Countryside J. T. Cope IV,2016-10-04 Luke Rayburn has spent summer vacation running up and down sandy beaches with his family. He's explored hidden coves, learned how to write invisible letters, and even met an ocean nymph. But his friends write to tell him of strange happenings in Countryside and he's anxious to get back. When Luke returns, he finds that much has changed. Mischievous gnomes are spreading chaos across the valley, a lone wolf haunts the forests, and Mayeem, one of Luke's new teachers, just happens to be a mermaid. And then there's the hunter, a man with golden eyes, only part of a soul and the belief that Luke has hidden something he wants--something he's willing to destroy Countryside in order to get. Hounded by blackhearted men and soulless creatures and with darkness luring him in, Luke must gather his wits and ferret out his true friends. But as he draws close to finding what it is the hunter seeks, he will learn that there is more at stake than he understands. He'll learn that it's not the hunter he should be afraid of and that, once done, some things cannot be undone.

Countryside J. T. Cope IV, 2014-08-14 You have a power within you, one that is within everyone...It's the same power that fills that building, that keeps that tree alive...and the same power that has attracted your attention...I know it's all a bit strange to you, but I assure you it is quite real... Eleven-year-old Luke Rayburn has never seen a skyline without skyscrapers or fallen asleep to anything but the sound of traffic. But his life is about to change in ways he never imagined. When his father leaves for a year of military service, Luke and the rest of his family move into their grandparents' home in the remote town of Countryside, a place like no other. Reachable only by a mysterious traveling tunnel and horse-drawn carriage, centaurs roam the landscape and shadowy wraiths slip among the trees. There, Luke will be drawn into a centuries-old quest for an almost-forgotten book whose secrets will determine the fate of the world. He will have to reach deep to discover the power within him as he battles the forces of darkness and an alliance of sinister men who seek to destroy any who get in their way. Luke's only hope is to find the book before they do, but to do so he'll need help from someone he never expected as the forces of evil come to bear on the magical world of Countryside.

Candy for expectant parents! Pregnancy is an adventure. Lots of books tell you the basics—"the baby is the size of [insert fruit here]." But pregnant science writer Jena Pincott began to wonder just how a baby might tinker with her body—and vice versa—and chased down answers to the questions she wouldn't ask her doctor, such as: • Does stress sharpen your baby's mind—or dull it? • Can you predict your baby's temperament? • Why are babies born in the darker months of the year more likely to grow up to be novelty-loving risk takers? • Are bossy, dominant women more likely to have boys? • How can the cells left behind by your baby affect you years later? This is a different kind of pregnancy book—thoughtful, fun, and filled with information you won't find anywhere else.

Weird Plants Chris Thorogood, 2018 For the first time, this extraordinary compilation showcases weird, mysterious and bizarre plants from around the world. Plants trick, kill, steal and kidnap, and this unique book explores a fascinating world in which plants have turned the tables on animals. Author Chris Thorogood showcases these plant behaviours, the interrelationships among plants, the interdependencies between plants and animals, and the intrigue of plant evolution. All types of weird and sinister are featured in this book, from carnivorous plants that drug, drown and consume unsuspecting insect prey; giant pitcher plants that have evolved toilets for tree shrews; flowers that mimic rotting flesh to attract pollinating flies, and orchids that duplicitously look, feel and even smell like a female insect to bamboozle sex-crazed male bees.
