Beehive Andy Hoffman, 2014-06-10 Ron Stutzer has a girlfriend. Elizabeth has brains, beauty, money, and a powerful job. But when that job sends her to Beirut, she's taken hostage. She disappears into the rubble and waste and confusion of the Middle East. But what can Ron do? His alcoholic father has just swiped his credit card halfway through a three-week binge. The bees he keeps with his football-friend, Jim, have gone berserk. His co-workers at the Census Bureau need him. He never understood Elizabeth's intrigues at the Department of Defense anyway. And he and Elizabeth always had a policy of staying out of each other's families. Even when Elizabeth's wealthy influential father pulls all the strings he has, the government still will do nothing--either to help or to interfere. So he turns to Ron: Go to Beirut and rescue Elizabeth, his daughter, Ron's lover. Ron is on his own then, and learns what it means to be a hero.

Jean Toomer and the Terrors of American History Charles Scruggs, Lee VanDemarr, 2016-11-11 Jean Toomer's *Cane* was the first major text of the Harlem Renaissance and the first important modernist text by an African-American writer. It powerfully depicts the terror in the history of American race relations, a public world of lynchings, race riots, and Jim Crow, and a private world of internalized conflict over identity and race which mirrored

struggles in the culture at large. Toomer's own life reflected that internal conflict, and he has been an ambiguous figure in literary history, an author who wrote a text that had a tremendous impact on African American authors but who eventually tried to distance himself from *Cane* and from his identification as a black writer. In *Jean Toomer and the Terrors of American History*, Charles Scruggs and Lee VanDemarr examine original sources—Toomer's rediscovered early writings on politics and race, his extensive correspondence with Waldo Frank, and unpublished portions of his autobiographies—to show how the cultural wars of the 1920s influenced the shaping of Toomer's book and his subsequent efforts to escape the racial definitions of American society. That those definitions remain crucial for American society even today is one reason Toomer's work continues to fascinate and to influence contemporary writers and readers.

Call of the Last Survivor Ken A. Moore, 2018-11-20 Will Mikaleh and her friends unravel the mystery of the ruby key and discover who—or what—is the Lone Survivor? Of all the squads in what remains of the known world—that is, after the onset of “The Storm” and the mysterious zombie hordes that came with it—no squad has a reputation like Squad #43! Helmed by the valiant Mikaleh (a mighty Soldier) and her sidekick Janet (a stalwart and even-tempered Constructor), they’re known across the multiverse of servers as the deadliest dispatchers of Mist Monsters and Husks in all the land. Their reputation for finding and freeing survivors is unmatched, and they’re second-to-none when it comes to discovering clever tricks and secrets. Rounded out by Sam (an Outlander) and Sammy (a Ninja)—a quirky pair, who fight like brothers but always reconcile like best friends—Squad #43 seems on an unstoppable trajectory to combat The Storm and restore the world, bit by

bit, to something like its former self. Yet Mikaleh can hardly believe her eyes when she returns to base camp one morning—after a long evening of satisfying zombie-killing—to find that the Husks appear to have. . . reached out to them! A mysterious message, seeming to be from the very monsters themselves, urges Squad #43 to attend a secret rendezvous in Canny Valley where more will be revealed. Never one to turn down a mystery, Mikaleh soon finds her squad plunged into a strange intrigue beyond her wildest dreams

Afro-American Poetics Houston A. Baker (Jr.), 1988 Baker envisages the mission of black culture since the 1920s as Afro-American spirit work. In the blues, the post-modernist chant poem, the oratory of Malcolm X and the political plays of Amiri Baraka, Baker notes the unfolding creation of a racial epic in which black Americans may discover their place in U.S. society and find their ancestral roots. He analyzes Jean Toomer's stream-of-consciousness protest novel *Cane*, ponders why apolitical poet Countee Cullen became a voice of the people and pays tribute to critic-poet Larry Neal and to Hoyt Fuller, the editor of *Negro Digest* who allied himself with the Black Arts movement. He also traces his own shift from guerrilla theater revolutionary to embattled theoretician. ISBN 0-299-11500-3: \$22.50 (For use only in the library).

Hurricane Honey Buddy Nachtsheim, 2019-11-16 It was May 2018 when I took the leap of becoming a beekeeper. I started with a Mason Jar hive (a beginners hive) soon after I expanded my ideas and purchased a Flow Hive. My dad built stands and set up the Flow Hives as a way to stay busy. My bees arrived, and with some help, they became established; so much so that we needed a second Flow Hive to keep them comfortable. All was going well until 5 months later. On October 10, 2018, Hurricane Michael crashed ashore in my town of Mexico

Beach, Florida. Although dad and I live 6 miles inland, the storm was so strong that it affected people hundreds of miles from the shore. My hives were knocked off there stands, beaten, and battered... but my bees survived. I carefully reset the hives, prayed over the bees, and let them re-establish their colony. They encountered a hurricane, mites, and needed me to feed them after all the trees and blossoms were gone... and they still survived. In May of 2019, 7 months after the hurricane, my bees produced honey! I've learned that in the bee business you must ask for help because there was so much that I didn't, and still don't, know. I'm learning every day. I've had many beekeepers help me along the way, and I've made just about every mistake you can make. I think the bees are alive by the pure miracle of God and prayer. They are survivors. Ground Zero Survivors. This is why I call it Hurricane Michael Ground Zero Survivor Honey.

Split-Gut Song Karen Jackson Ford, 2015-09-15 A deft study of the evolving literary aesthetic of one of the first avant-garde black writers in America. In *Split-Gut Song*, Karen Jackson Ford looks at what it means to be African American, free, and creative by analyzing Jean Toomer's main body of work, specifically, his groundbreaking creation *Cane*. When first published in 1923, this pivotal work of modernism was widely hailed as inaugurating a truly artistic African American literary tradition. Yet Toomer's experiments in literary form are consistently read in terms of political radicalism—protest and uplift—rather than literary radicalism. Ford contextualizes Toomer's poetry, letters, and essays in the literary culture of his period and, through close readings of the poems, shows how they negotiate formal experimentation (imagism, fragmentation, dialect) and traditional African American forms (slave songs, field hollers, call-and-response sermons, lyric

poetry). At the heart of Toomer's work is the paradox that poetry is both the saving grace of African American culture and that poetry cannot survive modernity. This contradiction, Ford argues, structures Cane, wherein traditional lyric poetry first flourishes, then falters, then falls silent. The Toomer that Ford discovers in Split-Gut Song is a complicated, contradictory poet who brings his vexed experience and ideas of racial identity to both conventional lyric and experimental forms. Although Toomer has been labelled a political radical, Ford argues that politics is peripheral in his experimental, stream-of-consciousness work. Rather Toomer exhibits a literary radicalism as he struggles to articulate his perplexed understanding of race and art in 20th-century America.

Conversations with the Animate [Other] Aloka Parasher-Sen, 2023-09-30 Human interventions with living entities have had to be in a constant state of negotiating space necessary for co-habitation with animals, birds, trees, plants, grasslands, forests, hills, water bodies in the creation of villages and other settlements. The book argues that negotiating this space meant sharing, which impacted economic strategies, religious experiences, cultural

interactions and oral performances that humans have strategized and preserved. This intersectional theme, through individual case studies, ultimately provides us the civilizational ethos of the Indian sub-continent on how human non-human relations informed it. The book provides a window on how this relationship was represented in a variety of material and literary texts, visual representations, archival records, folklore and oral testimonies. It brings to the fore these narratives over the longue durée to explicate the complex and delicate relationships in region specific ecological settings and thus give readers a perspective that crosses disciplinary and conceptual boundaries.

Teaching Jean Toomer's 1923 Cane Chezia Thompson-Cager, 2006 Cane one of the major works of the Harlem Renaissance and Jean Toomer's imagist masterpiece, is now a part of the canon in Afro-American literature. Teaching Jean Toomer's 1923 Cane is a unique literary tool that explores the brilliance and far-sighted vision of Toomer, allowing Cane to be taught holistically as a discovery process, using the blues motif and the poetic essay. This book's text and figures ground a discussion of Cane's enigmatic and figurative language, connecting the Harlem Renaissance to the Negritude Movement and to later Afro-centric literary movements. This book also reviews P.B.S. Pinchback's legacy as a non-Negro, able to pass easily in white society, the influence of Ouspensky, H. L. Mencken's critical work, The Paris Brotherhood, and «Saccabarum officinarum-G.» Like the lunar arcs dividing Cane, the book works as an instructional map. The pictures from the first complete production also tell a remarkable story.

Cane Jean Toomer, 2019-01-01 Jean Toomer's revolutionary masterpiece Cane (1923) ushered in the era we now know as the Harlem Renaissance, and has come

to be considered one of the classic works of American literary modernism. A boldly experimental “novel” mixing prose, poetry, and dramatic sketches, the book’s hallmark is its formal sophistication; sexuality, racism, and industrialization are among its major themes. Above all else it offers unforgettably evocative portraits of the African American lives Toomer encountered in rural Georgia, by turns down-to-earth, heartfelt, hauntingly lyrical.

Covenant Retreat is a special place in the gorgeous mountains of Virginia. There is a very large old Plantation home in the middle of the retreat that has a wonderful balcony overlooking the entire property. A babbling river runs right through the middle of the land and empties into a sparkling pond. Rolling hills of flowers and open fields of hay are all surrounded by a forest of trees. Bentley Bennigan the beekeeper, lives in the big house and sits on his balcony watching over all his treasured creatures. Three red barns are placed around the retreat and the largest one sits on top of the highest hill with a special beehive of honey bees. There are twenty-six bees in this hive that were chosen by the beekeeper because of their great attitudes. Each bee has been given a name by the beekeeper to match his or her special attitude. The bees all work together to help each other and their friends out. These bees are very busy using their gifts to prosper their hive but also work hard to pollinate their beautiful surroundings. As the bees go through their days, they encounter other creatures who struggle with certain issues so they try to help them learn a better way to do things.
