jade Bangle** Linda Trinh,2022-10-18 “Engaging and empowering.” –STARRED review, Nonstop Reader A charming early chapter book series that explores Vietnamese culture and identity through the eyes of the Nguyen siblings, with elements of the supernatural, spirituality, and social justice woven in. Organized and introspective nine-year-old Anne Nguyen misses her Grandma Nội, a lot. But even though Grandma Nội passed away, it doesn't mean she's disappeared. When Anne and her younger siblings Jacob and Liz are given gifts passed on to them by Grandma, Anne soon realizes that hers—a beautiful jade bangle—has a secret power. One that might just give her the strength to stand up to her ballet teacher, who treats her differently than her white classmates, and embrace her Vietnamese identity through cooking Grandma's recipes. No matter how difficult things get, Anne learns that the love of her ancestors is always with her.

The Great African Bangle Culture Jim Mellon,2018-11-26 For more than 1000 years Africans from Senegal to the Cape wore bangles, lots of them. The bangle style was African and unique - chunky, weighty and solid. Their precious metal was not gold or silver but bronze. They established their own sophisticated technology. This once uniform decorative culture has almost disappeared. In this book, the beautiful, meaningful African bangle culture is recorded.

But when they finally arrive and it is time to eat, Shoham bites into something hard inside the pita bread.

**This Is the Life!** Charles Bangle,2011-11-06 At Grandpa Charlie's memorial service, former Oregon State Representative Bill Rogers said, I am proud to have had the friendship of Charlie Bangle. I am a better man because of that friendship and I'll always treasure it. The path followed by Charles Franklin Bangle from farm boy, to working man at age 16, to career truck driver, and finally to the Oregon State Capital as Commissioner Bangle, recounts a remarkable story. Born in Hickory County, Missouri in 1909, Grandpa spent his first 12 years on the family farm in Wheatland. The oldest of nine children, he chopped wood, plowed fields, planted and harvested crops, and drove teams of horses. A recession brought the first decrease in farmed acreage in the United States and a sharp spike in farm foreclosures. After the bank foreclosed on the Bangle property, the family moved to Redlands, California, with twelve year-old Grandpa weathering the trip on a Model T's right rear fender. During the school year in Redlands, Grandpa worked as a paperboy for the Redlands Daily Facts and a runner for the Brookside Dairy. The summer months brought other jobs: herding mules 160 miles from Blythe to Redlands, California; washing every square inch of woodwork at Redlands University; and picking fruit in nearby orchards. His family lived on the edge of poverty and needed every extra dollar to move the wolf a little further from the door. His father did not appreciate the value of an education and at the age of 16, Grandpa was told it was time to find a full time job; first toiling in the mines before settling into the life of a truck driver. Grandpa shares fascinating stories about the places and people he met along the way: the fights, crashes, and sleeping on top of moving hay loads (only a few men fell

off); transporting prisoner-made goods from San Quentin; delivering supplies to General Patton's forces at the Desert Training Center in California as they prepared for combat in North Africa and operating a truck in perilous blackout drive on the Pacific Coast Highway during those same wartime years; violent times organizing the San Bernardino County Teamsters; encounters with the white lightning trade; and smuggling recently deceased trucker friends back to California so that they wouldn't suffer the indignities of dying in Arizona, a place they all despised. Late in his career, Grandpa drove an acid tanker truck from Los Angeles to The Mine in the Sky, a tungsten mine just north of Bishop, California. Despite the hazardous trip to the mine around narrow snow-packed switchbacks, he loved driving tankers. He described it as his first job where the cargo loaded itself. In 1971, Grandpa retired from trucking and moved to join his children and their families in Cottage Grove, Oregon. He soon became involved in civic activities, to include serving as the Chair of the Planning Commission and heading an award winning crime prevention program. In recognition of volunteer activities which were beginning to have State and National impact, Grandpa was named Cottage Grove's 1975 First Citizen. After a number of local public service pursuits, Grandpa served on advisory committees and commissions in the state capital and became the namesake of the Crime Prevention Association of Oregon, Charles Bangle Volunteer of the Year Award. This is a story of triumph over poverty, the story of a man who overcame life's obstacles to create opportunities as easily as he made friends. Spanning the greatest and most challenging years in American history, Grandpa Charlie's life is a poignant narrative for everyone.

*In Pursuit of the Curious Bangle* J. Roberts,2010-03-14 Lucy and James Corke, together with their uncle Dirty Monkey, â€™a high flyer in the Big Smokeâ€™™, as Lucy would put it, are led into a mysterious world, and soon find themselves hurled into a desperate situation. Everything must be done to protect the Bangle. **Broken Bangles** Hanifa Deen,1999 ýBroken Bangles is the story of how I found a place in the corner of these women’s lives for a short whileýý From the eccentric comforts of Mona Lisa guest house in Dhaka to the dusty frontier town of Peshawar, Hanifa Deen traveled through Bangladesh and Pakistan to discover the many faces of Muslim women today, meeting and talking to mavericks, feminists and starry-eyed foreign wives; actresses and socialites; urban professionals and rural women who had never left their villages. With humour, compassion and insight, Hanifa Deen relates stories of their fight against oppression, of the friendships of women, of the joys and frustrations of the extended family, of the unwritten laws that govern women’s lives and the violence that can threaten them. She also stumbles on the trail of a mysteryýthe murder of Yasmeen, an innocent girl whose death galvanized a nation and symbolizes the danger women face when they step outside the ýcircle of protectioný. Broken Bangles is a much-needed book in the subcontinent today, when women’s voices are often the last to be heard and their concerns almost an afterthought.
