Sea of Storms Stuart B. Schwartz, 2016-07-26 A panoramic social history of hurricanes in the Caribbean The diverse cultures of the Caribbean have been shaped as much by hurricanes as they have by diplomacy, commerce, or the legacy of colonial rule. In this panoramic work of social history, Stuart Schwartz examines how Caribbean societies have responded to the dangers of hurricanes, and how these destructive storms have influenced the region's history, from the rise of plantations, to slavery and its abolition, to migrations, racial conflict, and war. Taking readers from the voyages of Columbus to the devastation of Hurricane Katrina, Schwartz looks at the ethical, political, and economic challenges that hurricanes posed to the Caribbean's indigenous populations and the different European peoples who ventured to the New World to exploit its riches. He describes how the United States provided the model for responding to environmental threats when it emerged as a major power and began to exert its influence over the Caribbean in the nineteenth century, and how the region's governments came to assume greater responsibilities for prevention and relief, efforts that by the end of the twentieth century were being questioned by free-market neoliberals. Schwartz sheds light on catastrophes like Katrina by framing them within a long and contentious history of human interaction with the natural world. Spanning more than five centuries and drawing on extensive archival research in Europe and the Americas, *Sea of Storms* emphasizes the continuing role of race, social inequality, and economic ideology in the shaping of our responses to natural disaster.

Hungary and Other Emerging EU Countries in the Financial Storm Júlia Király, 2020-08-18 This book analyzes the banking crisis and the events surrounding it in Hungary and other emerging EU member countries in 2007-2013. Written by Júlia Király, a former policymaker, and the Deputy Governor of the Hungarian Central Bank at the time of the crisis, it also offers a firsthand account of

the processes in and responses to the financial crisis. While there is extensive literature on the crisis, most of it focuses on the US or the Eurozone, sometimes mentioning the “emerging world” in passing. However, Central and Eastern Europe experienced the crisis very differently than other emerging countries. In the pre-crisis years, the region in accession to the EU attracted abundant fresh capital, but the seemingly unconstrained global liquidity fuelled credit bubbles. After the Lehman crisis, capital rapidly fled these countries. In this part of the world, the recession proved to be much worse than elsewhere, with double-digit growth soon turning into a double-digit decline in GDP. Several countries had to turn to the IMF and the EU for stand-by credit. Based on her own inside experience as a top central banker, the author offers a personal yet professional analysis of the causes and consequences of the financial hurricane.

Gemert, 2013-06-12 Los jugadores del FC Rapitas van a luchar por el título nacional, y encima, ¡los han invitado a asistir a la semifinal de la Liga de Campeones, que se celebrará en Londres! Pero lo que debería haber sido un viaje de placer termina convirtiéndose en una auténtica pesadilla para Hans y Storm...

The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean (1492-1898) Yolanda Martínez-San Miguel, Santa Arias, 2020-11-29 The Routledge Hispanic Studies Companion to Colonial Latin America and the Caribbean (1492-1898) brings together an international team of scholars to explore new interdisciplinary and comparative approaches for the study of colonialism. Using four overarching themes, the volume examines a wide array of critical issues, key texts, and figures that demonstrate the significance of Colonial Latin America and the Caribbean across national and regional traditions and historical periods. This invaluable resource will be of interest to students and

scholars of Spanish and Latin American studies examining colonial Caribbean and Latin America at the intersection of cultural and historical studies; transatlantic, postcolonial and decolonial studies; and critical approaches to archives and materiality. This timely volume assesses the impact and legacy of colonialism and coloniality.

The Secret Lives of Anthropologists Bonnie L.

Hewlett, 2019-11-26 This book addresses the difficult conditions researchers may face in the field and provides lessons in how to navigate the various social, political, economic, health, and environmental challenges involved in fieldwork. It also sheds important light on aspects often considered secret or taboo. From anthropologists just starting out to those with over forty years in the field, these researchers offer the benefit of their experience conducting research in diverse cultures around the world. The contributions combine engaging personal narrative with consideration of theory and methods. The volume emphasizes how being adaptable, and aware, of the many risks and rewards of ethnographic research can help foster success in quantitative and qualitative data collection. This is a valuable resource for students of anthropological methods and those about to embark on fieldwork for the first time.

Storm and stress, 2010 El material presentado en este libro (proyectos y ponencias) recoge lo que fue la V Bienal Europea de paisaje celebrada en Barcelona en 2008. A propósito del lema Tormenta e ímpetu los profesionales del urbanismo reflexionan sobre la intervención contemporánea en el paisaje, tanto desde la propia disciplina como desde otros ámbitos vinculados a su estudio y evolución. Catálogo de la V Bienal Europea del Paisaje, V Premio Europeo de Paisaje Rosa Barba.

Routledge Diccionario Técnico Inglés Routledge, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history,

coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficultly accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

Por Siempre Catharine Cahill, 2022-06-29 DESCRIPCIÓN DEL LIBRO: Cuando a su mejor amiga y socia comercial, Laura, le diagnostican un cáncer terminal, Storm Renoir se dirige a Boston y se reúne con su ex, el Dr. Hunter Caveat. A pesar de no haber visto al ilustre doctor durante 20 años, Storm sabe que, el ahora mundialmente reconocido oncólogo, podría ser su última oportunidad para salvar a su amiga y espera poder también reavivar la pasión que alguna vez tuvieron el uno por el otro. Pero la vida de Hunter no es tan tranquila y libre de problemas como ella había imaginado y su ex esposa, la alcohólica en recuperación Savannah, pronto estará haciendo de las suyas en un intento de destruir el sueño de Storm. Mientras Storm y Hunter se vuelven íntimos una vez más, Savannah juega todos los trucos sucios que conoce para quedarse con Hunter. Y cuando las cosas llegan a un punto crítico, es Storm quien se queda recogiendo los pedazos. ¿Ha perdido a Hunter para siempre, justo cuando pensaba que lo había recuperado? ¿O hay alguna forma de que todavía puedan estar juntos, lejos de las maquinaciones venenosas de su ex?

The Storm Tomas Gonzalez, 2018-12-04 A riveting family drama set on the lush and dangerous Colombian coast. By one of Colombia's most acclaimed contemporary novelists, *The Storm* is an atmospheric, gripping portrait of the tensions that devastate

one family. Twins Mario and Jose do not know how to cope with the hatred they feel for their father, an arrogant man whose pride seems to taint everything he touches. Over the course of a fateful fishing trip straight into the heart of a storm, father and sons are confronted with the unspoken secrets and resentments that are destroying them.

The Circuit Francisco Jiménez,1997 A collection of stories about the life of a migrant family.

Historical Turning Points in Spanish Economic Growth and Development, 1808-2008 Concha Betrán,Maria A. Pons,2020-06-27 This book analyses the main historical turning points in the Spanish economy and the related challenges it faced. It focuses on six turning points that changed the direction of the Spanish economy, and identifies the economic, social or political origin of these watersheds. It also compares the Spanish trajectory with the international one, exploring the macroeconomic context in which these turning points happened, as well as the external and internal constraints on domestic political choices for a small country like Spain. The book focuses on how Spain faced up to each turning point, the reforms that were implemented, the differences between the Spanish response and that of other countries, the results of the policies enacted and what problems were not tackled. This is an interesting and unique perspective as most of the turning points in economic history are generally studies from the viewpoint of core countries such as the UK, US or Germany. The ultimate objective is to learn useful lessons from Spanish economic history in order to better face future turning points.

Before the Shining Path Jaymie Heilman,2010-07-23 From 1980 to 1992, Maoist Shining Path rebels, Peruvian state forces, and Andean peasants waged a bitter civil war that left some 69,000 people dead. Using archival research and oral interviews, Before the Shining Path is the first long-term historical examination of the Shining Path's political, economic, and social

antecedents in Ayacucho, the department where the Shining Path initiated its war. This study uncovers rural Ayacucho's vibrant but largely unstudied twentieth-century political history and contends that the Shining Path was the last and most extreme of a series of radical political movements that indigenous peasants pursued. The Shining Path's violence against rural indigenous populations exposed the tight hold of anti-Indian prejudice inside Peru, as rebels reproduced the same hatreds they aimed to defeat. But, this was nothing new. Heilman reveals that minute divides inside rural indigenous communities repeatedly led to violent conflict across the twentieth century.

La caja del amor Mathias Malzieu, 2013-02-07 Un pack de tres eBooks imprescindibles de Mathias Malzieu: La mecánica del corazón, La alargada sombra del amor y Metamorfosis en el cielo. La mecánica del corazón Imagina la noche más fría de la historia: La nieve cae sobre la ciudad de Edimburgo. En lo alto de una colina nace el pequeño Jack, pero su corazón está dañado. Y por eso necesitará reemplazarlo por un reloj de madera, un corazón artificial del que dependerá su vida. Acompañaremos a Jack en su aventura quijotesca desde las frías callejuelas escocesas hasta una radiante ciudad andaluza, en busca del amor. Pero ¡cuidado!, Jack debe seguir unas reglas para sobrevivir: Uno: no toques las agujas. Dos: domina tu cólera. Tres: no te enamores nunca. La mecánica del corazón depende de ello... Deseemos suerte a Jack, y recordemos que, como en este cuento para niños grandes, todos hemos sufrido alguna vez por nuestro voluble corazón. La alargada sombra del amor Mathias, un joven treintañero, acaba de perder a su madre. El período de duelo se cierne sobre él. Mientras espera en el parking del hospital a su padre y a su hermana, ocurre un hecho insólito. Un gigante se le aparece y le anuncia: «Soy el gigante Jack, doctor en sombrología. Trato a las personas aquejadas de duelo administrándoles un trozo de mi sombra. Con la sombra su puede batir el dolor y la muerte.» ¿Será Mathias capaz de vencer el dolor? ¿Evitará al abismo? ¿Somos nosotros

mismos capaces de asumir la pérdida de un amor, un familiar o un amigo? Si no es así, el gigante Jack -un viejo conocido de los lectores- tiene la fórmula perfecta para todos. Metamorfosis en el cielo Todos tenemos sueños, y el del joven Tom «Hematoma» Cloudman es volar. Por eso es acróbata -algunos dicen que el peor acróbata del mundo- y especialista en escenas de riesgo, pues así se siente más cerca del cielo. Entre saltos y piruetas su cuerpo se desgasta, hasta que un día le detectan una grave enfermedad. Pero el destino de Tom no es el de cualquiera, y si le acompañamos veremos que poco después, en uno de sus paseos nocturnos por la clínica, conoce a una fascinante criatura, mitad mujer y mitad pájaro, de quien cae fulminantemente enamorado. ¡Pobre Tom! Lo que no sabe es que esa criatura tiene la llave de su destino. La mujer pájaro le propone un trato: «Yo puedo convertirte en pájaro y curarte, aunque tienes que asumir todas las consecuencias. Para activar tu metamorfosis, tienes que hacerme el amor. La metamorfosis del amor podría salvar tu vida. O no.» Si Tom es fiel a sus sentimientos, tendrá que dar un paso irreversible: transformarse y abandonar la vida humana por una nueva aventura... y es que, ¿en qué estamos dispuestos a convertirnos por amor? La crítica ha dicho... «La mecánica del corazón es una joya. Con este libro se siente el impulso de comprarlo de diez en diez ejemplares para poder regalarlo a nuestros seres queridos.» Philippe Manche, SOIR «Los consejos que alberga este libro [La alargada sombra del amor] pueden convertirse en mantras para los lectores.» La Vanguardia «[Metamorfosis en el cielo es] no de los libros más cautivadores de la temporada.» El País

The Strange American Way Caja Munch, 1970 A young bride, Caja Munch accompanied her husband, Johan Storm Munch, from Norway to Wisconsin where he had received his first call to become pastor of several newly organized Norwegian Lutheran congregations. Her letters to her parents, written during a four-year period, 1855-59, and Pastor Munch's An American Adventure,

an excerpt from his *Vita Mea*, written fifty years after the visit to America, provide, with an uncanny timelessness and a distinct and charming literary style, perspectives on the immigrant in rural America which will be of considerable interest to general readers as well as historians and sociologists.

La golondrina negra (Un caso de Søren Marhaug 2)

Sissel-Jo Gazan, 2015-04-09 Un gran thriller científico ganador del Reader's Book Award, por la autora de *Las alas del dinosaurio* (Mejor Novela Negra Danesa de la Década, una de las mejores novelas negras de 2013 según Wall Street Journal y DR's Literary Prize). «Si solo lee un par de libros cada año, que *La golondrina negra* sea uno de ellos. Me he enamorado por completo de él. No se puede abandonar su lectura.» Booksnob.dk (Dinamarca)
Cuando el profesor Kristian Storm aparece ahorcado en su oficina, su asistente Marie Skov se resiste a creer que su mentor haya podido suicidarse. El investigador acababa de regresar de un viaje al África Occidental y se disponía a revelar una escandalosa verdad sobre los programas inmunológicos en los países del tercer mundo. El detective Søren Marhaug tampoco confía en la versión oficial de los hechos. En un momento crítico de su vida personal, asediada por los fantasmas del pasado, Marie debe lidiar con la polémica herencia del profesor y ayudar a Søren en una investigación más allá de las fronteras de la legalidad, tras la verdadera cara de la industria farmacéutica. La crítica ha dicho... «Un thriller científico fascinante y lleno de suspense. Para aprender y sorprenderse. Una de las mejores novelas negras que he leído. No se la pierdan.» Femina (Dinamarca) «Una novela

negra ambiciosa y distinta. Un libro importante.» Frederiksborg
Amts Avis (Dinamarca) «Un thriller científico brutal, elegante y
complejo. La trama es formidable.» Information
