The Gift of the Magi O. Henry, 2021-12-22 The Gift of the Magi is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. As a sentimental story with a moral lesson about gift-giving, it has been popular for adaptation, especially for presentation at Christmas time.

French Language Fabien Arnaud , This book includes: French For Beginners French Short Stories French For Beginners: This book will help you on your journey in French. Don't rush through the book. You can start with a lesson a day and then use and practice what you learned immediately. Don't wait until you get to France to actually start speaking French. Once you get through each lesson, get a friend or just about anybody you can practice French with and start gabbing away. The point of language is that it should be used, not just learned. Here's some topics covered in this book: ■ French pronunciation ■ Verbs ■ Useful Everyday expressions ■ Conversations ■ And much more French Short Stories Book: Ready To Learn The French Language quickly and in a practical way with

exciting short novels? It is no secret that language proficiency grows through practice. The more you practice a foreign language, the more comfortable you will become with it. For beginner French speakers, it is important not only to expand your vocabulary, but also to build confidence in your ability to speak, read, and master the language. The 21 captivating French stories in this book (I have included one bonus story at the end) have been carefully crafted for new French speakers to help with learning new words and phrases, while also strengthening your confidence by reinforcing what you already know. Did you realize that you are already prepared to read short stories in French? Many of us have spent so much time repeating sentences and conjugating verbs while studying a new language that we haven't realized that we can assemble that knowledge to read and understand entire stories. So, how should you use this book? It is best to start at the beginning, as the stories in this book will get progressively more sophisticated. Each story comes with a series of questions in French to gauge your comprehension of the story, as well as a glossary of some new words or terms that were introduced in that story. If you have trouble understanding any of the questions in French, refer back to the glossary for help. Words and phrases in the questions that could be confusing are defined in the glossary as well. Each story is also followed by a short synopsis in English for readers who want to make sure they have understood the story's meaning. We recommend that you read each story—using the glossary

definitions if necessary—and then answer the questions. You should refer to the English summaries of the stories only after you have answered the questions. The summaries are a great way to check your answers and determine how well you have understood the material, but it is important to try challenging yourself to understand the French.

Catherine's Cadeau Ann Davidson, Terry M Thibodeaux, 2014-07-10 When Monique LeBlanc disappears from Nova Scotia, her cousin Michelle is panic-stricken. Their summer vacation has taken an ominous turn, and a search begins. At the site of Monique's disappearance in Grand-Pre Historic Park, police find a picture of her mother, Catherine, who passed away years ago, near Evangeline's statue. Michelle knows that Monique

is visiting the park to honor the dream she shared with her mother of visiting their Canadian homeland. What she doesn't know is that Monique has gone back in time to her ancestors' exile, actually living through the horrific deportation of thousands of Acadians to Louisiana in 1755.

The gift of narrative in medieval England

Nicholas Perkins, 2021-02-23 This invigorating study places medieval romance narrative in dialogue with theories and practices of gift and exchange, opening new approaches to questions of storytelling, agency, gender and materiality in some of the most engaging literature from the Middle Ages. It argues that the dynamics of the gift are powerfully at work in romances: through exchanges of objects and people; repeated patterns of love, loyalty and revenge; promises made or broken; and the complex effects that time works on such objects, exchanges and promises. Ranging from the twelfth century to the fifteenth, and including close discussions of poetry by Chaucer, the Gawain-Poet and romances in the Auchinleck Manuscript, this book will prompt new ideas and debate amongst students and scholars of medieval literature, as well as anyone curious about the pleasures that romance narratives bring.

More than a Massacre Sabine F. Cadeau, 2022-06-09

More than a Massacre is a history of race, citizenship, statelessness, and genocide from the perspective of ethnic Haitians in Dominican border provinces. Sabine F. Cadeau traces a successively worsening campaign of explicitly racialized anti-Haitian repression that began in 1919 under the American Occupiers, accelerated in 1930 with the

rise of Trujillo, and culminated in 1937 with the slaughter of an estimated twenty thousand civilians. Relatively unknown by contrast with contemporary events in Europe, the Haitian-Dominican experience has yet to feature in the broader literature on genocide and statelessness in the twentieth century. Bringing to light the massacre from the perspective of the ethnic Haitian victims themselves, Cadeau combines official documents with oral sources to demonstrate how ethnic Haitians interpreted their changing legal status at the border, as well as their interpretation of the massacre and its aftermath, including the ongoing killing and land conflict along the post-massacre border.

The Gift Edith Eva Eger, 2020-09-15 "I will be forever changed by Edith Eger's story." —Oprah A practical and inspirational guide to stopping destructive patterns and imprisoning thoughts to find freedom and joy in life—now updated to address the challenges of the pandemic and a world in crisis. World renowned psychologist and internationally bestselling author, Edith Eger's, powerful New York Times bestselling book *The Choice* told the story of her survival in the concentration camps, her escape, healing, and journey to freedom. Readers around the world wrote to tell her how *The Choice* moved them and inspired them to confront their own past and try to heal their pain. They asked her to write another, more prescriptive book. Eger's second book, *The Gift*, expands on her message of healing and provides a hands-on guide that gently encourages readers to change the thoughts and behaviors that may be

keeping them imprisoned in the past. Eger explains that the worst prison she experienced is not the prison that Nazis put her in but the one she created for herself: the prison within her own mind. She describes the most pervasive imprisoning beliefs she has known—including fear, grief, anger, secrets, stress, guilt, shame, and avoidance—and the tools she has discovered to deal with these universal challenges. These lessons are offered through riveting and inspiring stories from her life and the lives of her patients. This new, revised edition of *The Gift* contains two new chapters that examine the invaluable insights and lessons Edie learned during the Covid-19 pandemic; a time she used to rediscover freedom even in lockdown and to enjoy the simple pleasures of life, including preparing and sharing meals with the ones we love. Edie includes recipes for some of her favorite dishes which have been updated and tested by her daughter Marianne Engle and explains how food can be a deep expression of love and connection. As readers seek to find joy and some peace in these challenging times, Eger's wisdom and heartfelt advice is as timely, and timeless, as ever and certain to resonate with Eger's devoted readers and those who have not yet found her transformational wisdom. Filled with empathy, insight, and humor, *The Gift* captures the vulnerability and common challenges we all face and provides encouragement and advice for breaking out of our personal prisons to find healing and greater joy in life.
