The Storm Barbara Barbieri McGrath,2006-07-01 On August 29, 2005, Hurricane Katrina devastated the coastlines of Alabama, Mississippi, and Louisiana. It was a storm the people of Biloxi, Mississippi, like many other Gulf Coast residents, will never forget. Students, teachers, and administrators from the Biloxi Public Schools share their stories from the days preceding Hurricane Katrina to those first days of recovery after the storm. And even while their city lay in ruins, one remarkable lighthouse survived, serving as a beacon of hope. Their powerful images and moving personal accounts pay tribute to the resilience of the human spirit.

Storm Surge John F. Banas,2021-06-16 All is not what it seems. A lot can happen to a person in a Disaster Area... Brenda Meyers is having a bad day. Her daughter is trapped somewhere in New Orleans right before Hurricane Katrina strikes. Her increasingly estranged husband may be on the verge of losing yet another job. To top it all off, her cheating former fiancé is claiming to have evidence that his wife and Brenda's husband are having an affair. But nothing matters more than finding and rescuing her daughter. Brenda insists that a rescue mission can be made before the storm hits. Her husband isn't so keen on the idea - he's heard that the city may flood, making the rescue even harder. So, when her former fiancé offers his boat and his help, Brenda reluctantly accepts, knowing full well that her husband and Ex cannot get along. Her worries prove correct; while racing the raging storm, she uncovers a fiendish plot to murder her well insured husband - who happens to harbor secrets of his own. Will she be able to survive the ravages of Katrina, find her daughter, and prevent a professional hit without painting a target on her own back?

Hurricane Izzy - An OBX Story Greg Smrdel,2018-03-07 Hurricane Izzy starts innocently enough as a tropical wave off the coast of Africa. She quickly gains strength and speed as she fights her way across the Atlantic on a direct path to North Carolina's Outer Banks. It's also a story of man losing his dog and girl prior to the storm. The story keeps track of all 3 during the hurricane.

The Gathering Storm Hamza Sokko,2012 The slow awakening of the people of Bulembe to the true meaning of 'independence' encapsulated in the parallel stories of the Kamuyuga family, who shed their old identity and turn into the wealth-grabbing 'Alkarims', and the Lubele family, who remain exploited peasants. But do the people remain forever caught under the burdens of the past, blinded by the skin-deep 'changes' to the present? This is revealed through the eyes of Simon Lubele, son of Bulembe dedicated to real change. Hamza Sokko renders the tranquil beauty of the Anyalungu plateau on which Bulembe lies, deep-rooted customs of its peasants, the crushing twin burdens of static African tradition and oppressive colonial machinery with poignancy and quiet insight.

Summer Snow Storm Stephen Marlowe,2014-02-01 It's no surprise that meteorologists sometimes make less-than-accurate predictions about the day's weather. But when a cadre of top-ranking weather experts fail to catch wind of a freak summer snow storm, all hell breaks loose. Amidst this turmoil, an unusual folk hero emerges who seems to have a preternatural knack for dead-on weather predictions. What's the source of this strange superpower?

Tossed to the Wind Maria T. Padilla,Nancy Rosado,2020-03-02 Framed by the stories of Hurricane Maria evacuees, Tossed to the Wind is the gripping account of the wreckage, despair, and displacement left in the wake of one of the deadliest natural disasters on U.S. soil. It is also a story of hope and endurance as Puerto Ricans on the island shared what little they had and the diaspora in Florida offered refuge. Hurricane Maria hit Puerto Rico as a high-end Category 4, and the storm surge, flash flooding, and countless landslides created widespread devastation. One hundred percent of the island lost drinking water and electricity. More than 3 million U.S. citizens lived for months without power, making it the worst blackout in American history. The slow recovery led to a mass evacuation. Thousands gathered what they had left and traveled to Florida—already home to 1 million Puerto Ricans. In Tossed to the Wind, María Padilla and Nancy Rosado interview Puerto Ricans from all walks of life who now live in Orlando and Kissimmee, who fight every day to pick up the pieces of their world after Hurricane Maria. In their own words, evacuees describe families living temporarily out of motels, parents anxious about providing for their children, children starting new schools, and everyone worried about the families and friends they left behind. Told from the midst of chaos and incomprehensible loss, these are the stories—filled with pain and wisdom, sadness and laughter—that showcase the strength and resolve of Puerto Ricans.

HARVESTING THE STORM JOHN. WAROMI,2019

The Silent Storm Sherry Garland,2018-09-15 Thirteen-year-old Alyssa has not spoken since witnessing her parents drown at sea during a storm. Now, three years later, a hurricane is headed for Galveston Island, threatening to unleash Alyssa's memories of the horrific storm that ripped her family apart. When Hurricane Berta hits, Alyssa is desperately trying to find a way to get home to her grandfather and his mustang horses. Finding the old man injured, Alyssa realizes that to help her grandfather, she must first confront the silent storm of memories locked deep within her.

Prophecy in the New Millennium Suzanne Newcombe,Sarah Harvey,2016-04-15 Secular and spiritual prophets of doom abound in the information-rich twenty-first century - as they have for millennia. But there has yet to be worldwide floods, meteor impact, global computer failure, obvious alien contact, or direct intervention from God to end the world as we know it. Considering the frequency with which prophecy apparently fails, why do prophecies continue to be made, and what social functions do they serve? This volume gives a concise, but comprehensive, overview of the rich diversity of prophecy, its role in major world religions as well as in new religions and alternative spiritualities, its social dynamics and its impact on individuals' lives. Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework. The book argues that the key to understanding the more dramatic, apocalyptic and millenarian aspects of prophecy is in appreciating prophecy's more mundane manifestations and its role in providing meaning and motivation in everyday life.

Superstorm Kathryn Miles,2014

Hurricane Season Karen Bjorneby,2001 A series of stories by award-winning author Bjorneby that feature people caught in storms, both physical and emotional.

Tornado Season Courtney Craggett,2020 TORNADO SEASON arrives as a storm is raging. Yet its stories urge us not to seek shelter, but to leave it. To walk out of our inner place of hiding and face the whirlwind. To recognize it. To acknowledge it and fight it. Ethnicity and culture alongside the U.S.-Mexico border; deportation and immigration; life in the U.S. foster care system--of these tumultuous subjects Courtney Craggett writes with honesty, a big heart, and a complete lack of sentimentality. She shows us ordinary people who suffer, dream, hope, and strive for

something just a little bit better. And by doing so, she elevates these stories from the realm of the timely into that of the timeless. Long after the storm has passed, the stories in TORNADO SEASON will ring true and dear for they sing of the innermost yearning of the human heart for freedom, justice, and love. --Miroslav Penkov

Storm Jack Drummond,2010-04-01 When the small town of Melville is caught in a freak storm, its inhabitants must do everything they can to survive. But with a ruthless eco-terrorist at large, and no chance of rescue from the outside world, the townsfolk are on their own, facing one of the greatest environmental threats the world has ever seen... Dramatic, powerful and bursting with adventure, Storm is an un-putdown-able thriller.

Freaks of the Storm Randy Cerveney,2006

Storm Season William Hauptman,2001-08-15 When a catastrophic tornado strikes his North Texas hometown, a young man caught in the deadening routines of blue collar work is shocked into rediscovering the importance of his life. This mesmerising novel explores the phenomenon of stormchasing as a search for meaning, for the experience of being intensely alive. It is also, in William Hauptman's words, the story of a strong family and the love that holds them together in a time of profound hardship and change. A native Texan who now resides in Brooklyn, New York, William Hauptman is also the author of the Tony Award-winning musical Big River. His short-story collection Good Rockin' Tonight won the Jesse Jones Award for Fiction from the Texas Institute of Letters.
