The Storm of the Century Al Roker, 2015-08-11 In this gripping narrative history, Al Roker from NBC's Today and the Weather Channel vividly examines the deadliest natural disaster in American history—a haunting and inspiring tale of tragedy, heroism, and resilience that is full of lessons for today's new age of extreme weather. On the afternoon of September 8, 1900, two-hundred-mile-per-hour winds and fifteen-foot waves slammed into Galveston, the booming port city on Texas's Gulf Coast. By dawn the next day, the city that hours earlier had stood as a symbol of America's growth and expansion was now gone. Shattered, grief-stricken survivors emerged to witness a level of destruction never before seen: Eight thousand corpses littered the streets and were buried under the massive wreckage. Rushing water had lifted buildings from their foundations, smashing them into pieces, while wind gusts had upended steel girders and trestles, driving them through house walls and into sidewalks. No race or class was spared its wrath. In less than twenty-four hours, a single storm had destroyed a major American metropolis—and awakened a nation to the terrifying power of nature. Blending an unforgettable cast of characters, accessible weather science, and deep historical research into a sweeping and dramatic narrative, *The Storm of the Century* brings this legendary hurricane and its aftermath into fresh focus. No other natural disaster has ever matched the havoc caused by the awesome mix of winds, rain, and flooding that devastated Galveston and shocked a young, optimistic nation on the cusp of modernity. Exploring the impact of the tragedy on a rising country's confidence—the trauma of the loss and the determination of the response—Al Roker illuminates the United States's character at the dawn of the “American Century,” while also underlining the fact that no matter how mighty they may become, all nations must respect the ferocious potential of our natural environment.

Through a Night of Horrors Casey Edward Greene, Shelly Henley Kelly, 2002 In this work, witnesses to this deadly disaster describe, in many never-before-published accounts, their encounters with this monstrous storm.

The Height of the Storm Florian Zeller, 2018-09-27 André and Madeleine have been in love for over fifty years. This weekend, as their daughters visit, something feels unusual. A bunch of flowers arrive, but who sent them? A

woman from the past turns up, but who is she? And why does André feel like he isn't there at all? Christopher Hampton's translation of Florian Zeller's *The Height of the Storm* was first performed at Richmond Theatre, London, and opened in the West End at Wyndham's Theatre in October 2018.

Five Days at Memorial Sheri Fink, 2016-01-26 NEW YORK TIMES BESTSELLER • The award-winning book that inspired an Apple Original series from Apple TV+ • A landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and the suspenseful portrayal of the quest for truth and justice—from a Pulitzer Prize-winning physician and reporter “An amazing tale, as inexorable as a Greek tragedy and as gripping as a whodunit.”—Dallas Morning News After Hurricane Katrina struck and power failed, amid rising floodwaters and heat, exhausted staff at Memorial Medical Center designated certain patients last for rescue. Months later, a doctor and two nurses were arrested and accused of injecting some of those patients with life-ending drugs. *Five Days at Memorial*, the culmination of six years of reporting by Pulitzer Prize winner Sheri Fink, unspools the mystery, bringing us inside a hospital fighting for its life and into the most charged questions in health care: which patients should be prioritized, and can health care professionals ever be excused for hastening death? Transforming our understanding of human nature in crisis, *Five Days at Memorial* exposes the hidden dilemmas of end-of-life care and reveals how ill-prepared we are for large-scale disasters—and how we can do better. Galveston and the 1900 Storm Patricia Bellis Bixel, Elizabeth Hayes Turner, 2013-02-08 Spur Award Nominee: How Galveston, Texas, reinvented itself after historic disaster: “A riveting narrative . . . Absorbing [and] well-illustrated.” —Library Journal The Galveston storm of 1900 reduced a cosmopolitan and economically vibrant city to a wreckage-strewn wasteland where survivors struggled without shelter, power, potable water, or even the means to summon help. At least 6,000 of the city's 38,000 residents died in the hurricane. Many observers predicted that Galveston would never recover and urged that the island be abandoned. Instead, the citizens of Galveston seized the opportunity, not just to rebuild, but to reinvent the city in a thoughtful, intentional way that reformed its government, gave women a larger role in its public life, and made it less vulnerable to future storms and flooding. This extensively illustrated history tells the full story of the 1900 Storm and its long-term effects.

The authors draw on survivors' accounts to vividly recreate the storm and its aftermath. They describe the work of local relief agencies, aided by Clara Barton and the American Red Cross, and show how their short-term efforts grew into lasting reforms. At the same time, the authors reveal that not all Galvestonians benefited from the city's rebirth, as African Americans found themselves increasingly shut out from civic participation by Jim Crow segregation laws. As the centennial of the 1900 Storm prompts remembrance and reassessment, this complete account will be essential and fascinating reading for all who seek to understand Galveston's destruction and rebirth.
