Popeye Fred M. Grandinetti,2004-07-29 It's a rare comic character who can make audiences laugh for well over half a century--but then again, it's a pretty rare cartoon hero who can boast of forearms thicker than his waist, who can down a can of spinach in a single gulp, or who generally faces the world with one eye squinted completely shut. When E.C. Segar's gruff but lovable sailor man first tooted his pipe to the public on January 7, 1929, it was not in the animated cartoon format for which he is best known today (and which would become the longest running series in film history). Instead it was on the comics page of the New York Journal, as Segar's Thimble Theatre strip. Over the decades to come, Popeye was to appear on radio, television, stage, and even in a live-action feature film. This comprehensive and lavishly illustrated history is a thoroughly updated and revised edition of the highly acclaimed 1994 work. Animated series and films are examined, noting the different directions each studio took and the changing character designs of the Popeye family. Popeye in other media--comics, books, radio, and a stage play--is thoroughly covered, as are Robert Altman's 1980 live-action film, and Popeye memorabilia.

Shorty's Story Ron Herrett,2012-03-06 This story takes place in south eastern Alberta about nineteen fifteen (1915), along the western edge of the Cypress hills. Shorty Stout, a drifting cowboy arrives at the A-X ranch, (the AXE), and is given a meal and a bunk. The ranch belongs to Xavier Forrest and his wife Angela, hence the name, A-X. Shorty isnt the kind to lie around so the next morning he is out working and fixing. The first thing he does is to fix the windmill which has been making a racket for weeks. Because he is such a handy person with tools and can do almost any work, he is given a job on the ranch. When spring comes he attends a dance in town with the other hands and on the way back to the ranch he meets up with a widow and her son, Dawn and Matt Ryan. He stops to help them cut some firewood and soon he is working for them every weekend. He fixes fences, builds a log bunkhouse, puts running water in the house and many other jobs that have been neglected because there was no one to do them. When the bunkhouse is completed, a dance is held to show how much everyones help has been appreciated. Meanwhile, out on the range, Shorty and his riding partner Gus, find a hidden valley in the hills, filled with Dawn Ryans cattle. The valley is believed to be the floor of an ancient lake which drained out through the dry gully that is the only entrance. The cattle are separated and some are sold, bringing them some sorely needed cash to help keep the ranch going. Shorty, Dawn and Matt do some exploring and discover a small inner valley that is a small corner of paradise. This small valley is so beautiful that anyone entering it find it hard to even speak until they are back in the main valley. Matt discovers there is fish in the lake in the large valley, and he uses some improvised gear to catch a trout and cook it in the fire after coating it with clay. He and the school teacher, Karen Carter, take a group of students on a survival trip to teach them how to survive if they got lost, and to live off the land. Dawn and Shorty eventually realize they were meant for each other; a fact known to Matt and Angela, Dawns older sister, for some time. Dawn asks Shorty to marry her and he agrees, but before getting married, they ride north to Medicine Hat to file for a homestead, taking in the Lost Valley. The day of the wedding arrives and afterwards, a huge reception and dance is held at the schoolhouse just outside town. About midnight, Matt and the school teacher help the newlyweds escape the party and go off by themselves. The weekend after the wedding, the three homesteaders head for Lost Valley, to get an idea of the land surrounding the valley. This valley has the richest soil and the best grass in Alberta and covers an estimated three hundred acres. Normally, a person is allowed to file on one hundred and sixty acres, but this area , being in the hills is described as waste land and they are allowed to file on a half section , or three hundred and twenty acres each. The government will pay to have the land surveyed, so a surveyor is found to do the job for them. When the land is surveyed and registered in their name, they need to find a way to make a wagon road to the valley, as the only way in is the dry watercourse that had drained the former lake in times long past. Many friends arrive to help with this task, which has to be done before building materials can be hauled into the valley. With much work over a long weekend, a road is made to the valley and the first wagon to ever enter the valley rolls over the newly

constructed road. They are now ready to find a site to build a home on the Lost Valley Ranch. Shorty and Dawn spend a night in the Heavenly inner valley and in the morning she tells him he is to be a daddy and that nine months down the road a little girl named Allie will be born, because of one night spent in this enchanted valley.

Cherry Ames, Ski Nurse Mystery Helen Wells, 2009-11 Cherry Ames is back, just as you remember her! The books are just as you remember them, retaining the same look, feel, and sense of adventure and patriotism as when they were first published. With fully illustrated color covers and a soft-finished hardcover format just like the originals, these books will transport you back to the days when you were reading about this spunky young nurse. Series editor and registered nurse Harriet Forman was inspired by, and remains a devoted fan of, Cherry Ames: "...I was going to follow in her footsteps and become a nurse--nothing else would do. "the United States is still fighting World War II. Cherry Ames is still an Army Nurse, this time aloft--as a flight nurse. Cherry is reunited with her corpsman Bunce--the two of them are in sole charge of ferrying severely wounded men out of the battlefield and to the nearest Army hospital. Much to Pilot Wade Cooper's chagrin, he has been taken off bomber duty to fly the wounded to safety--until Cherry makes him see otherwise. Off duty, the nurses "adopt" 6-year-old Muriel Grainger, who has known nothing but war in her short life, and whose mother has been killed by the Germans. Her father is often out on mysterious errands that cause some to label him a "spy." Cherry makes it her risky business to find out if this is truth or rumor.

Me 'n' Shorty Richard Guiney, 2014-11-07 Me 'N' Shorty Leave the present world behind as you step into an extraordinary tale of two seventeen year olds, in this sweeping novel set against a United States that had been plunged into despair by the Great Depression. The year was 1936, young Will Shaine's world had revolved around his beloved parents and the magnificent thoroughbred horses that they'd raised and trained on the family's horse farm. But now the death of his parents had left him alone in the world. He sat in the now quiet solitude of his home; the mantel clock seemed to be ticking away the seconds of his life, when he came to a life changing decision. He would sell the family property and go west to California. Out of respect for the hard work his family had invested in their horse farm, Will was determined not to squander, what would be his only inheritance. He placed the money in a money belt and would take it west. James Lotus Duke II, otherwise known as Shorty, left his family's farm in Tennessee after a final physical confrontation with his alcoholic abusive father. His father told him to get off the property and never come back. Shorty hit the road with 17 years of emotional scars. Would his intelligence and wild sense of humor be enough to overcome his father's voice that haunts his mind and tells him he'll never be any good, and the ultimate dream crushing echo, "I wish you were never born." Timely, as if an unseen force recognizes their needs, Will and Shorty are joined together for their passage across the continent. As they walk, hitch rides and hop trains, reality dictates that they grow up fast. They had no idea of what awaited them on the road. They find themselves exposed to the extremes of enormous wealth and to hobo camps and Hoovervilles, where people are struggling to get enough to eat. They cross paths with many colorful characters; some good, some bad, and some unhinged from reality. The worst of the worst lead them into dark life-threatening suspense, where seventeen year olds should not have to go. As they work their way across America they are also exposed to honest people with dreams of prosperity and goodness. It doesn't take long before Will and Shorty meet and fall in love with two American girls. Their relationships are so intense that they believe they will last forever. But like so many in times past, they feel a responsibility to establish a secure situation for their loved ones. Soon they find themselves back on the road aching with sweet sorrow from being separated from their girls, but with a renewed sense of purpose. The love of a distressed and troubled racehorse will lead them in a direction they did not expect, as pure adventure and life threatening situations continue to challenge them. Is young love strong enough to pull them through?

A Question of Power Bessie Head, 2017-03-06 In this fast-paced, semi-autobiographical novel, Head exposes the complicated life of Elizabeth, whose reality is intermingled with nightmarish dreams and hallucinations. Like the author, Elizabeth was conceived out-of-wedlock; her mother was white and her father black—a union outlawed in apartheid South Africa. Elizabeth eventually leaves with her young son to live in Botswana, a country less oppressed by colonial domination, where she finds stability for herself and her son by working on an experimental farm. As readers grow to know Elizabeth, they experience the inner chaos that threatens her stability, and her constant struggle to emerge from the torment of her dreams. There she is plagued by two men, Sello and Dan, who represent complex notions of politics, sex, religion, individuality, and the blurred line between good and evil. Elizabeth's troubling but amazing roller-coaster ride ends in an unfettered discovery.

Stronger Than Spinach: The Secret Appeal of the Famous Studios Popeye Cartoons Steve R. Bierly, Until now, the Famous Studios Popeye cartoons have never really been given a fair treatment by animation writers and historians. Authors have concentrated on the earliest Popeye cartoons from Fleischer Studios because those films broke new ground in technique and humor, and on the made-for-TV cartoons of the 1960s because many of them are so awful. The Famous Studios cartoons are often just mentioned in passing. But from 1942-1957, Famous Studios, a division of Paramount Pictures, produced Popeye cartoons that have a fan-following to this day. These cartoons were shown on TV during the Baby Boomers' formative years and continue to be shown on cable and satellite channels today. In fact, they are the longest running cartoons in television syndication. Many of the kids through the years who grew up watching the Famous Studios films have found that the films grew up with them because these cartoons were originally made to entertain adult movie-going audiences, before they were sold to TV and broadcast as kiddie fare. So, they contain adult themes, humor that uses verbal and visual double entendres, and mature sensibilities. They also, of course, are full of slapstick and are just plain fun. So, unlike some childhood joys that are left behind, the pleasure of the Famous Studios Popeye cartoons gets even stronger the older one gets. The Secret Appeal of the Famous Studios Popeye Cartoons explores the reasons for that. It sets Famous Studios in historical context and explains why the creators working there made the films they did. Then the changes the creators made to the three main characters - Popeye, Olive Oyl, and Bluto are examined, along with Famous Studios' emphasis on sex and romance, tension and suspense and violence, and moral confusion - it's often hard to know who to root for in the cartoons, Popeye or Bluto! Amid the puns and the slapstick, there was a lot more going on. And it's the more which makes the films endlessly fascinating. Eleven cartoons are explained in depth, and then all the Famous Studios cartoons are scanned to uncover the magic elements they each contain. The The Secret Appeal of the Famous Studios Popeye Cartoons ends by exploring the ways the films could have influenced other cartoons, comic books, and even feature length movies. The Secret Appeal of the Famous Studios Popeye Cartoons is a must read for anyone

who has ever enjoyed Popeye cartoons and/or is interested in the character's history. And, perhaps even more importantly, it's a lot of fun, too!

Down the Rabbit Hole Toni Stearns,

Crimwife Tanya Levin,2012-09-26 “It’s so sad,” she told me, “because you could have been something. You could have gotten to the top. You’re smart enough. But now you’re going to end up as just another dirty, scummy, rotten crimwife.” How far would you go for love? Some women commit crimes to help their lovers, while others spend years on the run. Tanya Levin gave up her career as a prison social worker to pursue romance with an inmate. From her first day over on the visitors’ side of the fence, she became a crimwife. Some women make the leap in the chaos of their loved one’s arrest; others, like Levin, choose a relationship knowing the stakes. Crimwife is a glimpse inside a secret and brutal world, where convicted men live by unwritten codes and expect their women to do the same. In her five years as a crimwife, Levin met women of all ages and backgrounds who lived behind invisible bars, stuck in the house awaiting daily six-minute phone calls. She became curious about their different paths. How did they fall for a bad boy? How did they cope with their partner locked up? What made them stay – or finally walk away? In *Crimwife*, she tells their stories, and her own, with the honesty, black humour and insight that can only come from experience. Longlisted, 2013 Davitt Awards. ‘Crimwife by Tanya Levin is an intelligently candid, hair-raising personal account of loving a jailed criminal. The feminine abjectness Levin analyses, in her own experience and that of women she interviews, is more recognisable than one can comfortably admit.’ –Helen Garner ‘In this rueful, edgy and clear-eyed tale, being a crimwife is not a matter of choice. It’s a twist of fate.’ –The Age ‘Riveting’ –Noosa Today

Manoi Lee Randall,2009 Manol is an incredible journey of a young man in the late sixties who struggles with the inevitable fact that he has to go to Vietnam. His wild ride after graduation from high school and his tour in the Army is a part of history that the government would like to forget. Vietnam was not all guns and jungles, the other side of the war was just as dangerous. Drugs and race relations in the rear echelons made survival difficult. A soldier had to find a way to cope with the 365 day tour; and Manoi a puppy; was one soldier's answer. A trusting companion and friend he couldn't leave behind.
