The End of the End of History Alex Hochuli, George Hoare, 2021-06-25 The "End of History" is over. The idea that Western liberal democracy was the "final form of human government" has been exposed as bluster: the old order is crumbling before our eyes. Angry anti-politics have arisen to threaten political establishments across the world. Elites have fallen into hysteria, blaming voters, "populism", Putin, Facebook... anyone but themselves. They are suffering from Neoliberal Order Breakdown Syndrome. Emerging from four years of interviews and debates on the popular global politics podcast Aufhebunga Bunga, *The End of the End of History* examines how the political consequences of the 2008 financial crisis have come home to roost. If Trump and Brexit shattered the liberal-democratic consensus in 2016, then the global pandemic of 2020 put a final end to the "End of History". Politics is back, but it's stranger than ever.

Good Italy, Bad Italy Bill Emmott, 2013-04-20 Not long ago Italy was Europe's highly touted emerging economy, a society that blended dynamism and super-fast growth with a lifestyle that was the envy of all. Now it is viewed as a major threat to the future of the Euro, indeed to the European Union as a whole. Italy's political system is shorn of credibility as it struggles to deal with huge public debts and anemic levels of economic growth. Young people are emigrating in droves, frustrated at the lack of opportunity, while older people stubbornly cling to their rights and privileges, fearful of an uncertain future. In this lively, up-to-the-minute book, Bill Emmott explains how Italy sank to this low point, how Italians feel about it, and what can be done to return the country to more prosperous and more democratic times. With the aid of numerous personal interviews, Emmott analyzes Bad Italy—the land of disgraced Prime Minister Silvio Berlusconi, an inadequate justice system, an economy dominated by special interests and continuing corruption—against its contrasting foil Good Italy, the home of enthusiastic entrepreneurs, truth-seeking journalists, and countless citizens determined to end mafia domination for good.

Cold War Steve Annual 2024 Cold War Steve, 2023-11-09 Embark on an annual excursion of scandals, absurdities and farcical monstrosities with satirist and artist Cold War Steve. Enclosed in this esteemed tome you will find a land of hereditary weirdos and despicable world leaders; contemptible party-hosting and disastrous decision-making; delicious downfalls and nonsensical uprisings. The only path to sanity is through the most scathing of cosmic

cynicism and commentary; thankfully, this annual provides just that. Featuring a congress of coruscating collages, as well as contributions from the revered James O'Brien, John Sweeney, Stewart Lee, Sheena Patel, Jason Williamson, Kit de Waal, Neville Southall and Roy, this volume is a fitting antidote to the disgraces and travesties of the last year and beyond.

Men Are Stupid, Women Are Crazy Peter Ruehl, 2011 Ruehl's irreverent wit and ability to puncture pretentiousness with a well-turned phrase gave thousands of dedicated readers a good reason to read the paper back to front on the days the column appeared. His descriptions of growing up with teenage children are laugh-out-loud funny (well, for parents), and a younger generation of readers decided he was cool, with his constant satirical references to their music, dress and approach to life. Politicians sometimes winced but knew his hilarious descriptions of what was really going on in Canberra resonated more loudly than any press release. Peter Ruehl never lost his distinctive American style but he was able to understand Australian culture and to write about it and his views in a passionately funny and deeply personal way. Greg Hywood, chief executive of Fairfax, says he became a 'national institution'.

Judas Goat Patrick Brigham, 2013-07-10 Sitting in a Lloyd Loom chair on a Narrow Boat, moored on the Kennet and Avon Canal, a dead man stares into

oblivion. Who is he and what is his name? Chief Inspector Michael Lambert from Thames Valley Police Authority unravels a murder case which stretches from Reading to Bulgaria, South Africa to Belorussia, and finally Taiwan to Peru. What at first appears to be a straightforward murder is revealed to be part of an international manhunt, the result of a major arms deal which has gone horribly wrong. The story begins with the discovery of a small mobile phone on the narrow boat and ends with the murder of a Chinese shipping magnate in the streets of London. Will anyone's life be the same again and how will our provincial policeman cope with these different layers of intrigue?

Towards a Conceptual Militancy Mike Watson, 2016-05-27 Towards a Conceptual Militancy is aimed at the interested art-viewing public, artists, the politically disillusioned, and readers of both European Philosophy, particularly of Speculative Realism/OOP, and Accelerationism. This book calls on the artist to mount a defence of subjective freedom in opposition to the twin objectifying factors of Science and Capital, personified by growing surveillance technology. Presenting the artistic declaration of freedom as exemplary of how the subject might circumvent its objectification, Towards a Conceptual Militancy brings art back into the social sphere following decades of cultural commodification.

Do Childfree People Have Better Sex? Verena Brunschweiler, 2022-03-01 Verena Brunschweiler is no stranger to controversy. In her latest book, Do Childfree People Have Better Sex?, our provocateur tackles this increasingly popular topic and its many ramifications, head-on. After conveying her own personal story, Brunschweiler expounds with data in hand on the implications of having children: the ecological and environmental consequences, feminism, politics, and philosophical disputation. She explores current issues including over-population and the environment, animal welfare, abortion and reproductive rights, politics, and anti-natalism. Brunschweiler posits women have the right to be happy and, if they choose to, feel comfortable rejecting the societal conventional pressure of having children. Our author suggests that women and their partners will have more freedom and enjoyment if they are childfree. Brunschweiler doesn't want humanity to go extinct as some may suggest; rather, she wants the earth and its inhabitants to have an enjoyable and sustainable future.

Sex, Politics, and Putin Valerie Sperling, 2015 Is Vladimir Putin macho, or is he a fag? Sex, Politics, and Putin investigates how gender stereotypes and sexualization have been used as tools of political legitimation in contemporary Russia. Despite their enmity, regime allies and detractors alike have wielded traditional concepts of masculinity, femininity, and homophobia as a means of symbolic endorsement or disparagement of political leaders and policies. By repeatedly using machismo as a means of legitimation, Putin's regime (unlike that of Gorbachev or Yeltsin) opened the door to the concerted use of gendered rhetoric and imagery as a means to challenge regime authority. Sex, Politics, and Putin analyzes the political uses of gender norms and sexualization in Russia through three case studies: pro- and anti-regime groups' activism aimed at supporting or undermining the political leaders on their respective sides; activism regarding military conscription and patriotism; and feminist activism. Arguing that gender norms are most easily invoked as tools of authority-building when there exists widespread popular acceptance of misogyny and homophobia, Sperling also examines the ways in which sexism and homophobia are reflected in Russia's public sphere.

Narrative Criminology Lois Presser, Sveinung Sandberg, 2015-07-10 Explores the role of stories in criminal culture and justice systems around the world. Stories are much more than a means of communication—stories help us shape our identities, make sense of the world, and mobilize others to action. In Narrative Criminology, prominent scholars from across the academy and around the world examine stories that animate offending. From an examination of how criminals understand certain types of crime to be less moral than others, to how violent offenders and drug users each come to understand or resist their identity as 'criminals', to how cultural narratives motivate genocidal action, the case studies in this book cover a wide array of crimes and justice systems throughout the world. The contributors uncover the narratives at the center of their essays through qualitative interviews, ethnographic fieldwork, and written archives, and they scrutinize narrative structure and meaning by analyzing genres, plots, metaphors, and other components of storytelling. In doing so, they reveal the cognitive, ideological, and institutional mechanisms by which narratives promote harmful action. Finally, they consider how offenders' narratives are linked to and emerge from those of conventional society or specific subcultures. Each chapter reveals important insights and elements for the development of a framework of narrative criminology as an important approach for understanding crime and criminal justice. An unprecedented and landmark collection, Narrative Criminology opens the door for an exciting new field of study on the role of stories in motivating and legitimizing harm.

Feminism, Violence, and Representation in Modern Italy Giovanna Parmigiani, 2019-09-12 A study of how violence and language affect women in Italy. Can the way a word is used give legitimacy to a political movement? Feminism, Violence, and Representation in Modern Italy traces the use of the word "femminicidio" (or "femicide") as a tool to mobilize Italian feminists, particularly the Union of Women in Italy (UDI). Based on nearly two years of fieldwork among feminist activists, Giovanna Parmigiani takes a broad look at the many ways in which violence inflects the lives of women in Italy. From unchallenged gendered grammar rules to the representation of women as

victims, Parmigiani examines the devaluing of women's contribution to their communities through the words and experiences of the women she interviews. She describes the first uses of the word "femminicidio" as a political term used by and within feminist circles and traces its spread to ultimate legitimization and national relevance. The word redefined women as a political subject by building an imagined community of potentially violated women. In doing so, it challenged Italians to consider the status of women in Italian society, and to make this status a matter of public debate. It also problematized the connection between women and tropes of women as objects of suffering and victimhood. Parmigiani considers this exchange within the context of Italian Catholic heritage, a precarious economy, and long-held notions of honor and shame. Parmigiani provides a careful and searing consideration of the ways in which representations of violence and the politics of this representation are shaping the future of women in Italy and beyond.

The Mammoth Book of Sex Scandals Nigel Cawthorne, 2012-05-17 Sex scandals, some historical but many contemporary, involving political figures, celebrities, movie stars, sports stars, musicians and artists, from Julius Caesar's affair with Cleopatra, which scandalized Rome and may have contributed to his murder, to what exactly IMF head Dominique Strauss-Kahn did or didn't get up to in that New York hotel room. England's Edward II was put to death by having a red-hot poker shoved up 'those parts in which he had been wont to make his vicious pleasures' and James Dean was known as 'the human ashtray' for the pleasure he took in having cigarettes stubbed out on his body, but from Silvio Berlusconi to Tiger Woods, many have been more focused on pleasure than pain. Even Barack Obama gets a look in - did he have an affair with Vera Baker?

Italy from Crisis to Crisis Matthew Evangelista, 2017-12-01 Italy from Crisis to Crisis seeks to understand Italy's approach to crises by studying the country in regional, international, and comparative context. Without assuming that the country is abnormal or unusually crisis-prone, the authors treat Italy as an example from which other countries might learn. The book integrates the analysis of domestic politics and foreign policy, including Italy's approach to military interventions, energy security, economic relations with the European Union (EU), and to the NATO alliance, and covers a number of issues that normally receive little attention in studies of high

politics, such as information policy, national identity, immigration, youth unemployment, and family relations. Finally, it puts Italy in a comparative perspective – with other European states, naturally – but also with Latin America, and even the United States, all countries that have experienced similar crises to Italy's and similar – often populist – responses. This text will be of key interest to scholars and students of, and courses on, Italian politics and history, European politics and, more broadly, comparative politics and democracy.
