The Bow Jay Tripp,2018-09-06 A hate-driven homicide on the Harvey State University campus in Maryland sparks a rage of action by a group of students led by Brandon and Tyler, two journalism students who then turn their incitement into a documentary called The Bow After the Storm. Their desire to shine a light on the devastating experiences LGBTQ youth must face in their coming of age causes them to discover some untold truths of their own. Brandon, who was put out by his parents when he was 17 and headed for college, goes on a journey with his straight best friend, Tyler, whom he secretly loves. What they discover during the journey will change them both. Their documentary takes them through the homophobic Bible belt states of the Southern United States where they encounter numerous LGBTQ young adults whose experience with hate crimes press upon them in such a way that they are forced to deal with their own truths. Will Brandon be too consumed with his love for Tyler and will Tyler be able to stand it. The bow that comes after a rainstorm symbolizes the color that LGBTQ receive after being closeted in a storm of bullying and rejection. The Bow packs an impactful and heart-tugging punch that leaves you feeling the pain and struggle that LGBTQ youth face when coming to terms with their sexual and spiritual identities.

Storm Watch Patricia Bow,2015-06-21 Loyalty to a friend brings Cally Macdonald to green, idyllic Stone Face Island. But instead of sun and serenity she finds a bitter family conflict rooted in tragedy, and a history of murder going back centuries. Despite her faith in her friend Sheila, and affection for Noel, Sheila's twin, Cally is drawn to the grim, silent adopted brother, Matthew, even though the twins seem to fear and hate him. Muddying the clear northern waters, Cally's charming ex-fiancé, Aubrey, has been hired as piano coach for Ginevra, a girl crippled by a fall from the island cliff. And the memories of Ginevra's dead mother, and Matt's vanished former girlfriend, still haunt the island. As the atmosphere of jealousy and suspicion thickens, so do the heat, drought, and threat of fire. Violent incidents: a prowler in the woods, a sabotaged canoe, a vandalized cottage, hint at approaching disaster. When the storm breaks, Cally will need all her courage and wits just to stay alive, and to save the lives of those she loves.

*Freshwater Fury* Frank Barcus,1986 Up and down the Great Lakes, wherever captains and seamen met, one of the chief topics of conversation is still the Great Storm-the worst disaster in Great Lakes history. By men of the Lakes, November 9, 1913 will always be remembered as Black Sunday, for it brought death to hundreds of their companions and destruction to scores of ships of the Lakes fleet. Each man who survived the Storm has a fascinating story to tell. Freshwater Fury is the first comprehensive history of the Great Storm. Author Frank Barcus, who has met and talked with many survivors during his trips on Lakes freighters over the past twenty years, presents here their vivid eye-witness accounts. The many drawings, maps, and diagrams executed by the author add pictorial interest to the story of this dramatic struggle between men and the elements.

*Coming of the Storm* W. Michael Gear,Kathleen O'Neal Gear,2010-01-16 Discover the first in the epic trilogy by New York Times bestselling authors W. Michael Gear and Kathleen O'Neal Gear (Sun Born, Morning River), which vividly recounts the devastating clash of cultures that occurs when Native Americans and Europeans make first contact. The pale, bearded newcomers who call themselves “Kristianos” fascinate Black Shell, an exiled Chickasaw trader, and not even the counsel of Pearl Hand, the beautiful, extraordinary woman who has consented to be his mate, can dissuade him from interacting with them. Only after a firsthand lesson in Kristiano brutality does Black Shell fully comprehend the dangers these invaders pose to his people’s way of life. While his first instinct is to run far from the then, Black Shell has been called to a greater destiny by the Spirit Being known as Horned Serpent. With Pearl Hand by his side, Black Shell must find a way to unite the disparate tribes and settlements of his native land and overcome the merciless armies of the man called Hernando de Soto. Using archeological data, ethnographic records, and historical journals, the authors bring to vivid life the beliefs, technologies, and daily experiences of lost American civilizations.

*Severe Convective Storms and Tornadoes* Howard B. Bluestein,2013-06-03 This book is a focused, comprehensive reference on recent research on severe convective storms and tornadoes. It will contain many illustrations of severe storm phenomena from mobile Doppler radars, operational Doppler radars, photographs and numerical simulations.

How to Cope with Storms Dietrich von Haeften,1997 To cope with extreme weather conditions sailors need to know to be able to recognize well in advance the approach of a deep low pressure system, to prepare for safe navigation during the passage of a storm, and then be able to handle the boat safely while the storm rages. This book, packed with practical advice and information, will help readers cope with all these aspects.

**November's Fury** Michael Schumacher,2013-11-01 On Thursday, November 6, the Detroit News forecasted “moderate to brisk” winds for the Great Lakes. On Friday, the Port Huron Times-Herald predicted a “moderately severe” storm. Hourly the warnings became more and more dire. Weather forecasting was in its infancy, however, and radio communication was not much better; by the time it became clear that a freshwater hurricane of epic proportions was developing, the storm was well on its way to

becoming the deadliest in Great Lakes maritime history. The ultimate story of man versus nature, November's Fury recounts the dramatic events that unfolded over those four days in 1913, as captains eager—or at times forced—to finish the season tried to outrun the massive storm that sank, stranded, or demolished dozens of boats and claimed the lives of more than 250 sailors. This is an account of incredible seamanship under impossible conditions, of inexplicable blunders, heroic rescue efforts, and the sad aftermath of recovering bodies washed ashore and paying tribute to those lost at sea. It is a tragedy made all the more real by the voices of men—now long deceased—who sailed through and survived the storm, and by a remarkable array of photographs documenting the phenomenal damage this not-so-perfect storm wreaked. The consummate storyteller of Great Lakes lore, Michael Schumacher at long last brings this violent storm to terrifying life, from its first stirrings through its slow-mounting destructive fury to its profound aftereffects, many still felt to this day.

Fatal Forecast Michael J. Tougias, 2009-06-09 Chronicles the dramatic true account of the crews of the fishing vessels Fair Wind and Sea Fever, who in 1980 were caught by a deadly Cape Cod storm that resulted in a tenacious three-day struggle for survival. Reprint.

Voyage of the Storm Bart Davis, 2013-09-17 A vintage attack sub rises from the grave to torpedo a deadly terrorist plot! Admiral Peter MacKenzie has stood at the helm of the most advanced submarines in the world -- the U.S. Navy's nuclear-powered lords of the sea. Now, when Hawaii and America's Pacific coast are at risk, he has but one vessel under his command: the H.M.S. Storm, a World War II sub salvaged from the bottom of the sea. The Joint Chiefs of Staff in Washington have assigned Admiral MacKenzie to oversee the transfer of a shipment of plutonium from Russia to Japan. But fanatic Japanese terrorists have hijacked the deadly cargo in mid-ocean. Isolated on a South Seas island, MacKenzie and a small band of survivors are determined to raise the Storm and sink the terrorists before they unleash a ring of deadly fire. Success could come at a terrible price: The terrorists have taken hostages, among them Peter MacKenzie's CIA agent wife, bearing their unborn child. The Storm is underway -- and it's a voyage into hell.
