Laura McCabe

A Year in Earrings BeadStyle magazine,2012-11-19 Based on one of BeadStyle Magazine's most successful special issues, A Year in Earrings offers a different earring design or project variation daily for an entire year. The front matter has been expanded to include design ideas, clarification of types of ear wires, directions for making ear wires, tips and shortcuts, and an explanation of what metals are best to use in earrings for those with metal allergies. Making a different pair daily is easy and quick thanks to clear photographs, step-by-step instructions, complete materials lists, and carefully explained basic techniques. These earrings use a full spectrum of materials — glass, crystals, metals, chain, wood, charms, Lucite, and everything in between. Individual designs include Sparkling Circles, Natural Chandeliers, Keshi Pearls, Bold Hexagons, and many more. A Year in Earrings offers beaders a wealth of projects to make and show off.

Earrings! Judith Viorst,2010-09-14 I want them. I need them. I love them. Beautiful earrings. Glorious earrings. What will a young girl do to get her ears pierced? Will she walk the dog for a year? YES! Will she clean her room every day for a year? YES! Will she be nice to her brother for a year? YES! Well, maybe for six months...

Basic Jewelry Making Sandy Allison,2006-02-20 The basics of using beads and wire to create custom pieces. Each technique carefully described and illustrated. Create pieces for yourself and friends, or to sell.

Ten Lectures on the Basics of Cognitive Grammar Ronald Langacker,2017-07-31 The book offers a basic introduction to the theory of Cognitive Grammar, which claims that meaning resides in conceptualization, and that grammar is inherently meaningful, residing in the structuring and symbolization of conceptual content.

Out of Sorts Sarah Bessey,2015-11-03 From the popular blogger and provocative author of Jesus Feminist comes a riveting

new study of Christianity that helps you wrestle with—and sort out—your faith. In *Out of Sorts*, Sarah Bessey—award-winning blogger and author of *Jesus Feminist*, which was hailed as “lucid, compelling, and beautifully written” (Frank Viola, author of *God’s Favorite Place on Earth*)—helps us grapple with core Christian issues using a mixture of beautiful storytelling and biblical teaching, a style well described as “narrative theology.” As she candidly shares her wrestlings with core issues—such as who Jesus is, what place the Church has in our lives, how to disagree yet remain within a community, and how to love the Bible for what it is rather than what we want it to be—she teaches us how to walk courageously through our own tough questions. In the process of gently helping us sort things out, Bessey teaches us how to be as comfortable with uncertainty as we are with solid answers. And as we learn to hold questions in one hand and answers in the other, we discover new depths of faith that will remain secure even through the storms of life.

The World of Ancient Greece [2 volumes] Michael Lovano, 2019-12-02 This book opens the world of the ancient Greeks to all readers through easily accessible entries on topics essential to understanding Greek high culture and daily life. The ancient Greeks provided the foundation for Western civilization. They made significant advances in science, mathematics, philosophy, literature, and government. While many readers might have heard of Plato and Aristotle, however, or be familiar with the classic works of Greek tragedy, most people know significantly less about daily life in the ancient Greek world. This encyclopedia opens the world of the ancient Greeks, spanning Greek history from the Bronze Age through Roman times, with an emphasis on the Classical and Hellenistic Eras. The encyclopedia provides roughly 270 easily accessible entries on topics essential to understanding everything from Greek high culture to daily life. These entries are grouped in topical sections on the arts, science and technology, politics and government, domestic life, and other subjects. Sidebars on particularly noteworthy people, places, and concepts provide related information, while primary documents allow readers to delve into the mindset and feelings of the ancient Greeks themselves. Extensive bibliographic references give curious readers direction for further research.
