Buzz Jeffrey Spivak, 2011 The Great Depression was defined by poverty and despair, but visionary American filmmaker Busby Berkeley (1895-1976) managed to divert the public's attention away from the economic crash with some of the most iconic movies of all time. Known for his kaleidoscopic dance numbers featuring multitudes of performers in extravagant costumes, his musicals provided a brief respite for an audience whose reality was hard and bitter. *Buzz: The Life and Art of Busby Berkeley* is a revealing study of the director, drawing from interviews with his colleagues, newspaper and legal records, and Berkeley's own unpublished memoirs to uncover the life of a Hollywood legend renowned for his talent and creativity. Jeffrey Spivak examines how Berkeley's career evolved from creating musical numbers for other directors in films such as *42nd Street* (1933) and *Gold Diggers of 1933* (1933) to directing his own pictures, such as *Strike up the Band* (1940) and *The Gang's All Here* (1943). Though Berkeley claimed he was no choreographer, his movies revitalized the public's waning interest in musical pictures. While other popular filmmakers advertised their works specifically as nonmusical, Berkeley embraced his niche, eventually becoming the premier dance director of his time. However, the happy face Berkeley presented publicly did not necessarily reflect his life. Offstage and away from the set, the director met with scandal, and his fondness for liquor and women was well known. In September 1935, he was involved in a car accident that left three people dead and four others severely injured. Accused of driving under the influence, he was put on trial for second-degree murder. The accident significantly changed the nature of his stardom.

Buzz Stephen Braun, 1996 Alcohol and caffeine are deeply woven into the fabric of life for most of the world's population. Laced with anecdotes and lore, this book explains the effect of caffeine and alcohol, debunking old myths and misconceptions.

Buzz Thor Hanson, 2018-07-10 As seen on PBS's *American Spring LIVE*, the award-winning author of *The Triumph of Seeds and Feathers* presents a natural and cultural history of bees: the buzzing wee beasties that make the world go round. Bees are like oxygen: ubiquitous, essential, and, for the most part, unseen. While we might overlook them, they lie at the heart of relationships that bind the human and natural worlds. In *Buzz*, the beloved Thor Hanson takes us on a journey that begins 125 million years ago, when a wasp first dared to feed pollen to its young. From honeybees and bumbles to lesser-known diggers, miners, leafcutters, and masons, bees have long been central to our harvests, our mythologies, and our very existence. They've given us sweetness and light, the beauty of flowers, and as much as a third of the foodstuffs we eat. And, alarmingly, they are at risk of disappearing. As informative and enchanting as the waggle dance of a honeybee, *Buzz* shows us why all bees are wonders to celebrate and protect. Read this book and you'll never overlook them again.

Buzz Katherine Ellison, 2022-12-08 Once a mother and her pre-teen son discover they're both clinically incapable of paying attention, how will they stop bickering and move forward together? A story of love and persistence... *Buzz* will teach, charm, and bolster you. --Edward Hallowell, MD, author of *Driven to Destruction* When Pulitzer Prize winning investigative reporter Katherine Ellison and her twelve-year-old son, *Buzz*, were both diagnosed with attention-deficit/hyperactivity disorder, they realized they had more than just an uphill battle ahead-they were facing a cliff. Ellison, inquisitive and driven by nature (even while grappling with the storm of ping-pong balls in her head), hunts down every possible approach to supporting a child with ADHD, from neurofeedback to nutritional supplements. *BUZZ* will not only make you laugh out loud but also provides insights on every page for parents seeking answers for how to provide the best help for their particular child. What answers does an award-winning journalist track down when the story she's investigating is her own parenting? Read *BUZZ* today to find out! Long after reading this smart and tender memoir, I am still rooting for *Buzz*. -Kelly Corrigan, author of *THE MIDDLE PLACE* and *LIFT*

Buzz Eileen Spinelli, 2010-07-06 *Buzz* loves absolutely everything there is about being a bee. She loves her yellow and black jacket. She loves the way the flowers smell in the springtime. But the thing she loves most of all is being able to fly. Through the trees and down around the pond, past the farm and around the rosebushes - she flies everywhere. But when she hears that bees aren't supposed to be able to fly, she finds herself unable to get off the ground. What is little *Buzz* to do? How will she

find her wings again?

Buzz Ananth Panagariya, 2013-12-11 Webster is a bundle of nerves headed into his first day of high school, but whatever academic and social horrors he feared are nothing compared to what's in store for him as he stumbles into an unsanctioned street level spelling bee! Buzz Lisa Jean Moore, Mary Kosut, 2013-09-27 Winner, 2014 Distinguished Scholarship Award presented by the Animals & Society section of the American Sociological Association Bees are essential for human survival—one-third of all food on American dining tables depends on the labor of bees. Beyond pollination, the very idea of the bee is ubiquitous in our culture: we can feel buzzed; we can create buzz; we have worker bees, drones, and Queen bees; we establish collectives and even have communities that share a hive-mind. In *Buzz*, authors Lisa Jean Moore and Mary Kosut convincingly argue that the power of bees goes beyond the food cycle, bees are our mascots, our models, and, unlike any other insect, are both feared and revered. In this fascinating account, Moore and Kosut travel into the land of urban beekeeping in New York City, where raising bees has become all the rage. We follow them as they climb up on rooftops, attend beekeeping workshops and honey festivals, and even put on full-body beekeeping suits and open up the hives. In the process, we meet a passionate, dedicated, and eclectic group of urban beekeepers who tend to their brood with an emotional and ecological connection that many find restorative and empowering. Kosut and Moore also interview professional beekeepers and many others who tend to their bees for their all-important production of a food staple: honey. The artisanal food shops that are so popular in Brooklyn are a perfect place to sell not just honey, but all manner of goods: soaps, candles, beeswax, beauty products, and even bee pollen. *Buzz* also examines media representations of bees, such as children's books, films, and consumer culture, bringing to light the reciprocal way in which the bee and our idea of the bee inform one another. Partly an ethnographic investigation and partly a meditation on the very nature of human/insect relations, Moore and Kosut argue that how we define, visualize, and interact with bees clearly reflects our changing social and ecological landscape, pointing to how we conceive of and create culture, and how, in essence, we create ourselves.

We Are the Wildcats Siobhan Vivian,2021-04-13 After enduring a week of punishing try-outs and making the cut for the girls' varsity field hockey team, new players must participate in a night of questionable bonding traditions and loyalty tests, orchestrated by the most senior girls on the squad and performed with the implicit permission of their seemingly all-American young male coach. Tomorrow, the Wildcat varsity field hockey squad will play the first game of their new season. But at tonight's team sleepover, everything hinges on the midnight initiation ceremony. It is the only facet of being a Wildcat that the girls control. Until Coach - a handsome former college player revered and feared in equal measure - changes the plan. They take a rival team's mascot for a joyride, crash a party in their pajamas, break into the high school for the perfect picture. Just how far are the girls willing to go for their team?--description adapted from jacket.
