Anam Cara John O'Donohue, 2009-03-17 Anam Cara is a rare synthesis of philosophy, poetry, and spirituality. This work will have a powerful and life-transforming experience for those who read it. –Deepak Chopra John O'Donohue, poet, philosopher, and scholar, guides you through the spiritual landscape of the Irish imagination. In Anam Cara, Gaelic for soul friend, the ancient teachings, stories, and blessings of Celtic wisdom provide such profound insights on the universal themes of friendship, solitude, love, and death as: Light is generous The human heart is never completely born Love as ancient recognition The body is the angel of the soul Solitude is luminous Beauty likes neglected places The passionate heart never ages To be natural is to be holy Silence is the sister of the divine Death as an invitation to freedom

The Dearly Beloved Cara Wall, 2019-08-13 “This gentle, gorgeously written book may be one of my favorites ever.” –Jenna Bush Hager (A Today show “Read with Jenna” Book Club Selection!) “A thoughtful, beautiful multigenerational novel about love, God, jealousy, and friendship.” –Elizabeth Gilbert, author of Eat, Pray, Love “A moving portrait of love and friendship set against a backdrop of social change.” –The New York Times Book Review (Editor’s Choice) “Here is the power of the novel in its simplest, richest form: bearing intimate witness to human beings grappling with their faith and falling in love. That Wall executes it so beautifully? Well, this is exactly why we read literary fiction...The best book about faith in recent memory.” –Entertainment Weekly (A-) Charles and Lily, James and Nan. They meet in Greenwich Village in 1963 when Charles and James are jointly hired to steward the historic Third Presbyterian Church through turbulent times. Their personal differences however, threaten to tear

them apart. Charles is destined to succeed his father as an esteemed professor of history at Harvard, until an unorthodox lecture about faith leads him to ministry. How then, can he fall in love with Lily—fiercely intellectual, elegantly stern—after she tells him with certainty that she will never believe in God? And yet, how can he not? James, the youngest son in a hardscrabble Chicago family, spent much of his youth angry at his alcoholic father and avoiding his anxious mother. Nan grew up in Mississippi, the devout and beloved daughter of a minister and a debutante. James's escape from his desperate circumstances leads him to Nan and, despite his skepticism of hope in all its forms, her gentle, constant faith changes the course of his life. In *The Dearly Beloved*, we follow these two couples through decades of love and friendship, jealousy and understanding, forgiveness and commitment. Against the backdrop of turbulent changes facing the city and the church's congregation, these four forge improbable paths through their evolving relationships, each struggling with uncertainty, heartbreak, and joy. A poignant meditation on faith and reason, marriage and children, and the ways we find meaning in our lives, Cara Wall's *The Dearly Beloved* is a gorgeous, wise, and provocative novel that is destined to become a classic.

Her greatest friend on the farm was Edward's mother. Edith Hendry, a loyal and wise Dales-woman, was to see the young bride through many tragedies and vicissitudes. And as Cara's life began to change, so Cara changed too, finding a complete and utter happiness where she had never expected to...

Photographic Presidents Cara A. Finnegan, 2021-05-18 Defining the Chief Executive via flash powder and selfie sticks Lincoln's somber portraits. Lyndon Johnson's swearing in. George W. Bush's reaction to learning about the 9/11 attacks. Photography plays an indelible role in how we remember and define American presidents. Throughout history, presidents have actively participated in all aspects of photography, not only by sitting for photos but by taking and consuming them. Cara A. Finnegan ventures from a newly-discovered daguerreotype of John Quincy Adams to Barack Obama's selfies to tell the stories of how presidents have participated in the medium's transformative moments. As she shows, technological developments not only changed

photography, but introduced new visual values that influence how we judge an image. At the same time, presidential photographs—as representations of leaders who symbolized the nation—sparked public debate on these values and their implications. An original journey through political history, *Photographic Presidents* reveals the intertwined evolution of an American institution and a medium that continues to define it.

Nicole Miller: Michael in Black Lauren Mackler, 2022-04-05 On the reconstitution of a body, death, translation, and editing This first monograph on artist and filmmaker Nicole Miller focuses on a single sculpture by the artist: Michael in Black (2018). This book brings together a cohort of writers and other artists through newly commissioned texts and works for the page, as well as republished texts and images that exist as their own whole. Some texts hinge on the sculpture, others are tangents. The book's texts and images build on each other, functioning as a prism for the publication's subject. Michael in Black (2018) is a bronze cast of Michael Jackson's kneeling figure, poured from a mold made directly from his body around 1986. This talismanic object comprises myriad aspects of celebrity and image: the objecthood of the performer, the potency and perversity of objects, death, and grief. This sculpture is an outlier in Miller's work, though it excavates some concerns she has similarly articulated in moving image: her recurring interest in the self-performance of her film subjects; the dehumanizing effects of the mass gaze; the celebrity as a host object for contemporary projections; the tactility of film, the sculptural qualities of editing; and the potential for self-storytelling to reconstitute an individual's wholeness.

Making Photography Matter Cara A. Finnegan, 2015-05-30 Photography became a dominant medium in cultural life starting in the late nineteenth century. As it happened, viewers increasingly used their reactions to photographs

to comment on and debate public issues as vital as war, national identity, and citizenship. Cara A. Finnegan analyzes a wealth of newspaper and magazine articles, letters to the editor, trial testimony, books, and speeches produced by viewers in response to specific photos they encountered in public. From the portrait of a young Lincoln to images of child laborers and Depression-era hardship, Finnegan treats the photograph as a locus for viewer engagement and constructs a history of photography's viewers that shows how Americans used words about images to participate in the politics of their day. As she shows, encounters with photography helped viewers negotiate the emergent anxieties and crises of U.S. public life through not only persuasion but action, as well.
