Carla's Sandwich Debbie Herman, 2015-06-01 This charming story presents a new way for young children to understand how to creatively embrace who they are, no matter what others think. Carla's lunch box is filled with odd delights like the Olive, Pickle and Green Bean Sandwich, the Banana-Cottage-Cheese Delight, and the unforgettable Chopped Liver, Potato Chips, and Cucumber Combo. To Carla, they are delicious and creative lunches, but her teasing classmates are unconvinced and abandon her at the lunch table to eat her bizarre sandwiches alone. One day, however, tables turn when Buster—the worst tease of all—forgets his lunch on the day of the picnic and Carla thoughtfully offers him her extra sandwich. Her own spirited nature helps Carla teach her classmates that unusual can actually be good. Lively illustrations help showcase the book's messages of acceptance, tolerance, individuality, and creativity, and the funny plot and authentic dialogue are sure to make this tale a favorite among elementary school children. Carla's creative sandwich solutions provide young chefs-to-be with the inspiration to create sandwich masterpieces of their own.

Finding Carla Ross Nixon, 2016 In March 1967, a Cessna 195 flew from Oregon towards San Francisco carrying a family of three: Alvin Oien, Sr. (the pilot), his wife Phyllis and step-daughter Carla Corbus. Due to worse-than-predicted weather, it went down in the Trinity Mountains of California only eight miles from a highway and beneath a busy commercial airway. This was before radio-beacon type emergency locators were required equipment for airplanes; the family survived the crash for almost two months but the ruggedness of the terrain and the fact that they were far off their intended course made finding them by sight impossible. Searchers determined the weather in the mountains also made living impossible after a period of time had passed. Half a year later, the eventual finding of the wreck by hunters shocked the nation. A diary and series of letters from the survivors explained their predicament. These Oien family documents as well as photos of the family and from the search are included in the story. This tragedy spurred political action towards the mandatory Emergency Locator Transmitters (ELTs) that are carried aboard all U.S. civil aircraft. ELT radios have saved thousands of lives since they were mandated and their technology continues to improve and find more lost people. Pilots who read this story will never fly without a flight plan, survival gear, or a working ELT. In aviation, we say the regulations are written in blood. This compelling story is the blood behind the ELT regulations. While indeed tragic, the Oien family's legacy has a brighter side: Their story led directly to this effective legislation of requirements for the airplane locators that have since saved so many lives in search-and-rescue operations. Their complete story is now told for the first time -- the Carla Corbus Diary is uncovered here along with the family letters that accompanied it, never before published in full.

If the Oceans Were Ink Carla Power, 2015-04-07 PULITZER PRIZE FINALIST • NATIONAL BOOK AWARD FINALIST • Hailed by The Washington Post as "mandatory reading," and praised by Fareed Zakaria as "intelligent, compassionate, and revealing," a powerful journey to help bridge one of the greatest divides shaping our world today. *If the Oceans Were Ink* is Carla Power's eye-opening story of how she and her longtime friend Sheikh Mohammad Akram Nadwi found a way to confront ugly stereotypes and persistent misperceptions that were cleaving their communities. Their friendship—between a secular American and a madrasa-trained sheikh—had always seemed unlikely, but now they were frustrated and bewildered by the battles being fought in their names. Both knew that a close look at the Quran would reveal a faith that preached peace and not mass murder; respect for women and not oppression. And so they embarked on a yearlong journey through the controversial text. A journalist who grew up in the Midwest and the Middle East, Power offers her unique vantage point on the Quran's most provocative verses as she debates with Akram at cafes, family gatherings, and packed lecture halls, conversations filled with both good humor and powerful insights. Their story takes them to madrasas in India and pilgrimage sites in Mecca, as they encounter politicians and jihadis, feminist activists and conservative scholars. Armed with a new understanding of each

other's worldviews, Power and Akram offer eye-opening perspectives, destroy long-held myths, and reveal startling connections between worlds that have seemed hopelessly divided for far too long. Praise for *If the Oceans Were Ink* "A vibrant tale of a friendship.... *If the Oceans Were Ink* is a welcome and nuanced look at Islam [and] goes a long way toward combating the dehumanizing stereotypes of Muslims that are all too common.... *If the Oceans Were Ink* should be mandatory reading for the 52 percent of Americans who admit to not knowing enough about Muslims."—The Washington Post "For all those who wonder what Islam says about war and peace, men and women, Jews and gentiles, this is the book to read. It is a conversation among well-meaning friends—intelligent, compassionate, and revealing—the kind that needs to be taking place around the world."—Fareed Zakaria, author of *The Post-American World* "Carla Power's intimate portrait of the Quran, told with nuance and great elegance, captures the extraordinary, living debate over the Muslim holy book's very essence. A spirited, compelling read."—Azadeh Moaveni, author of *Lipstick Jihad* "Unique, masterful, and deeply engaging. Carla Power takes the reader on an extraordinary journey in interfaith understanding as she debates and discovers the Quran's message, meaning, and values on peace and violence, gender and veiling, religious pluralism and tolerance."—John L. Esposito, University Professor and Professor of Islamic Studies, Georgetown University, and author of *The Future of Islam* "A thoughtful, provocative, intelligent book."—Diana Abu-Jaber, author of *Birds Of Paradise* and *The Language of Baklava*

The World of Plymouth Plantation Carla Gardina Pestana, 2020-10-06 An intimate look inside Plymouth Plantation that goes beyond familiar founding myths to portray real life in the settlement—the hard work, small joys, and deep connections to others beyond the shores of Cape Cod Bay. The English settlement at Plymouth has usually been seen in isolation. Indeed, the colonists gain our admiration in part because we envision them arriving on a desolate, frozen shore, far from assistance and forced to endure a deadly first winter alone. Yet Plymouth was, from its first year, a place connected to other places. Going beyond the tales we learned from schoolbooks, Carla Gardina Pestana offers an illuminating account of life in Plymouth Plantation. The colony was embedded in a network of trade and sociability. The Wampanoag, whose abandoned village the new arrivals used for their first settlement, were the first among many people the English encountered and upon whom they came to rely. The colonists interacted with fishermen, merchants, investors, and numerous others who passed through the region. Plymouth was thereby linked to England, Europe, the Caribbean, Virginia, the American interior, and the coastal ports of West Africa. Pestana also draws out many colorful stories—of stolen red stockings, a teenager playing with gunpowder aboard ship, the gift of a chicken hurried through the woods to a sickbed. These moments speak intimately of the early North American experience beyond familiar events like the first Thanksgiving. On the 400th anniversary of the Mayflower landing and the establishment of the settlement, *The World of Plymouth Plantation* recovers the sense of real life there and sets the colony properly within global history.

Letters from Inside a U.S. Detention Center Jane Juffer, Carla, 2023-04-19 After fleeing homophobia and threats to her life in her native El Salvador, 'Carla' was detained for two years inside the Buffalo Federal Detention

Center. Her letters provide a powerful and unique account of a queer woman's experience inside America's asylum system. Letters from Inside a U.S. Detention Center reconstructs Carla's story from the correspondence between Carla and Jane Juffer, a professor at Cornell University, and from excerpts from the legal decisions made while she was being held in immigration detention. Contextualised with explanation and analysis of detention in the United States, the book examines how detention exacerbates the trauma many migrants experience and becomes another site of fear, intimidation, and uncertainty. Carla's narrative is a powerful story, and one that illustrates grievous injustices in the U.S. immigration and asylum system. The book will be of immense value to immigration activists and scholars alike, especially in feminist studies, queer studies, and those studying the intersections of prisons and detention centres.

The Who That I Am Cynthia Carla, 2021-08-17 This light and colorfully illustrated children's rhyming book encourages us to be ourselves fully and truly. In this thought-provoking book, children follow a young elephant who shares the who that they are by sharing their feelings, experiences, and dreams. Our young elephant friend openly allows the love within to shine through each moment. This is who they are, and no box can fit all of them! By the end of the book the young elephant discovers that, although they are beautifully unique in their being, their feelings, dreams, and experiences can be similar to those of others. A sort of 'oneness' connects us to each other in life. This realization helps our young elephant friend find comfort, knowing that we all share similarities and can share the same love within us too! What amazing things we can all accomplish when we feel confident to be the who that we are inside, without judgement or fear! And share with each other the love within ourselves too! By being ourselves and embracing love, we bring forth our light to shine into this world. We become everything we want to be, and more. Simultaneously we begin to see that the feelings, experiences, and dreams we have are shared with others too. And when we realize these similarities in each other we begin to notice how we are all connected through them and through love. CYNTHIA CARLA has a deep respect for all life, and the unified love we all share with each other. Cynthia wrote *The Who That I Am* when she took time to sit with her inner light and allow the uniqueness that is within her to shine. She hopes this book will give love and comfort to each soul (child and adult) who reads it. With a universal meaning of loving ourselves and each other, this book also comes with some of the verses that may have additional meanings. Cynthia's wish is that these pages become a fun and educational tool to discuss the meaning behind the words. For example, what does it mean to feel round or flat? What emotions do you relate with these words? When would someone feel these emotions and how can we support each other? It's not just for young children. Even adults can learn a lot from simple questions like these. What a wonderful world we can share when we live with love and communication! Cynthia lives alongside the ocean and her wildlife friends with her fun and loving fur-babies and husband. She sends all her love to each and every one of you! Shine bright, shine through, with love.
