Anna Orenstein-Cardona

The Extratropical Transition of Tropical Storm Banyan ,2006 During July 2005, Typhoon Banyan recurved and underwent tropical transition over the western North Pacific. Coincident with the extratropical transition of Banyan, a large mid-tropospheric anticyclone developed immediately east of the recurving typhoon. The anticyclone was associated with a high-amplitude Rossby wave-like pattern that developed downstream of the anticyclone and extended across the North Pacific. Development of the anticyclone is examined with respect of the interaction between the outflow from Banyan and the midlatitude jet streak. During the poleward movement of TY Banyan, an anticyclonically-curved jet streak was forced by the merger of the upper-level outflow from Banyan and a jet streak associated with an upstream trough. The anticyclonic curvature was accentuated by the presence of a mid-tropospheric cyclone east of Banyan. The anticyclonic curvature increased as Banyan moved poleward and the mid-tropospheric cyclone moved equatorward. Thermodynamic forcing of the mid-tropospheric anticyclone is examined with respect to the poleward movement of warm moist air that ascends as it is advected around the eastern side of the decaying typhoon. The combination of dynamic and thermodynamic factors is examined in a potential vorticity framework to identify the development of the anticyclone east of Banyan and the transformation of Banyan into a midlatitude cyclone.--Page v.

The Tree of Hope Anna Orenstein-Cardona,2022-08-23 The true story of a beloved banyan tree and a community that fought to save it in the wake of Hurricane Maria. On the tropical island of Puerto Rico, there was an ancient banyan tree. His enormous twisted trunk rose up beside the San Juan Gate. Long roots hung from his wide-spreading branches and his emerald, leafy crown greeted all who passed by. This beloved tree stood on the shore of the island for over a hundred years--until

the fateful time when the biggest hurricane in Puerto Rico's history slammed into the island, devastating communities and uprooting that very tree. This lushly illustrated and evocatively written picture book tells the story of the majestic jagüey blanco, one of the most beloved trees in the city of Old San Juan. Puerto Rican author Anna Orenstein-Cardona weaves an epic tale based on the true story of this bearded watchdog of the island, how the tree was impacted by Hurricane Maria, and how a group of people rallied together to save it. With gorgeous illustrations by Juan Manuel Moreno, this picture book serves as an account of the devastating impact of Hurricane Maria and the strength of the people who continue to rebuild to this day.

The Great Hurricane, 1938 Cherie Burns, 2007-12-01 "Before there was the Perfect Storm, there was the Great Hurricane of 1938. A riveting and wonderfully written account." —Nathaniel Philbrick On the night of September 21, 1938, news on the radio was full of the invasion of Czechoslovakia. There was no mention of any severe weather. By the time oceanfront residents noticed an ominous color in the sky, it was too late to escape. In an age before warning systems and the ubiquity of television, this unprecedented storm caught the Northeast off guard, obliterated coastal communities on Long Island and in New England, and killed nearly seven hundred people. The Great Hurricane, 1938 is a spellbinding hour-by-hour reconstruction of one of the most destructive and powerful storms

ever to hit the United States. With riveting detail, Burns weaves together countless personal stories of loved ones lost and lives changed forever—from those of the Moore family, washed to sea on a raft formerly their attic floor, to Katharine Hepburn, holed up in her Connecticut mansion, watching her car take to the air like a bit of paper. “A very good book.” —The Washington Post

The Silent Storm Sherry Garland, 2018-09-15 Thirteen-year-old Alyssa has not spoken since witnessing her parents drown at sea during a storm. Now, three years later, a hurricane is headed for Galveston Island, threatening to unleash Alyssa's memories of the horrific storm that ripped her family apart. When Hurricane Berta hits, Alyssa is desperately trying to find a way to get home to her grandfather and his mustang horses. Finding the old man injured, Alyssa realizes that to help her grandfather, she must first confront the silent storm of memories locked deep within her.

Banyan: A Short Novel Cynthia A. Williams, 2013-02-13 BANYAN is a mystery revolving around one essential question—what really happened on Clara Ann’s eighth birthday in 1908 which caused a cataclysmic shift in the lives of everyone involved? The mystery surrounding Gerald and Sayre Cuvier and their two children is sinuous and layered. From 19th century Louisiana to tropical Florida at the turn of the century, these beautiful, hopelessly doomed people will haunt you long after the reading. Susan Russo Anderson, author of the Serafina Florio mystery series, says, “At the heart of BANYAN is poetic meaning incapable of distillation.” Customers rave: “...a beautifully written novel. I was unable to put this one down. Her characters were mesmerizing.” “Drenched in atmosphere...spellbinding...” “BANYAN is an illusively haunting tale...a real page turner, an excellent, gripping and hypnotic story leaving the reader thirsting for her next novel.” “Absolutely brilliant! This is truly one of the best short novels I have ever read.”

Storm George R. Stewart, 1974-09-12 Sweeping across the Pacific, a devastating storm wreaks havoc on San Francisco and the California coast and then moves relentlessly toward the Sierra Nevada, burying mountain passes and railroad tracks under tons of snow. First published in 1941, *Storm* presaged trends in literature and ecology that would appear decades later; an engrossing novel constructed by a master storyteller, it delineates an intricate web of humanity, wildlife, and landscape, all interacting in a drama that includes the weather itself in its cast of characters. Book jacket.

Storm Jack Drummond, 2010-04-01 When the small town of Melville is caught in a freak storm, its inhabitants must do everything they can to survive. But with a ruthless eco-terrorist at large, and no chance of rescue from the outside world, the townsfolk are on their own, facing one of the greatest environmental threats the world has ever seen... Dramatic, powerful and bursting with adventure, *Storm* is an un-putdown-able thriller.

The Dirty Side of the Storm: Poems Martha Serpas, 2008-06-17 In poems that bear witness to the eroding bayou country and its Cajun culture, Martha Serpas venerates a vanishing landscape defined by water. Her verses grapple with grieving a lost home and advocating for change. Most of the book is set in the Barataria-Terrebonne Estuary (Lafourche and Terrebonne Parishes), Louisiana. After the Storm T. S. Arthur, 2010-04 Timothy Arthur (1809 -1885) was a popular nineteenth-century American author. He is most famous for his temperance novel *Ten Nights in a Bar-Room and What I Saw There*, which helped demonize alcohol in the eyes of the American public. Arthur wrote many short stories for Godey's *Lady's Book*. Arthur's writings did much to influence the values of the middle class during the antebellum era. The story of two lovers begins, NO June day ever opened with a fairer promise. Not a single cloud flecked the sky, and the sun coursed onward through the azure sea until past meridian, without throwing to the earth a single shadow. Then, low in the west, appeared something obscure and hazy, blending the hill-tops with the horizon; an hour later, and three or four small fleecy islands were seen, clearly outlined in the airy ocean, and slowly ascending--avant-couriers of a coming storm. Following these were mountain peaks, snow-capped and craggy, with desolate valleys between. Then, over all this arctic panorama, fell a sudden shadow. The white tops of the cloudy hills lost their clear, gleaming outlines and their slumbrous stillness. The atmosphere was in motion, and a white scud began to drive across the heavy, dark masses of clouds that lay far back against the sky in mountain-like repose.

The Perfect Storm Sebastian Junger, 1999-10 A true story of men against the sea.

Rootless Chris Howard, 2012-11-01 A dazzling eco-thriller set in a terrifying world with some chilling similarities to our own . . . 17-year-old Banyan is a tree builder. Using salvaged scrap metal, he creates forests for rich patrons who seek a reprieve from the desolate landscape. Although Banyan's never seen a real tree--they were destroyed more than a century ago--his missing father used to tell him stories about the Old World. Everything changes when Banyan meets a mysterious woman with a

strange tattoo, a map to the last living trees on earth, and he sets off across a wasteland from which few return. Those who make it past the pirates and poachers can't escape the locusts . . . the locusts that now feed on human flesh. But Banyan isn't the only one looking for the trees, and he's running out of time. Unsure of whom to trust, he's forced to make an alliance with Alpha, a beautiful, dangerous pirate with an agenda of her own. As they race towards a promised land that might only be a myth, Banyan makes shocking discoveries about his family, his past, and how far people will go to bring back the trees.

Burma Banyan Dawn Fraser Kawahara, 2019-09-18 In BURMA BANYAN, A Daughter's Odyssey, the reader is invited on an intimate set of travels as the author overcomes qualms about returning to Burma after a life span. Memories of Dawnie, her child self, besiege her. These memories are not set in the peaceful, civilized atmosphere of Dehra Dun, nestled in the hills north of Delhi, the setting of her notable first memoir-Jackals' Wedding, A Memoir of a Childhood in British India-but in remote areas of northern Burma and in Mandalay, the capital of Upper Burmah, in an unstable atmosphere and generally unsafe surroundings. The Burma sojourn of the author's immediate family following Japanese occupation during World War II begins with a replay of their last days in India, continuing the compelling true story within a family story. Counterpoint with modern-day travels, the author once

again revisits a long-locked past to probe the truth of romanticized early life. She reveals how she and her sister coped with expectations and warnings and absorbed the fears and insecurity of their parents in the aftermath of war to compound their own secret worries, how they became adept at assessing their grownups' mood swings, and chameleonic in adapting themselves accordingly. Entertaining stories of the generations before, ancestors who settled in India and Burma from faraway lands, flow naturally as the daughters' parents, Pansy and William, return to live for a time in the country of their birth. Their resulting storm-and-sun relationship, the nucleus of the symbolic jackals' wedding, continues as such in BURMA BANYAN. Kawahara's odyssey, which completes in an unexpected way, also takes readers from Hawai'i to the British Isles, and forays to Australia and New Zealand in search of lost family members. The search for a missing father-and a home-is the taproot of these journeys.

The Great Storm Lisa Waller Rogers, 2002 A teenage boy keeps a diary of events during the devastating hurricane which struck Galveston, Texas, in 1900, and of the rescue operations that followed.

The Storm Frederick Buechner, 2009-10-13 The Boston Globe calls Frederick Buechner one of our finest writers. USA Today says he's one of our most original storytellers. Now this acclaimed author gives us his most beguiling novel yet--a magical tale of love, betrayal, and redemption inspired by Shakespeare's *The Tempest*. On wealthy Plantation Island in South Florida, an old man waits, Kenzie Maxwell is a writer, a raconteur, a rascal, an altruist, a mystic--a charismatic figure who enjoys life with his rich third wife but muses daily on the sins of his past. Two decades ago, Kenzie had to leave New York because of a scandal. He'd been a volunteer at a runaway shelter, and he'd fallen in love with a seventeen-year-old girl--a girl who died while giving birth to Kenzie's daughter. His older

brother, Dalton, a lawyer and board member at the shelter, decided to quell the rumors by releasing Kenzie's note of apology to the press. Kenzie's reputation--and the girl's--were destroyed. He has never forgiven his brother. Now it's the eve of Kenzie's seventieth birthday, and a storm is brewing. His beloved daughter, Bree--the child of the scandal--is coming down from New York for his birthday party. But his brother Dalton is coming down, too, to do some legal work for the island's ill-tempered matriarch. Aided and abetted by Dalton's happy-go-lucky stepson, a loutish gardener, a New Age windsurfer, a bumbling bishop, and a bona fide tempest, Kenzie must somehow contrive to reconcile with his brother--and make peace with his past. Infused with humanity, and informed by faith. The Storm is Frederick Buechner's most captivating novel since Godric--a richly satisfying contemporary story of fragmented families and love's many mysteries that will move you, make you laugh, and fill you with wonder.
