How to Make Blouse Patterns That Fit Perfectly

Sarah J. Doyle, 2018-12-13 Buying or making clothes can be very stressful and difficult. Sometimes there is literally NO standard size that fits properly. The clothes end up too big here, too small there, darts too high or too low, shoulders just don't fit right, and so on. Pattern making is the answer to the problem! Why make patterns? The answer is very simple - you will be using your own measurements or the measurements of the person you are wanting to sew for, therefore all the garments you make will fit those particular measurements. This book begins by covering the basics of pattern making - how to take the measurements, then using those measurements to make the original bodice pieces, how to make collars, sleeves and various necklines you can use to make an entire wardrobe of blouses and shirts. We will give you a wide variety of blouse styles; however once you learn and practice the basics, you will be able to draw patterns that you see in pattern books, clothing in department stores or an

item of clothing that you want to design for yourself.

Altering Your Blouse Pattern Marjorie S. Lusk,1957

Fun & Fabulous Tops to Sew Valerie Van Arsdale Shrader,2006 It takes a fabulous top to top off an outfit perfectly--and these smart and trendy choices are right at the height of fashion. Plus, they're simple to sew, with each project building on the one before so novices can progressively develop their skills-including seaming, adding darts, setting in sleeves, and inserting a neckline flounce or collar. Newcomers, or those who feel a little rusty, can begin with the mock-wrap blouse or an extremely easy-to-make pullover tank with topstitching. Ponchos remain cool as ever, and the lightweight version here showcases wonderfully interesting fabric. A jacket with contemporary cropped sleeves goes smoothly from a day at work to an evening out.

Any Dream Will Do Debbie Macomber,2017 Shay Benson adored her younger brother Caden, and that got her into trouble. When he owed money, Shay realized she would do anything to help him avoid the men who were threatening him, and she crossed lines she never should have crossed. Now, determined to start fresh, she finds herself in search of a place to stay and wanders into a church to escape from the cold. Pastor Drew Douglas adored his wife. But when he lost her, it was all he could do to focus on his two beautiful

kids, and his flock came in a distant third. Now, as he too is thinking about a fresh start, he walks through his sanctuary and finds Shay sitting in a pew--

A Preeti (Mishra) Jaiman, 2017-10-25 Some betrayals are nectar, not poison 11-year-old Prisha didn't know what to mourn for; her father's sudden death or his 'betrayal' that forced the helpless family to move to a remote township. Life takes further twists and turns when, during her final year of college, she meets a freshman girl who closely resembles her in appearance, which makes Prisha believe that her father did have a secret family before his death. This angers Prisha, and she harbours extreme hatred for her 'dead' father. As years pass by, Prisha encounters a peculiar twist of fate just a few days before her wedding, and everything she holds on to and considers going well in her life goes kaput. She meets someone who reveals a spine-chilling truth about her father that fills her with guilt. What exactly is the dark secret that her late father had hidden from her? The book has been appreciated worldwide and is accepted in Genesee District Library, Michigan, USA.
