**Southern Storm** Samme Chittum, 2018-04-03 The gripping true tale of a devastating plane crash, the investigation into its causes, and the race to prevent similar disasters in the future. On the afternoon of April 4, 1977, Georgia housewife Sadie Burkhalter Hurst looked out her front door to see a frantic stranger running toward her, his clothes ablaze, and behind him the mangled fuselage of a passenger plane that had just crashed in her yard. The plane, a Southern Airways DC-9-31, had been carrying eighty-one passengers and four crew members en route to Atlanta when it entered a massive thunderstorm cell that turned into a dangerous cocktail of rain, hail, and lightning. Forced down onto a highway, the plane cut a swath of devastation through the small town of New Hope, breaking apart and killing bystanders on the ground before coming to rest in Hurst's front yard. Ultimately, only twenty-two people would survive the crash of Flight 242, and urgent questions immediately arose. What caused the pilots to fly into the storm instead of away from it? Could the crash have been prevented? *Southern Storm* addresses these issues and many more, offering a fascinating insider's look at this dramatic disaster and the systemic overhauls that followed it.

**Imagine a City** Mark Vanhoenacker,2022-07-05 This love letter to the cities of the world—from the

airline pilot—author of *Skyfaring*—is a journey around both the author's mind and the planet's great cities that leaves us energized, open to new experiences and ready to return more hopefully to our lives (Alain de Botton, author of *The Art of Travel*). In his small New England hometown, Mark Vanhoenacker spent his childhood dreaming of elsewhere— of the distant, real cities he found on the illuminated globe in his bedroom, and of one perfect metropolis that existed only in his imagination. These cities were the sources of endless comfort and escape, and of a lasting fascination. Streets unspooled, towers shone, and anonymous crowds bustled in the places where Mark hoped he could someday be anyone—perhaps even himself. Now, as a commercial airline pilot, Mark has spent nearly two decades crossing the skies of our planet and touching down in dozens of the storied cities he imagined as a child. He experiences these destinations during brief stays that he repeats month after month and year after year, giving him an unconventional and uniquely vivid perspective on the places that form our urban world. In this intimate yet expansive work that weaves travelogue with memoir, Mark celebrates the cities he has come to know and to love, through the lens of the hometown his heart has never quite left. As he explores emblematic facets of each city's identity— the road signs of Los Angeles, the old gates of Jeddah, the snowy streets of Sapporo—he shows us with warmth and fresh eyes the extraordinary places that billions of us call home.

*Eden Falls* Joe Shrader, 2011-10-12 They wiped his

memories and instincts as a child. They trained him to be an elite assassin. They were sure he would never remember. They were wrong... Memories and emotions do not make for an efficient killer. They cloud judgment. They make you hesitate. They make you feel. And up to this point, Cain has been one of the most efficient killers in the world. He is one of four engineered assassins who were stripped of their instincts and memories at a young age and trained to become the deadliest killers the world has ever known. Only when Cain, the most skilled of the four, regains his memories he vows to awaken the other assassins and extract revenge on those responsible. The path to vengeance is a long one that spans countries filled with dangerous enemies and powerful allies. Uniquely divided into two halves, Eden Falls first retells Cain's memories written as a memoir in an attempt to never lose his memories again. The second chronicles the assassin's quest for vengeance. Will he succeed, or be crushed by those who stand against him?

**Stormchasers: The Hurricane Hunters and Their Fateful Flight Into Hurricane Janet** David

Toomey, 2003-06-17 Drawing from original navy documents and interviews with members of the squadron and relatives of the crew, Stormchasers reconstructs the ill-fated hurricane tracking mission of Lt. Commander Grover Windham and his 8-man crew, from preflight checks to the chilling moment of their final transmission.

**Complimentary Tales** David T. Straw, 2017-10-23 Dane Carmichael could not be happier. He has just married the love of his life and is now on the

honeymoon of his dreams in the Maldives. On Danes wrist is an Omega watch, gifted to him by a pilot when he was just a boy. He only wears it when he flies, and it helps him feel safe. When he finds a strangely familiar deck of playing cards in his hotel room drawer with a code written on one of the cards, Dane has no idea just how far that deck of cards has come. As the past interweaves with the present, a story soon emerges behind a deck of playing cards given by a kindly fellow passenger to a lonely eleven-year-old boy flying to visit his family. While the cards bind characters and their unique stories, they come to life as suits are dealt on different continents, shuffled for different games, and held during worthy conversations. As the cards travel all over the world, life comes full circle as their amazing power binds strangers forever. Complimentary Tales shares the fascinating tale behind an old deck of playing cards as it is passed around the world and affects the lives of all who play a hand.

*The Water Fall* John S. Goscinski, 2015-01-15 John  
Benumeane, a budding solar engineer who's just  
moved to Southern California, learns the hard way  
how cruel and unrelenting Mother Nature can be.  
It's the winter of 2004; an El Niño is back with a  
vengeance. A horrific weather-related accident--a

eucalyptus tree--lands John in the hospital, where  
he'll spend the next two years in a coma, locked  
in a struggle between life and death. He awakens

Although he suffers no physical impairment from  
the terrible accident, he finds he has a  
supernatural power that slowly takes control of  
his life. His own impetuous behavior is rivaled  
only by that of his wife--who in her own bid to  
survive the lonely years without him, has

The challenge for the two young lovers is to find  
common ground that will lead them back to the life  
they once knew. But that ground is elusive and  
unstable, prompting John's wife to turn to John's  
old college friend for help--and when she does,  
the plot thickens. By then a drought has gripped  
the Lower Forty-Eight and the real estate market  
is hyperventilating from reckless malfeasance,

with John's wife in the center of it all. The people she works for want to own John and the very special gift he's come to possess, but she has other ideas. Her story-within-a-story has twists and turns that will keep you guessing till the very end.
