*In The Shadow Of The Banyan* Vaddey Ratner,2012-09-13 A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, *In the Shadow of the Banyan* is a testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of *The Other Hand* 'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read *In the Shadow of the Banyan* is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

**The Figments of Fudgewick** Troy Banyan,2002-11-01

**Under the Banyan Tree** Graeme Dobson,2021-07-28 The history of Australia's north coast is a story of ancient industry and international trade with tentacles that reached as far as China. It tells of travel to the far reaches of the world where an old, mid-19th century Groote Eylandt man, spoke of chasing huge fish across cold seas and hunting furred creatures on seas hard as stone. It's a story of great, forgotten empires on Australia's doorstep and rich Sultans who claimed that Australia's north as their own long before Cook laid eyes on it. It's a story very few Australians know about. When marine biologist Graeme Dobson asked elders about the origins of a strange stone structure in the middle of a bay, off a tiny island, near the coast of Arnhem Land they replied 'Not ours', and so began a remarkable quest that became a mystery wrapped in an adventure, folded into history. His research took him to the far corners of Arnhem Land and into the Seas and Islands to its north. It led him back through time, past missionaries, colonists, huge fishing fleets, Dutch map-makers, Portuguese explorers-come-slavers, unknown settlers and miners, and pearl cultivating tribesmen until he finally found the answer in another bay off another tiny island, this time in the remote Indonesian Aru Islands. This is a mystery/adventure with a difference, plus fascinating insights into little discussed history of northern Australia.

From the delicate dances of butterflies to the haunting calls of exotic birds, the branches of this tree serve as a haven for life in countless ways. This impressive symbiosis reflects the interconnectedness of our planet and reminds us of the delicate balance we must maintain. Beyond its ecological importance, the great banyan addresses the cultural constructs surrounding this botanical wonder. This book explores the myths, folklore, and spiritual meanings that local communities ascribe to the banyan tree, giving readers insight into the deep impact this majestic tree has on the human soul. But the story of the great banyan is not without its challenges. As he grapples with environmental change and the evolving conditions of human civilization, the resilience of trees becomes a poignant metaphor for the fragile state of the planet.
