Story Genius Lisa Cron,2016-08-09 Following on the heels of Lisa Cron's

breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

Playing Card Divination Stephen Ball, 2020-06-08 Develop your own path of wisdom with a simple deck of cards. Turn a standard deck of playing cards into a colorful divinatory system filled with inspiration, adventure, insight, and advice. In Playing Card Divination, each card from ace through king represents a mythic role (Hunter, Lover, Healer, etc.) and each of the four suits gives an action for that role (Promise, Gambit, Folly, Triumph). This brings a unique meaning to every combination—for example, the three of hearts becomes Healer's Triumph, representing gratitude, recognition, and teamwork. For each card, author Stephen Ball provides a brief imaginative story that helps you understand and remember the meaning. You will also

discover examples of readings with one card, two cards, and five cards as well tips for interpreting unexpected combinations. This approach to reading playing cards is fresh and updated for today's reader. Whether you want to read for yourself and your friends or for clients, this book shows how to discover new perspectives that support positive transformation.

Immigrating to the United States: My Story with Actual Documents and Other Facts Adrianee Ray, 2021-10-24 The path to becoming a citizen of the United States of America can be arduous. My book lays out in great detail how immigrants can become U.S. citizens by simply following the guidelines laid out by the USCIS. This book shows the processes involved in becoming a U.S. citizen and explain what needs to be done each step of the way. Beginning with an initial application, to biometrics, to interview, and all the forms filled out along the way - the process of immigrating to the U.S. is clearly spelled out for anyone who has an interest in moving to the U.S., or bringing a family member into the U.S. You will see actual immigration forms that I used in my own process and the response received from USCIS at each leg of my journey, along with the timelines for each part of the application process. In addition to all this, there is a question and answer chapter that provides answers to some of the many questions that arise during the immigration process. Fun facts and other tidbits are also included.

How do we find and tell our stories quickly, in an environment of urgency where we can hardly pause to catch our breath? For more than a decade Hutchens has tested his method of rapid and strategic story development with innovation teams in Silicon Valley, across global Fortune 100 leadership teams, and more. Hutchens has honed a unique process that is active, potent, and strategically focused . . . and also a lot of fun.
