The Face on the Milk Carton Caroline B. Cooney, 2012-05-22 In the vein of psychological thrillers like *We Were Liars* and *One of Us Is Lying*, bestselling and Edgar Award nominated author Caroline Cooney's JANIE series seamlessly blends mystery and suspense with issues of family, friendship and love to offer an emotionally evocative thrill ride of a read. No one ever really paid close attention to the faces of the missing children on the milk cartons. But as Janie Johnson glanced at the face of the ordinary little girl with her hair in tight pigtails, wearing a dress with a narrow white collar—a three-year-old who had been kidnapped twelve years before from a shopping mall in New Jersey—she felt overcome with shock. She recognized that little girl—it was she. How could it possibly be true? Janie can't believe that her loving parents kidnapped her, but as she begins to piece things together, nothing makes sense. Something is terribly wrong. Are Mr. and Mrs. Johnson really her parents? And if not, who is Janie Johnson, and what really happened?

Lady Huntworth's Experiment R. C. Carton, 2022-06-02 Lady Huntworth's Experiment by R. C. Carton is a three-act comedy. It depicts an aristocrat working under an assumed name as a cook, and finding happiness with a retired military man. Caroline Rayward, the cook to the Rev Audley Pillenger, vicar of Stillford, is in fact Lady Huntworth. She was married to a drunk and abusive husband and endured eleven years of matrimonial misery before Lord Huntworth divorced her on a spurious charge of adultery so that he could pursue a rich widow. Thrown on her own resources, she has assumed a new identity and made use of her chief talent, cooking...

Cartons, Crates and Corrugated Board, Second Edition Diana Twede, Susan E. M. Selke, Donatien-Pascal Kamdem, David Shires, 2014-12-22 New expanded second edition with key technical, regulatory and marketing developments from the past 10 years in the packaging industry Covers the materials, processes, and design of virtually all paper and fiberboard packaging for end-products, displays, storage and distribution New information on European and global standards, selection criteria for paperboard, as well as emerging sustainability initiatives Explains recent tests, measurements and costs with ready-to-use calculations Ten years ago, the first edition of *Cartons, Crates and Corrugated Board* quickly became the standard reference book for wood- and paper-based packaging. Endorsed by TAPPI and other professional societies and used as a textbook worldwide, the book has now been extensively revised and updated by a team formed by the original authors and two additional authors. While preserving the critical performance and design data of the previous edition, this second expanded edition offers new information on the technologies, tests and regulations impacting the paper and corrugated industries worldwide, with a special focus on Europe and Japan. New information has been added on tests and novel designs for folded cartons, as well as expanded discussions of paperboard selection for specific

applications, emerging barrier packaging, food contact and migration, and the dynamics and opportunities of corrugated in distribution systems. Recent developments on recycling and sustainability are also highlighted.

Milk Carton Chronicles Norris Tyrone Darden, III,2009-11-11 Milk Carton Chronicles parallels modern and biblical relationships highlighting the impact these relationships can have on a persons' spiritual and social development. Volume I covers kinship, brotherhood and mentorship. Compared to biblical times many will agree that we have advanced in technology but in my own observation I would not make that same assessment in Man's advancement. Milk Carton Chronicles scratches the surface on why this may be. We must find the missing pieces, we must search for the missing faces on the side of milk

cartons.
