The Struggle for Freedom M. Dele Adeola, 2010-07 A thought-provoking and passionately written book, *The Struggle for Freedom* reflects on the culture of African political development in the early years of independence, and offers a penetrating analysis of despotic military regimes. Focusing on the author's native Nigeria, the book highlights the political struggle of the pro-democracy movements, the lives of the patriotic leaders involved, the bitter confrontation between the movements and the military regimes, and the eventual overthrow of a military dictatorship. It is a reflection on the struggle for ideals against the forces of oppression. *The Struggle for Freedom* also explores the dichotomy between Africa and African-Americans, and the seeming disconnect between the two. It discusses the need for understanding and a closer relationship based on shared values and a history linked by destiny. The book opens up a panorama of historic perspective and connects us to our roots. Moses Adeola grew up in Nigeria, West Africa and currently lives in Indianapolis, Indiana. Mr. Adeola's motivation for writing *The Struggle for Freedom* is his patriotic commitment to a pro-democracy movement in Nigeria. The Arrival Kristine Landon-Smith, Sita Brahmachari, 2013-05-23 A moment of kindness in a sea of unfamiliarity... A long, hard day at work... A lively party... A nostalgic lullaby... The story begins in Nigeria where the character of Dele plays a last game of football with his friends and says goodbye to his son Chidi, telling him he will send for him. He then embarks on a voyage where he meets strangers along the way carrying their own stories of upheaval, struggle and hope - sharing his dream to make their home in a new city and be joined by their families. Dele's journey melds with the present day. In an inner-city hostel, Dele is an old man being looked after by Tian Mey, his carer. He reflects the past and his journey to where he is now and his story intertwines with the other migrants, both in his memories of the journey and the present-day reality of the hostel. Based on the illustrated novel by Oscar winner Shaun Tan, one man's tale echoes the many 'arrivals' happening around us all the time. This epic migration story unfolds through an extraordinary weaving together of theatre, circus and music. *The Arrival* tells the age-old story of immigration that is universal across peoples of diverse histories, countries and cultures.

Asha Bhosle Raju Bharatan, 2016-08-01 The definitive saga, at once riveting and revelatory – studded with rare nuggets of information and fascinating anecdotes – that sparkingly brings out the life and times of an internationally acclaimed incredibly versatile singer. Asha Bhosle – a Guinness world record holder plus recipient of the Padma Vibhushan and the Dadasaheb Phalke Award – has held one and all spellbound for six decades now. Her voice, both fluid and flexible, has infused neo life into a variety of genres – from the melancholy melody to the rollicking rock-'n'-roll; from the soulful creation to the vibrant disco; from the romantic rhapsody to the rambunctious folk song; from the dainty ghazal to the boisterous qawwali; and from the pathos-filled rendition to the naughty-naughty seductive number. The author – on the strength of his vast and varied exposure and experience

– turns the focus on enthralling behind-the-scenes happenings that shaped the advance of this artiste with a remarkable range and a noteworthy body of work. ‘The world has no time for losers’ has remained Asha’s performing credo. This volume captures Asha Bhosle in her numberless shades. It is about how – in her silken rivalry with elder sister Lata Mangeshkar – she moved with panache from O. P. Nayyar to S. D. Burman to R. D. Burman. It is about how she served a galaxy of composers; about how, in the end, she reached the pinnacle all by herself. Against odds that would have driven any other woman into quitting. No quitter ever, Asha Bhosle, as the supernova supreme, just went on to underline the adage: ‘No power like woman power’. No more can you stay away from this marvel of a musical biography than you can stay away from the matchless musicality of Asha Bhosle. If she is one of a kind, so is this musical masterpiece capturing all the resonances and nuances going with her piquant persona. Here is a long-awaited career study shedding light on the twists and turns marking the starry-eyed world of Hindustani film music.

Lagos Kaye Whiteman, 2013-10-21 Lagos is one of the fastest growing cities in the world, expected in some projections to have a population of 25 million by 2025. This will make it the biggest metropolis in sub-Saharan Africa and possibly the world's third largest city. This phenomenal and continuing growth gives it a heady turbulence, especially as it only took on the form of a coherent urban entity in the eighteenth century. After Nigeria's independence Lagos remained both trading hub and, for thirty years, a federal capital and political vortex. Now its driving sense of 'can-do', its outreach and vitality, make it a fulcrum and a channel for commercial and cultural talent. Kaye Whiteman explores a city that has constantly re-invented itself, from the first settlement on an uninhabited island to the creation of the port in the early years of the twentieth century. Lagos is still defined by its curious network of islands and lagoons, where erosion and reclamation lead to a permanently shifting topography, but history has thrust it into the role of a burgeoning mega-city, overcoming all nature's obstacles. The city's melting-pot has fertilised a unique literary and artistic flowering that is only now beginning to be appreciated by a world that has only seen slums and chaos. COLONIAL CITY: Portuguese influences; the 1861 Treaty of Cession and the British colonialists; architectural traces: schools and government buildings; the move towards independence. CITY OF ENTREPRENEURS: trading through the centuries: Sierra Leoneans and Brazilians; traditional markets and modern malls; the Central Business District. THE CITY OF WORDS AND MUSIC: a counterpoint to the alleged philistinism of its businessmen; the views of writers Wole Soyinka and Chinua Achebe; artist and sculptor Ben Enwonwu; the musical genius Fela Kuti.

Here for the Hearing Michael Buchler, Gregory John Decker, 2023-05-22 This book offers a series of essays that

show the integrated role that musical structure (including harmony, melody, rhythm, meter, form, and musical association) plays in making sense of what transpires onstage in musicals. Written by a group of music analysts who care deeply about musical theater, this collection provides new understanding of how musicals are put together, how composers and lyricists structure words and music to complement one another, and how music helps us understand the human relationships and historical and social contexts. Using a wide range of musical examples, representing the history of musical theater from the 1920s to the present day, the book explores how music interacts with dramatic elements within individual shows and other pieces within and outside of the genre. These essays invite readers to consider issues that are fundamental both to our understanding of musical theater and to the multiple ways we engage with music.

The Complete Book of 1920s Broadway Musicals Dan Dietz, 2019-04-10 During the Twenties, the Great White Way roared with nearly 300 book musicals. Luminaries who wrote for Broadway during this decade included Irving Berlin, George M. Cohan, Rudolf Friml, George Gershwin, Oscar Hammerstein II, Lorenz Hart, Jerome Kern, Cole Porter, Richard Rodgers, Sigmund Romberg, and Vincent Youmans, and the era's stars included Eddie Cantor, Al Jolson, Ruby Keeler, and Marilyn Miller. Light-hearted Cinderella musicals dominated these years with such hits as Kern's long-running Sally, along with romantic operettas that dealt with princes and princesses in disguise. Plots about bootleggers and Prohibition abounded, but there were also serious musicals, including Kern and Hammerstein's masterpiece *Show Boat*. In *The Complete Book of 1920s Broadway Musicals*, Dan Dietz examines in detail every book musical that opened on Broadway during the years 1920-1929. The book discusses the era's major successes as well as its forgotten failures. The hits include *A Connecticut Yankee*; *Hit the Deck!*; *No, No, Nanette*; *Rose-Marie*; *Show Boat*; *The Student Prince*; *The Vagabond King*; and *Whoopee*, as well as ambitious failures, including *Deep River*; *Rainbow*; and Rodgers' daring *Chee-Chee*. Each entry contains the following information: Plot summary Cast members Names of creative personnel, including book writers, lyricists, composers, directors, choreographers, producers, and musical directors Opening and closing dates Number of performances Plot summary Critical commentary Musical numbers and names of the performers who introduced the songs Production data, including information about tryouts Source material Details about London productions Besides separate entries for each production, the book offers numerous appendixes, including ones which cover other shows produced during the decade (revues, plays with music, miscellaneous musical presentations, and a selected list of pre-Broadway closings). Other appendixes include a discography, filmography, a list of published scripts, and a list of black-themed musicals. This book contains a wealth of information and provides a comprehensive view of each show. *The Complete Book of 1920s Broadway Musicals* will be of use to scholars, historians, and casual fans of one of the greatest decades in the history of musical theatre.

Stages of Life Kathryn Hansen, 2013-12-01 The vanished world of India's late-colonial theatre provides the backdrop for the autobiographies in this book. The life-stories of a quartet of early Indian actors and poet-playwrights are here translated into English for the first time. These men were schooled not in the classroom but

in large theatrical companies run by Parsi entrepreneurs. Their memoirs, replete with anecdote and humor, are as significant to the understanding of the nationalist era as the lives of political leaders or social reformers.

Ethnicity, Authority, and Power in Central Asia Robert L. Canfield, Gabriele Rasuly-Paleczek, 2010-10-04 The peoples of Greater Central Asia – not only Inner Asian states of Soviet Union but also those who share similar heritages in adjacent countries like Afghanistan and Pakistan, Iran, and the Chinese province of Xinjiang – have been drawn into more direct and immediate contact since the Soviet collapse. Infrastructural improvements, and the race by the great powers for access to the region's vital natural resources, have allowed these peoples to develop closer ties with each other and the wider world, creating new interdependencies, and fresh opportunities for interaction and the exercise of influence. They are being integrated into a new, wider economic and political region which is increasingly significant in world affairs, owing to its strategically central location, and its complex and uncertain politics. However, most of its inhabitants are pre-eminently concerned with familial and local affairs. This work examines the viewpoints and concerns of a selection of groups in terms of four issues: government repression, ethnic group perspectives, devices of mutual support, and informal grounds of authority and influence. Responding to a need for in-depth studies concerning the social structures and practices in the region, the book examines trends and issues from the point of view of scholars who have lived and worked on the ground and have sought to understand the conditions and concerns of people in rural as well as urban settings. It provides a distinctive and timely perspective on this vital part of the world.

The French Film Musical Phil Powrie, Marie Cadalanu, 2020-09-17 Like many national cinemas, the French cinema has a rich tradition of film musicals beginning with the advent of sound to the present. This is the first book to chart the development of the French film musical. The French film musical is remarkable for its breadth and variety since the 1930s; although it flirts with the Hollywood musical in the 1930s and again in the 1950s, it has very distinctive forms rooted in the traditions of French chanson. Defining it broadly as films attracting audiences principally because of musical performances, often by well-known singers, Phil Powrie and Marie Cadalanu show how the genre absorbs two very different traditions with the advent of sound: European operetta and French chanson inflected by American jazz (1930-1950). As the genre matures, operetta develops into big-budget spectacles with popular tenors, and revue films also showcase major singers in this period (1940-1960). Both sub-genres collapse with the advent of rock n roll, leading to a period of experimentation during the New Wave (1960-1990). The contemporary period since 1995 renews the genre, returning nostalgically both to the genre's origins in the 1930s, and to the musicals of Jacques Demy, but also hybridising with other genres, such as the biopic and the documentary.

The Oxford Handbook of the Global Stage Musical Robert Gordon, Olaf Jubin, 2023-11-14 The stage musical constitutes a major industry not only in the US and the UK, but in many regions of the world. Over the last four decades many countries have developed their own musical theatre industries, not only by importing hit shows from Broadway and London but also by establishing or reviving local traditions of musical theatre. In response to the rapid growth of musical theatre as a global phenomenon, The Oxford Handbook of the Global Stage Musical presents new scholarly approaches to issues arising from these new international markets. The volume examines the stage musical from theoretical and empirical perspectives including concepts of globalization and consumer culture, performance and musicological analysis, historical and cultural studies, media studies, notions of interculturalism and hybridity, gender studies, and international politics. The thirty-three essays investigate major aspects of the global musical, such as the dominance of Western colonialism in its early production and dissemination, racism and sexism--both in representation and in the industry itself--as well as current conflicts between global and local interests in postmodern cultures. Featuring contributors from seventeen countries, the essays offer informed insider perspectives that reflect the diversity of the subject and offer in-depth examinations of specific cultural and economic systems. Together, they conduct penetrating comparative analysis of musical theatre in different contexts as well as a survey of the transcultural spread of musicals.

Folksongs from the Mountains of Iran Erika Friedl, 2017-12-11 In Iran, folksongs are part of folklore and offer an intimate portrait of a vanishing era. They are also 'the voice' of ordinary people, providing a medium to express emotions, opinions and concerns. This book is based on folksongs collected over a 50-year period among the Boir Ahmad tribal people in the Zagros Mountains of West Iran. Erika Friedl has recorded, transcribed and

translated more than 600 lyrics from a Lur community, and her analysis of the folksongs provides an intimate portrait of local people's attitudes, attachments, fears and desires. From songs of love, sex and mourning, to lyrics discussing beauty, infatuation and the community's violent tribal history, Friedl's solid understanding of the cultural background, lifestyle and worldview of these people lets her add ethnographic details that illuminate the deep meaning of the texts. In this way, Friedl goes far beyond a translation of words: she sheds light on a culture where beliefs, critical evaluation of circumstances and philosophical tenets are shown to be integral to each song's message. Based on fieldwork that began in 1965, Erika Friedl's research on the folklore in Boir Ahmad represents the best-documented modern folklore compendium on an Iranian tribe. This new book will be important for future generations of scholars, including ethnographers, Iranists, linguists, ethnomusicologists and those researching Persian literature and cultures of the Middle East.

Activist Documentary Film in Pakistan Rahat Imran, 2016-06-03 This book, the first academic book on Pakistani documentary cinema, traces the development of activist filmmaking practices in Pakistan which have emerged as a response to the consequences of religious fundamentalism, extremism, and violation of human rights. Beginning with the period of General Zia-ul-Haq's Islamization process (1977-88), it discusses a selection of representative documentary films that have critically addressed and documented the various key transformations, events, and developments that have shaped Pakistan's socio-political, socio-economic, and cultural history. Such activist filmmaking practice in Pakistan is today an influential factor in addressing the politics, and negative and oppressive effects of the Islamization era, discriminatory laws, particularly gender-discriminatory Sharia laws, violation of human and citizen rights, authoritarianism, internal strife, the spread of religious fundamentalism, and the threat of Talibanization, and oppressive tribal customs and traditions. The contribution of Pakistani documentary filmmakers stands as a significant body of work that has served the cause of human rights, promoting awareness and social change in Pakistan, particularly regarding gender rights.
