

🔍 **FROM A WOODEN CANOE** JERRY DENNIS,2014-01-17 In these acclaimed essays, Jerry Dennis, widely recognized as one of our finest writers on nature and the outdoors, turns his attention to old passions and finds new reasons to appreciate them. This engaging collection explores the quintessential American sports of canoeing and camping and pays tribute to the things worth keeping, from wooden canoes and pocket knives to cast-iron skillet, long-johns, canvas tents, and fine moments on the water. At a deeper level, it is about respect—for our possessions, for the natural world, for one another—and about the pleasures of a life well spent. From a Wooden Canoe is a celebration of the good things and the simple pleasures of life outdoors. It is a book to be treasured, to be read on winter evenings and rainy afternoons, and to be kept handy on a cabin shelf. PRAISE: “Jerry Dennis knows the good stuff: how to make your matches waterproof; why it’s good to have a Thermos handy; and how long Johns got their name. Mr. Dennis also knows how to write amusing, informative essays about the gear we use outdoors. From a Wooden Canoe is the most satisfying kind of nature writing because it makes you want to get up and get out. Give these essays a good read, and then find your own canoe.” —Wall Street Journal “As Jerry Dennis’s recent book, From a Wooden Canoe, attests, canoes do inspire passion and fidelity. The thirty-one pieces here—most of them from the pages of Canoe and Kayak magazine—include tender odes to hand-hewn wooden paddlers and the rough work of portaging, as well as reflections on other old-school outdoor stuff: homemade waterproof matches, the smell of canvas, and the mysterious, indestructible Thermos.” —The New Yorker “Dennis writes concise, well-informed, witty prose; his tone is friendly and appreciative of tradition without being maudlin. The celebratory tone of most of the essays is nicely tempered by a send-up of curmudgeons and a concluding essay that might have come from O’Neill’s Long Day’s Journey into Night. Recommend this fine example of literary outdoors writing to fans of Bill Barich and W.D. Wetherell.” —Booklist

🔍 **PADDLE TO THE AMAZON** Don Starkell,1994-09-03 It was crazy. It was unthinkable. It was the adventure of a lifetime. When Don and Dana Starkell left Winnipeg in a tiny three-seater canoe, they had no idea of the dangers that lay ahead. Two years and 12,180 miles later, father and son had each paddled nearly twenty million strokes, slept on beaches, in jungles and fields, dined on tapir, shark, and heaps of roasted ants. They encountered piranhas, wild pigs, and hungry alligators. They were arrested, shot at, taken for spies and drug smugglers, and set upon by pirates. They had lived through terrifying hurricanes, food poisoning, and near starvation. And at the same time they had set a record for a thrilling, unforgettable voyage of discovery and old-fashioned adventure. Courageous . . . Exciting and always immediate. -- The New York Times Book Review

🔍 **THE AMERICAN CANOE ASSOCIATION’S RIVER SAFETY ANTHOLOGY** Charles C. Walbridge,Jody Tinsley,American Canoe Association,1996 For over a decade, the American Canoe Association has gathered accident reports connected with the sport of whitewater paddling. As much a tool for instruction as it is a body of literature, The American Canoe Association’s River Safety Anthology represents an effort to educate the public to the potential dangers of whitewater sports. These stories tell of the resourcefulness and heroics of people who, despite the odds of personal injury, placed themselves at risk to help others. This collection is also a homage to those who have lost their lives while engaged in whitewater sports. (6 x 9, 136 pages, charts, illustrations)

🔍 **CANOE AND CANVAS** Jessica Dunkin,2019-08-22 Canoe and Canvas offers a detailed portrait of the summer encampments of the American Canoe Association between 1880 and 1910. The encampments were annual events that attracted canoeing enthusiasts from both sides of the Canada-US border to socialize, race canoes, and sleep under canvas. While the encampments were located away from cities, they were still subjected to urban logic and ways of living. The encampments, thus, offer a unique site for exploring cultures of sport and leisure in late Victorian society, but also for considering the intersections between recreation and the politics of everyday life. A social history of sport, Canoe and Canvas is particularly concerned with how gender, class, and race shaped the social, cultural, and physical landscapes of the ACA encampments. Although there was an ever-expanding arena of opportunity for leisure and sport in the late nineteenth century, as the example of the ACA makes clear, not all were granted equal access. Most of the members of the American Canoe Association and the majority of the campers at the annual encampments were white, middle-class men, though white women were extended partial membership in 1882, and in 1883, they were permitted to camp on site. Canoe and Canvas also reveals how Black, Indigenous, and working-class people, while obscured in the historical record, were indispensable to the smooth functioning of these events through their labour.

🔍 **MY TRAVELS BY CANOE** William V. McNaul,2005-10-07 The story begins with the author as a child getting an unwitting education in the ways of moving water by playing in the creek that flowed by his boyhood home. The McNaul residence was located between a railroad embankment and a highway which were confining borders for a kid growing up. Finally aging and being permitted beyond these barriers lead to the discovery of canoeing. The first trials and errors of boating and a slow advance to different types of canoe trips are covered in the text. Then a birthday gift of a Pennsylvania stream map changed the authors canoe plans to give them some direction, and a goal to complete all of the canoeable waterways in the state was formed. At first the aim to do all of the creeks was not too seriously taken, but as the blue lines on the map were filled in, this indicated that it could be achieved. The pursuit of a lot of little creeks and unrecorded ones finally led to completion of the goal over thirty-three years of paddling. The struggle to complete the most difficult creek was a high point in the game, and a ten yard escape from going over a thirty foot waterfall was an event the author would never forget. The adventures of the course taken on tide waters, in swamps, through industrial zones, of hazards encountered, wildlife, and severe weather conditions are spread throughout the writing. Memories of the twenty-two canoes and kayaks used and of the large ships that his canoe had been up close to on the Delaware River and Lake Erie are mentioned for the record. The voyagers, who traveled with the author on unknown creeks and on week-long river journeys, brought life to the activities of the day. Some of the many interesting people met along the highway of water are included in the writings. In the end the author reviews some of the good and bad practices of canoe sport with the hopes of improving establishment thinking throughout the canoe-kayak fraternity. -William V. McNaul
