1177 B.C. Eric H. Cline, 2015-09-22 A bold reassessment of what caused the Late Bronze Age collapse In 1177 B.C., marauding groups known only as the Sea Peoples invaded Egypt. The pharaoh's army and navy managed to defeat them, but the victory so weakened Egypt that it soon slid into decline, as did most of the surrounding civilizations. After centuries of brilliance, the civilized world of the Bronze Age came to an abrupt and cataclysmic end. Kingdoms fell like dominoes over the course of just a few decades. No more Minoans or Mycenaeans. No more Trojans, Hittites, or Babylonians. The thriving economy and cultures of the late second millennium B.C., which had stretched from Greece to Egypt and Mesopotamia, suddenly ceased to exist, along with writing systems, technology, and monumental architecture. But the Sea Peoples alone could not have caused such widespread breakdown. How did it happen? In this major new account of the causes of this First Dark Ages, Eric Cline tells the gripping story of how the end was brought about by multiple interconnected failures, ranging from invasion and revolt to earthquakes, drought, and the cutting of international trade routes. Bringing to life the vibrant multicultural world of these great civilizations, he draws a sweeping panorama of the empires and globalized peoples of the Late Bronze Age and shows that it was their very interdependence that hastened their dramatic collapse and ushered in a dark age that lasted centuries. A compelling combination of narrative and the latest scholarship, 1177 B.C. sheds new light on the complex ties that gave rise to, and ultimately destroyed, the flourishing civilizations of the Late Bronze Age—and that set the stage for the emergence of classical Greece.

Embracing his new identity, allegiances are formed as the woodfolk hail Tarquin as the Guardian Of The Forest. But can he find a way to protect this mysterious realm, and seize his true destiny?

Household and Family Religion in Antiquity John Bodel, Saul M. Olyan, 2012-02-15 The first book to explore the religious dimensions of the family and the household in ancient Mediterranean and West Asian antiquity. Advances our understanding of household and familial religion, as opposed to state-sponsored or civic temple cults. Reconstructs domestic and family religious practices in Egypt, Greece, Rome, Israel, Mesopotamia, Ugarit, Emar, and Philistia. Explores many household rituals, such as providing for ancestral spirits, and petitioning of a household's patron deity or of spirits associated with the house itself. Examines lifecycle rituals – from pregnancy and birth to maturity, old age, death, and beyond. Looks at religious practices relating to the household both within the home itself and other spaces, such as at extramural tombs and local sanctuaries.

Hittite Local Cults Michele Cammarosano, 2018-10-19 An innovative translation and analysis of Hittite local festivals and of their economic and social dimensions for students and scholars. This English translation of the Hittite cult inventories provides a vivid portrait of the religion, economy, and administration of Bronze Age provincial towns and villages of the Hittite Empire. These texts report the state of local shrines and festivals and document the interplay between the central power and provincial communities on religious affairs. Brief introductions to each text make the volume accessible to students and scholars alike. Features: Critical editions of Hittite cult inventories, some of which are edited for the first time, with substantial improvements in readings and interpretations. The first systematic study of the linguistic aspects of Hittite administrative jargon. An up-to-date study of Hittite cult images and iconography of the gods. Michele Cammarosano currently leads a Deutsche Forschungsgemeinschaft-funded project on Hittite cultic administration at Julius-Maximilians-Universität Würzburg. His research interests focus on cuneiform palaeography and Hittite religion.

Empires of Bronze: The Crimson Throne (Empires of Bronze #4) Gordon Doherty, 2021-04-15 A story of bloody and world-shaking revenge. The King of the Hittites has been slain, and a reign of terror begins... 1272 BC: Prince Hattu returns home from the battlefield of Kadesh to find his nephew on the throne, the old king's blood dripping from his hands. Under Urhi-Teshub's reign, the Hittite realm has become a land of fear and violent reprisals. Ancient family lines and old ways are being wiped out as the young tyrant strengthens his bronze-fisted grip on power. Hattu's loved ones are spared only in return for his absolute obedience. Yet he knows he must choose between his family and his burning need for restitution. The Goddess Ishtar, ever-present in his dreams, assures him that there is only one future. A war for the throne is coming... and blood will be let.

Empires of Bronze: Son of Ishtar (Empires of Bronze #1) Gordon Doherty, 2019-06-13 Four sons. One throne. A world on the precipice. 1315 BC: Tensions soar between the great powers of the Late Bronze Age. The Hittites stand toe-to-toe with Egypt, Assyria and Mycenaean Ahhiyawa, and war seems inevitable. More, the fierce Kaskan tribes – age-old enemies of the Hittites – amass at the northern borders. When Prince Hattu is born, it should be a rare joyous moment for all the Hittite people. But when the Goddess Ishtar comes to King Mursili in a dream, she warns that the boy is no blessing, telling of a dark future where he will stain Mursili's throne with blood and bring destruction upon the world. Thus, Hattu endures a solitary boyhood in the shadow of his siblings, spurned by his father and shunned by the Hittite people. But when the Kaskans invade, Hattu is drawn into the fray. It is a savage journey in which he strives to show his worth and valour. Yet with his every step, the shadow of Ishtar's prophecy darkens... Praise for *Empires of Bronze: Son of Ishtar*: A meticulously researched and vivid reimagining of an almost forgotten civilisation - Douglas Jackson, bestselling author of the celebrated Gaius Valerius Verrens series. Vivid, immersive... wondrous! - SJA Turney, bestselling author of *Marius' Mules* and *The Damned Emperors*. An action-packed epic - Matthew Harffy, bestselling author of the acclaimed *Bernicia Chronicles*. About the Hittites & the Bronze Age: Over three thousand years ago, before iron had been tamed, before Rome had risen, before the ashes from which Classical Greece would emerge had even been scattered, the world was forged in bronze. It was an age when Great Kings ruled, when vast armies clashed for glory, riches and the favour of their strange gods. Until the late 19th century, historians thought that they had identified the major powers who held sway in the last stretch of the Bronze Age: Egypt, Assyria... Ahhiyawa (Homer's Achaeans/Greeks) even. But there was another – a fourth great power, all but lost to the dust of history: the Hittites. Hardy, fierce masters of Anatolia, utterly devout to their myriad gods, the scale and wonder of their world is only now shedding its dusty cloak thanks to the tireless work of archaeologists.

The Hittites ruled from the high, rugged plateau at the heart of modern-day Turkey, commanding a ring of vassal states (most notably Troy) and boasting a dauntless army that struck fear into the hearts of their rivals. Their Great King, titled Labarna and revered as the Sun itself, was every bit the equal of Egypt's Pharaoh, of the trade-rich King of Assyria, and of the brash lords of Ahhiyawa. The Hittites were there when the Bronze Age collapsed. They bore the brunt of the cataclysmic events that destroyed the great powers, threw the Near East into a centuries-long dark age and changed the world forever. This is their story...

Empires of Bronze: Dawn of War (Empires of Bronze #2) Gordon Doherty, 2020-05-07 Empires of Bronze: Dawn of War - a tale of far-flung desert adventure set in the distant Bronze Age Two great empires on the brink of war, one last hope for peace... 1294 BC: The fragile accord between the Hittite and Egyptian empires is crumbling. The ancient world braces itself for war on an unprecedented scale. Prince Hattu, the greatest of the Hittite generals, suffers dreams of terrible consequences – conjured by the Goddess Ishtar. But Hattu refuses to accept her prophecies, adamant that there is one last chance for peace. This fragile hope lies in the borderlands of the east, where the two rival empires touch. Hattu gathers a chosen band and sets out for this distant, blistering desert land, determined and defiant. Yet the further he ventures, the darker and more twisted his mission becomes. Old ghosts rise around him and Ishtar haunts his every move. The Goddess' divinations cannot be avoided, men say. Hattu will walk through fire to prove them wrong.

Empires of Bronze: Thunder at Kadesh (Empires of Bronze #3) Gordon Doherty, 2020-09-24 It will be the cruellest war ever waged, and the Gods will gather to watch... 1275 BC: Tensions between the Hittite and Egyptian Empires erupt and the two great superpowers mobilise for all-out war. Horns blare across the Hittite northlands and the dunes of Egypt rumble with the din of drums as each gathers an army of unprecedented size. Both set their eyes upon the border between their domains, and the first and most important target: a desert city whose name will toll through history. Kadesh! Prince Hattu has lived in torment for years, plagued by the memory of his wife's murder. Thoughts of her poisoner, Volca the Sherden – for so long safe and distant by Pharaoh Ramesses' side – have sullied his dreams, blackened his waking hours and driven him to commit the darkest of deeds. Now that war is here, he at last has the chance to confront his nemesis and have his vengeance. But as the ancient world goes to war, Hattu will learn that the cold, sweet kiss of revenge comes at a terrible price.

Ancient Western Asia Beyond the Paradigm of Collapse and Regeneration (1200-900 BCE) Maria Grazia Masetti-Rouault, Ilaria Calini, Robert Hawley, Lorenzo d'Alfonso, 2024-05-07 New results and interpretations challenging the notion of a uniform, macroregional collapse throughout the Late Bronze Age Eastern Mediterranean Ancient Western Asia Beyond the Paradigm of Collapse and Regeneration (1200–900 BCE) presents select essays originating in a two-year research collaboration between New York University and Paris Sciences et Lettres. The contributions here offer new results and interpretations of the processes and outcomes of the transition from the Late Bronze Age to the Iron Age in three broad regions: Anatolia, northern Mesopotamia, and the Levant. Together, these challenge the notion of a uniform, macroregional collapse throughout the Eastern Mediterranean, followed by the regeneration of political powers. Current research on newly discovered or reinterpreted textual and material evidence from Western Asia instead suggests that this transition was characterized by a diversity of local responses emerging from diverse environmental settings and culture complexes, as evident in the case studies collected here in history, archaeology, and art history. The editors avoid particularism by adopting a regional organization, with the aim of identifying and tracing similar processes and outcomes emerging locally across the three regions. Ultimately, this volume reimagines the Late Bronze–Iron Age transition as the emergence of a set of recursive processes and outcomes nested firmly in the local cultural interactions of western Asia before the beginning of the new, unifying era of Assyrian imperialism.

Against All Gods Miles Cameron, 2022-06-23 The tyranny of the gods is absolute, and they are capricious, malevolent and almost all-powerful, playing cruel games with the fates of mortals for their own ends . . . A vibrant and powerful epic set against an alternate Bronze Age, this tale of gods, men and monsters, conspiracy and war, is a rich, compelling and original read from a master of the historical and fantasy genres. The people caught up in toils of the gods are merely trying to survive. Victims of vicious whims, trapped by their circumstances or pushed beyond what the mortal frame can bear, a handful of god-touched mortals - a scribe, a warlord, a dancer and a child - are about to be brought together in a conspiracy of their own. A conspiracy to reach the heavens, and take down the corrupt and aging gods . . . who are already facing troubles of their own . . . An epic which draws on the Greek mythology of gods and heroes, this new trilogy is a must read for fans of Dan Simmons and Madeline Miller alike. Praise for Miles Cameron: 'Utterly, utterly brilliant. A masterclass in how to write modern fantasy - world building, characters, plot and pacing, all perfectly blended. Miles Cameron is at the top of his game' John Gwynne, author of The Faithful and the Fallen series 'Cold Iron is fantastic. It shimmers like a well-honed sword blade' Anna Smith Spark, author of The Court of Broken Knives 'Promising historical fantasy debut featuring an expansive cast, an engaging plot, and a detailed eye for combat' The Ranting Dragon on The Red Knight 'Literate, intelligent, and well-thoroughout . . . a pleasingly complex and greatly satisfying novel' SFF World on The Red Knight
