**Storm** Kim Hargreaves,Kathleen Hargreaves,Graham Watts (Photographer),2013 Kim Hargreaves needs little introduction to seasoned knitters. Her flair for femininity and elegance has earned her worldwide fame as a knitwear designer. Rowan Yarns gave Kim her first job and fostered her career as a designer. Their prestigious bi-annual magazines, with exquisite photography, were a showcase for her talents for more than a decade. In this book, they have chosen to revisit 25 of her truly great designs in their favorite classic yarns: wools, mohairs and cottons, so there is something to knit all year round. How to Make Blouse Patterns That Fit Perfectly Sarah J. Doyle,2018-12-13 Buying or making clothes can be very stressful and difficult. Sometimes there is literally NO standard size that fits properly. The clothes end up too big here, too small there, darts too high or too low, shoulders just don't fit right, and so on. Pattern making is the answer to the problem! Why make patterns? The answer is very simple - you will be using your own measurements or the measurements of the person you are wanting to sew for, therefore all the garments you make will fit those particular measurements.This book begins by covering the basics of pattern making - how to take the measurements, then using those measurements to make the original bodice pieces, how to make collars, sleeves and various necklines you can use to make an entire wardrobe of blouses and shirts. We will give you a wide variety of blouse styles; however once you learn and practice the basics, you will be able to draw patterns that you see in pattern books, clothing in department stores or an

item of clothing that you want to design for yourself.

*Why We Can't Have Nice Things* Minh-Ha T. Pham,2022-08-08 In 2016, social media users in Thailand called out the Paris-based luxury fashion house Balenciaga for copying the popular Thai “rainbow bag,” using Balenciaga’s hashtags to circulate memes revealing the source of the bags’ design. In *Why We Can't Have Nice Things* Minh-Ha T. Pham examines the way social media users monitor the fashion market for the appearance of knockoff fashion, design theft, and plagiarism. Tracing the history of fashion antipiracy efforts back to the 1930s, she foregrounds the work of policing that has been tacitly outsourced to social media. Despite the social media concern for ethical fashion and consumption and the good intentions behind design policing, Pham shows that it has ironically deepened forms of social and market inequality, as it relies on and reinforces racist and colonial norms and ideas about what constitutes copying and what counts as creativity. These struggles over ethical fashion and intellectual property, Pham demonstrates, constitute deeper struggles over the colonial legacies of cultural property in digital and global economies.
