Mark Twain Connie Ann Kirk, 2004-07-30 Samuel Clemens lived 75 years, 50 under the pseudonym Mark Twain. His youth could be characterized as sometimes mischievous, his older years as generally eccentric and his writing as always provocative. Twain left a literary canon of nearly 50 books, hundreds of short stories and essays, and a veritable treasury of quotable epigrams. While his words and his works have stood up to the test of time, knowing the man behind the persona, and understanding what inspired and influenced the writer, is crucial to fully appreciating the contributions Twain made to American literature. By skillfully weaving together strands of history with his personal story, this authoritative biography helps readers come to more fully understand the man and his enduring legacy. Starting with a chapter on Clemens' boyhood, readers are treated to a very personal view of Twain's early life. Twain's adult life is chronicled with five expertly developed chapters that explore his early professional years from printer to pilot, his travels westward and abroad, his gilded years with his beloved wife Livy, and his final years of widowhood and decline. This engaging biography also delves into the enduring impact of Twain's creative voice and his unique blend of humor with social commentary that not only entertained but also challenged thinking and changed the literary landscape forever. This biography draws from the best of established Twain resources and scholarship, and adds fresh new perspectives from personal letters, original manuscripts, and extended study visits to important places including Twain's study and Quarry Farm. This work is written in a lively style that Twain himself would appreciate and students will enjoy. Researchers hoping to dig deeper into the Twain legacy will benefit from the expertly compiled information and documentation of resources offered here. A chronology, a bibliography

and five additional fact-filled appendices, including quotes from Twain, books by Twain, and a rendering of his family tree will help readers get a solid handle on the details as well as the big picture of Mark Twain's life and legacy.

Dear California David Kipen, 2023-10-03 Dispatches from a land of extremes, by writers and movie stars, natives and visitors, activists and pioneers, and more. California has always been, literally, a place to write home about. Renowned figures and iconoclasts; politicians, actors, and artists; the world-famous and the not-so-much—all have contributed their voices to the patchwork of the state. With this book, cultural historian and California scholar David Kipen reveals this long-storied place through its diaries and letters, and gives readers a highly anticipated follow up to his book *Dear Los Angeles*. Running from January 1 through December 31, leaping across decades and centuries, *Dear California* reflects on the state's shifting landscapes and the notion of place. Entries talk across the centuries, from indigenous stories told before the Spanish arrived on the Pacific coast through to present-day tweets, blogs, and other ephemera. The collected voices show how far we've wandered—and how far we still have to go in chasing the elusive California dream. This is a book for readers who love California—and for anyone who simply treasures flavorful writing. Weaving together the personal, the insightful, the impressionistic, the lewd, and the hysterically funny, *Dear California* presents collected writings essential to understanding the diversity, antagonisms, and abiding promise of the Golden State. Writings from Edward Abbey, Louis Armstrong, Ambrose Bierce, Octavia Butler, John Cage, Willa Cather, Cesar Chavez, Julia Child, Winston Churchill, Simone de Beauvoir, Albert Einstein, F. Scott Fitzgerald, Jane Fonda, Allen

Ginsberg, Dolores Huerta, Langston Hughes, Zora Neale Hurston, Steve Jobs, Billy Joel, Frida Kahlo, John F. Kennedy, Anne Lamott, John Lennon, Groucho Marx, Henri Matisse, Marshall McLuhan, Herman Melville, Charles Mingus, Marilyn Monroe, John Muir, Ronald Reagan, Sally Ride, Joan Rivers, Susan Sontag, Mark Twain, Oscar Wilde, Laura Ingalls Wilder, Mark Zuckerberg, and many others.

Olives in California's Gold Country Salvatore Manna and Terry Beaudoin, 2014 The history of the olive in the Gold Country of Northern California is a story of the Spanish in the New World, of the Gold Rush, of immigrants from Italy and other Mediterranean countries, of bold pioneers, enterprising farmers and scientists, and of businessmen and businesswomen. Focusing on Calaveras County in the south and Placer County in the north, but also exploring the olive throughout most of Northern California, including olive havens such as Corning and Oroville, that story is told within these pages through rare and fascinating photographs. For those who wish to explore the olive in Northern California, whether its history, industry or technology, this volume provides both an appetizer and a satisfying entrée. As love of the olive grows, for the first time a book tells the tale of the olive tree, the king of trees, in the Mother Lode of California.

Roaring Camp: The Social World of the California Gold Rush Susan Lee Johnson, 2000-12-17 Winner of the Bancroft Prize The world of the California Gold Rush that comes down to us through fiction and film is one of half-truths. In this brilliant work of social history, Susan Lee Johnson enters the well-worked diggings of Gold Rush history and strikes a rich lode. Johnson explores the dynamic social world created by the Gold Rush in the Sierra Nevada foothills east of Stockton, charting the surprising ways in which the conventions of identity—ethnic, national, and

sexual—were reshaped. With a keen eye for character and story, she shows us how this peculiar world evolved over time, and how our cultural memory of the Gold Rush took root.

Companion to California James D. Hart, 1987-12 This work is intended as a useful companion for anybody interested in general or basic knowledge about any aspect of the most populous state in the Union. It is designed to be serviceable to a wide variety of readers and consultants, whose range might include residents and tourists, high-school and college students, as well as scholars seeking a ready reference. At present no single volume comprehends such a scope as this one and although it treats its subjects briefly, many an entry also includes data not found elsewhere in a single place. Reference to hundreds of books and articles would be required to provide the information that is here between the two covers.
