The Braided Dream Randolph Paul Runyon,2014-07-15 Robert Penn Warren's reputation as a poet, though always considerable, has soared in the last decade, as indicated by his recent selection as America's first poet laureate. The Braided Dream is one of the first book-length studies of the poetry that has led to Warren's recent rise to eminence and the first to consider his final collection, Altitudes and Extensions. In a communicable, jargon-free style that will appeal to the nonacademic reader as well as the serious scholar, Randolph Paul Runyon provides a detailed and illuminating guide to a body of poetry that, despite its greatness, has until now seemed resistant to full understanding. Every poem of Warren's last four sequences -- Now and Then, Being Here, Rumor Verified, and Altitudes and Extensions -- is given a close reading, with a precise laying-out of words, phrases, and recurring images that not only enrich the texture of the poetry but are themselves the texture. Runyon demonstrates the relevance of Freud's concept of the dream work of the unconscious to a reading of this tightly interwoven poetry. He shows how Warren's poems assume additional meanings by the poet's very arrangement of them, deepening his thesis by arguing that poems eat poems as each reuses and reconceptualizes the imagery of its predecessor, frequently with ironic or parodic effect.

Accessible science, illuminating illustrations, and stunning photography bring the meteorological world to life. From basics such as weather fronts and types of precipitation to more unusual occurrences like polar vortexes, meteor showers, solar eclipses, and the spectacular mammatus clouds that signify a supercell thunderstorm, Mersereau tracks key phenomena across the seasons and demystifies celestial events visible to the naked eye but still enigmatic to most. He also delves into how climate change affects weather, forecasts, and other events, such as devastating wildfires and historic hurricanes churning across the Atlantic Ocean. The Skies Above provides readers with a deeper understanding of the processes and events that fill our skies, which not only soothes the anxiety produced by raucous storms, but instills a stronger and more meaningful appreciation of the beauty of days both stormy and calm.

Her daughter is trapped somewhere in New Orleans right before Hurricane Katrina strikes. Her increasingly estranged husband may be on the verge of losing yet another job. To top it all off, her cheating former fiancé is claiming to have evidence that his wife and Brenda’s husband are having an affair. But nothing matters more than finding and rescuing her daughter. Brenda insists that a rescue mission can be made before the storm hits. Her husband isn’t so keen on the idea – he’s heard that the city may flood, making the rescue even harder. So, when her former fiancé offers his boat and his help, Brenda reluctantly accepts, knowing full well that her husband and Ex cannot get along. Her worries prove correct; while racing the raging storm, she uncovers a fiendish plot to murder her well insured husband – who happens to harbor secrets of his own. The Storm Defoe D., On the evening of 26th November 1703, a cyclone from the north Atlantic hammered into southern Britain at over seventy miles an hour, claiming the lives of over 8,000 people. But it also furnished him with the material for his first book, and in his powerful depiction of private suffering and individual survival played out against a backdrop of public calamity.

BRAIDED IN FIRE SOLACE WALES,2020-06-30 BRAIDED IN FIRE is the stirring author’s search to understand the drama that unfolded between the Italian peasants and African-American infantrymen of the 366th Infantry Regiment whose lives were lost, or changed irrevocably by a village battle in Tuscany during the Battle of Garfagnana. Cultures and relationships are intertwined to become BRAIDED IN FIRE in Sommocolonia, a medieval Tuscan village in the Apennines directly on the highly fortified Third Reich’s ‘Gothic Line’ stretching across northern Italy. Only at Sommocolonia did attacking German troops break through that formidable line, with dire consequences to the inhabitants and their defenders, a handful of black GIs, who were outnumbered three to one by the Axis troops. In the desperate fight, Lt. John Fox sacrificed himself with supreme heroism. (He was posthumously awarded the Medal of Honor 52 years later.) Although the military action, (and tragic inaction of certain senior white officers), is described in detail, BRAIDED IN FIRE is not just military history, but tells of the human toll of war: the drama, the folly, the heartache – all present in grand measure for two peoples marginalized over the years for reasons of race and economic circumstances. BRAIDED IN FIRE is a celebration of human dignity in desperate circumstances. This book is painted in a narrative befitting the beauty and rich hues of the Tuscan hills and its people, juxtaposed by the toils of a segregated America in black versus white, even while in Army green. Together these two worlds are BRAIDED IN FIRE with all of the passion, heartbreak, and violence of war, ultimately providing the reader with a redemptive peace, and cultural harmony. Praise for BRAIDED IN FIRE Braided in Fire tells the story of Lieutenant John Fox, a forward artillery observer and posthumous Medal of Honor recipient, who directed friendly artillery fire on his own position as German troops overran Sommocolonia, Italy, on December 26, 1944. Fox’s selfless sacrifice went unrecognized by the U.S. government for half a century simply because he was black. Solace Wales has invested decades in researching this instance of forgotten valor, producing a rich tapestry that interweaves the experiences of the black GIs and Italian villagers caught in the hellish maelstrom that engulfed Sommocolonia the day John Fox died. The result is a moving meditation on the cost of war and a tribute to the African Americans who fought for a country that treated them like second-class citizens. ~ Gregory J.W. Urwin, Professor of History, Temple University, author of Facing Fearful Odds: The Siege of Wake Island Braided with Fire vividly recounts the intertwined histories of the small Italian town of Sommocolonia and the black

366th Infantry Regiment, which intersected during the German Winter Storm Offensive in December 1944. At the center of Solace Wales’ story are the brave Biondi family and forward artillery observer Lieutenant John Fox, who won the Medal of Honor for his heroism in Sommocolonia. Thoroughly researched and dramatically retold, Braided with Fire adds a valuable new page to our understanding of the Second World War. ~ Ian Ona Johnson, P.J. Moran Assistant Professor of Military History, the University of Notre Dame Solace Wales contributes a remarkable, unique account which is not available anywhere else. . . Because of her gracious literary style, she vividly captures the ways in which the African American soldiers and the Italians of Sommocolonia’s lives became intertwined. The book breaks new ground. ~ Carolyn Ross Johnston, author of My Father's War: Fighting with the Buffalo Soldiers in World War II

Storm Surge Ramsey Coutta,2016-01-18 A parish minister is callously murdered by corrupt local authorities. A generation later, his son finds himself unexpectedly caught up in the murderous paranoia of one of his father's killers. Daniel Trahan and his friend Rachel Breland, race against time to avoid the evil designs of the killer, as a deadly hurricane bears down on their southern Louisiana parish. Murder in the Marsh is a fast paced story of murder and it’s cover-up, as well as a realistic account of the terrible destruction wrought by Hurricane Katrina on a small, coastal Louisiana town.

Sudden Storms Marcia Lynn McClure,2011 Rivers Brighton was a wanderer-having nothing and belonging to no one. Still, by chance, Rivers found herself harboring for a time beneath the roof of the kind-hearted Jolee Gray and her remarkably attractive yet ever-grumbling brother, Paxton. Jolee had taken Rivers in, and Rivers had stayed. Helplessly drawn to Paxton's alluring presence and unable to escape his astonishing hold over her, however, Rivers knew she was in danger of enduring great heartbreak and pain. Paxton appeared to find Rivers no more interesting than a brief cloudburst. Yet the man's spirit seemed to tether some great and devastating storm—a powerful tempest bridled within, waiting for the moment when it could rage full and free, perhaps destroying everything and everyone in its wake—particularly Rivers. Could Rivers capture Paxton's attention long enough to make his heart her own? Or would the storm brewing within him destroy her hopes and dreams of belonging to the only man she had ever loved?
