Lockhart, 2016-10-28 Wild beauty captures the struggle within each of us to find meaning, to share our stories, to set ourselves free from the constraints of ourselves and our culture. These are poems of hope and despair, of victims and survival, and of joy in the recognition of the wild beauty that we each offer the world when we make peace with our demons.

We Hold Our Breath: A Journey to Texas Between Storms Micah Fields, 2023-06-20 Houston's story has always been one of war waged relentlessly against water. "Houston spread like a glass of milk spilled on the wobbling table of Texan plains," Micah Fields writes in this unique and poetic blend of reportage, history, and memoir. Developed as the commercial hub of the Texas cotton and sugarcane industries, Houston was designed for profit, not stability. Its first residents razed swamplands into submission to construct a maze of highways and suburbs, giving the city a sprawling, centerless energy where feral cats, alligators, and poisonous snakes flourished in the bayous as storms and floods rattled coastal Texas. When Hurricane Harvey made landfall in 2017, Fields set off from his home in Iowa back to the battered city of his childhood to rescue his mother who was hell-bent on staying no matter how many feet of rain surged in from the Gulf. Along the way, he traded a Jeep for a small boat and floated among the storm's detritus in search of solid ground. With precision and eloquence, Fields tracks the devastation of Hurricane Harvey, one storm in a long lineage that threatens the fourth largest city in America. Fields depicts the history of Houston with reverence and lyrical certainty, investigating the conflicting facets of Texan identity that are as resilient as they are catastrophic, steeped in racial subjugation, environmental collapse, and capitalist greed. He writes of the development of the modern city in the wake of the destruction of Galveston in 1900; of the wealthy Menil family and self-taught abstract painter Forrest Bess, a queer artist and fisherman born in 1911 who hardly ever left the Gulf Coast; of the oil booms and busts that shaped the city; of the unchecked lust for growth that makes Houston so expressive of the American dream. *We Hold Our Breath* is a portrait of a city that exists despite it all, a city whose story has always been one of war waged relentlessly against water.

The Dragon's Breath Robert A. Dawes (Jr.), 1996 Dawes (whose command of the Warrington ended just 14 days before it sank) strikes a balance between: tribute to the men who lost their lives when the ship went down in a hurricane off the coast of Florida, and a grim dissection of the mistakes which led to the tragedy. The author argues that negligence in heeding weather warnings, poor maintenance, and the inexperience of the commanders all contributed to the sinking. He also questions the treatment received by the survivors by the Court of Inquiry, and its failure to recognize their heroism. The appendices include meteorological notes, action reports, and survivor listings. Annotation copyright by Book News, Inc., Portland, OR

Category 5 Ernest Zebrowski, Judith A. Howard, 2007-05-08 The epic story of the real victims of a perfect storm—overwhelmingly the poor—left behind in the aftermath of a deadly hurricane "A riveting new book." —Tallahassee Democrat "Not simply an historical account of a storm thirty-seven years ago but a living, breathing entity brimming with the modern-day reality that, yes, it can happen again." —American Meteorological Society Bulletin Fascinating, easy-to-read, yet informative." —Richmond Times-Dispatch "Almost like sitting in front of the television watching the events unfold. A page-turner from the very first page." —Ruston Morning Paper "There is much we can all learn from this relevant and highly

engaging chronicle.” — Biloxi Sun Herald “A must-read for anyone who wants to take an emotional stroll through the rubble of these Gulf Coast fishing communities and learn what happened.” —Apalachicola Times “Should be required reading for anyone living in the path of these terrible storms.” —Moondance.org As the unsettled social and political weather of summer 1969 played itself out amid the heat of antiwar marches and the battle for civil rights, three regions of the rural South were devastated by the horrifying force of Category 5 Hurricane Camille. Camille’s nearly 200 mile per hour winds and 28-foot storm surge swept away thousands of homes and businesses along the Gulf Coast of Louisiana and Mississippi. Twenty-four oceangoing ships sank or were beached; six offshore drilling platforms collapsed; 198 people drowned. Two days later, Camille dropped 108 billion tons of moisture drawn from the Gulf onto the rural communities of Nelson County, Virginia—nearly three feet of rain in 24 hours. Mountainsides were washed away; quiet brooks became raging torrents; homes and whole communities were simply washed off the face of the earth. In this gripping account, Ernest Zebrowski and Judith Howard tell the heroic story of America’s forgotten rural underclass coping with immense adversity and inconceivable tragedy. Category 5 shows, through the riveting stories of Camille’s victims and survivors, the disproportionate impact of natural disasters on the nation’s poorest communities. It is, ultimately, a story of the lessons learned—and, in some cases, tragically unlearned—from that storm: hard lessons that were driven home once again in the awful wake of Hurricane Katrina. Ernest Zebrowski is founder of the doctoral program in science and math education at Southern University, a historically black university in Baton Rouge, Louisiana, and Professor of Physics at Pennsylvania State University’s Pennsylvania College of Technology. His previous books include *Perils of a Restless Planet: Scientific Perspectives on Natural Disasters*. Judith Howard earned her Ph.D. in clinical social work from UCLA, and writes a regular political column for the Ruston, Louisiana, Morning Paper.

Fighting the Storm Kari Kilgore, 2019-06-22 The Storm Breaks Alex Collins and Etan Griffith thought love, hard work, and magic protected them

from the end of the world. Until heartbreak struck much closer to home. Picking up the pieces brings new friends and new challenges. Threats unseen and unexpected. Will the power of family bring them all through, together? An excerpt from *Fighting the Storm*: Etan didn't have to look at Alex to know he was biting his tongue, dying to say something. He could feel how tense Alex's leg was against his own, could just about hear his agitation. "What are you wanting to say, Alex?" "I don't want to be an asshole, but if we have to set you up as a prophet, that's what we need to do. I hated what happened in Maple Ridge and everywhere else. But we can't have gone through so much hell to get here and let everything fall apart again. If people will follow the Great Prophet Etan and that lets us survive, then that's who you need to be." Etan did groan then, closing his eyes for a second. Not only because this was what he'd been afraid of. Because the words and the ideas sounded true. They felt true, no matter how much he might dislike them. "I don't know if I can agree to that, not right now. I have no idea how to do any of this, much less create a new religion. I'm scared to death of making a hard situation worse."

When Anxiety Strikes Jason B. Hobbs, Dena Douglas Hobbs, 2020-09-29 Manage or prevent anxiety using faith-based methods "Fear not." "Do not be afraid." "Peace be with you." Phrases like these appear in the Bible more often than almost any other proclamation. We long to follow these commands. Yet for many, something inside us is wary, ready for anything and everything to go wrong. In fact, a quarter of Americans struggle with anxiety disorders--and Christians are not immune. Jason and Dena Hobbs are familiar with this struggle, professionally and personally--Jason as a clinician, Dena as someone with anxiety, and both as pastors of congregations full of anxious people. They also know the shame and confusion that so often accompany these disorders, especially for people who think their faith should be strong enough to overcome these struggles. With their deep understanding, they've written *When Anxiety Strikes*, an eight-week guide to managing anxiety, grounded in both Scripture and research. Structured for daily reading, with integrated practices for everyday life, the book addresses seven themes: breath, body, movement, mind, change, spirit, and community. Concise stories, readings, questions, and activities guide readers to tackle the realities of living with anxiety. *When Anxiety Strikes* offers real solutions to find a solid landing place when the storm of fear looms.

Horrified, she flips out and fights back--only to make the most shocking discovery of all... Praise for *H2O*: Creepy and realistic. *H2O* left me thirsting for more. -Kristen Simmons, author of *Article 5* and *Breaking Point* Ruby's candid, addicting narration brought this terrifying and wholly plausible story to life. This is a book you'll devour all at once--from the safety of your umbrella! -Jessica Khoury, author of *Origin* and *Vitro*
