### **Generic Enrichment in Vergil and Horace** S. J.

Harrison,2011-03-31 S. J. Harrison sets out to sketch one answer to a key question in Latin literary history: why did the period c.39-19 BC in Rome produce such a rich range of complex poetical texts, above all in the work of the famous poets Vergil and Horace? Harrison argues that one central aspect of this literary flourishing was the way in which different poetic genres or kinds (pastoral, epic, tragedy, etc.) interacted with each other and that that interaction itself was a prominent literary subject. He explores this issue closely through detailed analysis of passages of the two poets' works between these dates. Harrison opens with an outline of generic theory ancient and modern as a basis for his argument, suggesting how different poetic genres and their partial presence in each other can be detected in the Latin poetry of the first century BC.

### Instigations Ezra Pound,Ernest Fenollosa,2014-12-04

Ezra Pound (1885 - 1972) was an American poet and harsh critic following World War I. Pound was also a key contributor to the Modernist movement. One of Pound's most famous works is *Instigations* which is a series of essays critiquing a variety of writers and books.

### *The Chinese Written Character as a Medium for Poetry*

Ernest Fenollosa,Ezra Pound,Jonathan Stalling,Lucas Klein,2009-08-25 First published in 1919 by Ezra Pound, Ernest Fenollosa's essay on the Chinese written language has become one of the most often quoted statements in the history of American poetics. As edited by Pound, it presents a powerful conception of language that continues to shape our poetic and stylistic preferences: the idea that poems consist primarily of images; the idea that the sentence form with active verb mirrors relations of natural force. But

previous editions of the essay represent Pound's understanding—it is fair to say, his appropriation—of the text. Fenollosa's manuscripts, in the Beinecke Library of Yale University, allow us to see this essay in a different light, as a document of early, sustained cultural interchange between North America and East Asia. Pound's editing of the essay obscured two important features, here restored to view: Fenollosa's encounter with Tendai Buddhism and Buddhist ontology, and his concern with the dimension of sound in Chinese poetry. This book is the definitive critical edition of Fenollosa's important work. After a substantial Introduction, the text as edited by Pound is presented, together with his notes and plates. At the heart of the edition is the first full publication of the essay as Fenollosa wrote it, accompanied by the many diagrams, characters, and notes Fenollosa (and Pound) scrawled on the verso pages. Pound's deletions, insertions, and alterations to Fenollosa's sometimes ornate prose are meticulously captured, enabling readers to follow the quasi-dialogue between Fenollosa and his posthumous editor. Earlier drafts and related talks reveal the development of Fenollosa's ideas about culture, poetry, and translation. Copious multilingual annotation is an important feature of the edition. This masterfully edited book will be an essential resource for scholars and poets and a starting point for a renewed discussion of the multiple sources of American modernist poetry.

**The Curiosities of Ale & Beer** John Bickerdyke, 1886

*Atalanta Fugiens* Michael Maier, 2015-11-25 One of the finest alchemical emblem books and unique in its own right. Michael Maier's work is richly illustrated with original prints by M. Merian; each of the 50 emblems presented consists of a motto, print, epigram, and a three-part musical setting of the epigram, followed by an

exposition of its meaning.

**The Catacombs of Rome and Their Testimony  
Relative to Primitive Christianity** William Henry

Withrow, 1876 The present work, it is hoped, will supply a want long felt in the literature of the Catacombs. That literature, it is true, is very voluminous; but it is for the most part locked up in rare and costly folios in foreign languages, and inaccessible to the general reader. Recent discoveries have refuted some of the theories and corrected many of the statements of previous books in English on this subject; and the present volume is the only one in which the latest results of exploration are fully given, and interpreted from a Protestant point of view. The writer has endeavored to illustrate the subject by frequent pagan sepulchral inscriptions, and by citations from the writings of the Fathers, which often throw much light on the condition of early Christian society. The value of the work is greatly enhanced, it is thought, by the addition of many hundreds of early Christian inscriptions carefully translated, a very large proportion of which have never before appeared in English. Those only who have given some attention to epigraphical studies can conceive the difficulty of this part of the work. The defacements of time, and frequently the original imperfection of the inscriptions and the ignorance of their writers, demand the utmost carefulness to avoid errors of interpretation. The writer has been fortunate in being assisted by the veteran scholarship of the Rev. Dr. McCaul, well known in both Europe and America as one of the highest living authorities in epigraphical science, under whose critical revision most of the translations have passed. Through the enterprise of

the publishers this work is more copiously illustrated, from original and other sources, than any other work on the subject in the language; thus giving more correct and vivid impressions of the unfamiliar scenes and objects delineated than is possible by any mere verbal description. References are given, in the foot-notes, to the principal authorities quoted, but specific acknowledgment should here be made of the author's indebtedness to the Cavaliere De Rossi's *Roma Sotterranea* and *Inscriptiones Christianae*<sup>3/4</sup>, by far the most important works on this fascinating but difficult subject. Believing that the testimony of the Catacombs exhibits, more strikingly than any other evidence, the immense contrast between primitive Christianity and modern Romanism, the author thinks no apology necessary for the somewhat polemical character of portions of this book which illustrate that fact. He trusts that it will be found a contribution of some value to the historical defense of the truth against the corruptions and innovations of Popish error.

Horace and the Gift Economy of Patronage Phebe Lowell Bowditch, 2001-03-02 Using modern literary and anthropological theory, Bowditch investigates the relationship between Roman poets and patrons, based on a detailed study of selected Odes and Epistles which throw light on the dynamic relationship between Horace and his own patron Maecenas.

**Satiric Advice on Women and Marriage** Warren S. Smith, 2010-02-24 Advice on sex and marriage in the literature of antiquity and the middle ages typically stressed the negative: from stereotypes of nagging wives and cheating husbands to nightmarish visions of women empowered through marriage. *Satiric Advice on Women and Marriage* brings together the leading scholars of this fascinating body of literature. Their essays examine a

variety of ancient and early medieval writers' cautionary and often eccentric marital satire beginning with Plautus in the third century B.C.E. through Chaucer (the only non-Latin author studied). The volume demonstrates the continuity in the Latin tradition which taps into the fear of marriage and intimacy shared by ancient ascetics (Lucretius), satirists (Juvenal), comic novelists (Apuleius), and by subsequent Christian writers starting with Tertullian and Jerome, who freely used these ancient sources for their own purposes, including propaganda for recruiting a celibate clergy and the promotion of detachment and asceticism as Christian ideals. Warren S. Smith is Professor of Classical Languages at the University of New Mexico.

Dabei ist der rein methodische Teil so ausführlich und exakt beschrieben, dass der Band hervorragend für Lehre und Studium geeignet ist. Übungsaufgaben mit Lösungen und das attraktive Layout machen das Buch zu einem Muss für jeden Organiker und Spektroskopiker und die, die es werden wollen.

Greek Whisky Tryfon Bampilis, 2013-04-30 In many contexts of Greek social life, Scotch whisky has coincidentally become a symbol of Greekness, national identity, modernity, and the middle class. This ethnographic study follows the social life of Scotch in Greece through three distinct trajectories in time and space in order to investigate how the meanings of the beverage are projected, negotiated, and acquired by

various different networks. By examining the mediascapes of the Greek cultural industry, the Athenian nightlife and entertainment, and the North Aegean drinking habits, the study illustrates how Scotch became associated with modernity, popular music and culture, a lavish style, and an antidomestic masculine mentality.

**Horace: Odes Book II** Horace, 2017-04-20 The first substantial commentary for a generation on this book of Horace's Odes, a great masterpiece of classical Latin literature.

**TransAntiquity** Domitilla Campanile, Filippo Carlà-Uhink, Margherita Facella, 2017-02-03 TransAntiquity explores transgender practices, in particular cross-dressing, and their literary and figurative representations in antiquity. It offers a ground-breaking study of cross-dressing, both the social practice and its conceptualization, and its interaction with normative prescriptions on gender and sexuality in the ancient Mediterranean world. Special attention is paid to the reactions of the societies of the time, the impact transgender practices had on individuals' symbolic and social capital, as well as the reactions of institutionalized power and the juridical systems. The variety of subjects and approaches demonstrates just how complex and widespread transgender dynamics were in antiquity.

**Metamorphoses** Ovid, 2021-01-12 It is the single most important work of poetry in ancient history - M. L. Andres, author of 'A Simple but Effective Strategy for Success' & founder of The Block Bard. Ovid's 15-book epic, written in exquisite Latin hexameter, is a rollercoaster of a read. Beginning with the creation of the world, and ending with Rome in his own lifetime, the Metamorphoses drags the reader through time and space, from beginnings to endings, from life to death, from moments of delicious joy

to episodes of depravity and abjection. The madness and chaos of some 250 stories, spanning around 700 lines of poetry per book, are woven together by the theme of metamorphosis or transformation. The artistic dexterity involved in pulling off this literary feat is testimony to Ovid's skill and ambition as a poet. This accomplishment also goes a long way in explaining the rightful place the *Metamorphoses* holds within the canon of classical literature, placed as it is beside other great epics of Mediterranean antiquity such as the *Iliad*, *Odyssey* and *Aeneid*.

### The Speeches in Vergil's Aeneid Gilbert

Highet, 2015-03-08 In the *Aeneid* men, women, gods, and goddesses are characterized by the speeches assigned to them far more than by descriptions of their appearance or behavior. Most of the speeches are highly emotional and individualized, reminding us of the most powerful utterances of Greek tragedy. Gilbert Highet has analyzed all the speeches in the *Aeneid*, using statistical techniques as well as more traditional methods of scholarship. He has classified the speeches; identified their models in earlier Greek and Latin literature; analyzed their structure; and discussed their importance in the portrayal of character. He finds that Vergil used standard rhetorical devices with discretion, and that his models were poets rather than orators. Nevertheless, this study shows Vergil to have been a master dramatist as well as a great epic poet. Originally published in 1972. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. **Wine, Women, and Song** John Addington Symonds, 2023-07-18 First published in 1884, this groundbreaking study by John Addington Symonds introduced many readers to the poetic traditions of medieval Latin students. Featuring translations of poems on a range of topics, from love and lust to scholarship and bohemian life, as well as an illuminating essay by Symonds on the cultural and historical context of these works, this book remains an essential text for anyone interested in the literature of the Middle Ages. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Davis Cross, Jan Melissen, 2013-11-07 Do the various aspects of Europe's multi-leveled public diplomacy form a coherent overall image, or do they work against each other to some extent? *European Public Diplomacy* pushes the literature on public diplomacy forward through a multifaceted exploration of the European case.

**Traditions Redirecting Contemporary Indonesian Cultural Productions** Jan van der Putten, Edwin P.

Wieringa,2017-08-21 This volume is the result of a conference held in October 2015 in connection with the Frankfurt Book Fair discussing developments that are considered important in contemporary Indonesian cultural productions. The first part of the book reflects on the traumatic experiences of the Indonesian nation caused by a failed coup on October 1, 1965. In more general theoretical terms, this topic connects to the field of memory studies, which, in recent decades, has made an academic comeback. The focus of the chapters in this section is how certain, often distressing, events are represented in narratives in a variety of media that are periodically renewed, changed, rehearsed, repeated, and performed, in order to become or stay part of the collective memory of a certain group of people. The second part of the book explores how forces of globalisation have impacted upon the local and, linguistically surprisingly, rather homogeneous cultural productions of Indonesia. The main strands of inquiry in this second section are topics of global trends in religion, responses to urban development, the impact of popular literary developments, and how traditions are revisited in order to come to terms with international cultural developments.
