Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with Lafcadio, the Lion Who Shot Back. He is also the creator of picture books including A Giraffe and a Half, Who Wants a Cheap Rhinoceros?, The Missing Piece, The Missing Piece Meets the Big O, and the perennial favorite The Giving Tree, and of classic poetry collections such as Where the Sidewalk Ends, A Light in the Attic, Falling Up, Every Thing On It, Don't Bump the Glump!, and Runny Babbit. An Amazon Best Book of the Year and NY Times bestseller! Almost thirty-five years ago Berkeley Breathed launched a little-known yet laugh-inducing comic strip called Bloom County that was full of characters who instantly entered the public consciousness--none more so than Opus (the penguin) and Bill the Cat. Bloom County's popularity soared, it was soon syndicated nationally, had millions of daily readers, and before long its creator was awarded a Pulitzer Prize. Then, nine years later, Bloom County sadly came to a close. It had simply ceased being fun for Berkeley Breathed. Now, more than twenty-five years after it ended, Bloom County has returned in full force and humor online, with an ever-growing fanbase every bit as zealous as it was in the strip's heyday. For the comic's youngest fans, and for those who never stopped wishing for its return, here is an all-new, kid-friendly story for anyone who ever wanted to know the origin story of Bill the Cat. Bloom County has never been more fun! Praise for The Bill the Cat Story The illustrations, a mixture of cartoons, eye-popping virtual paintings, and pencil sketches, will pull inquisitive audiences of all ages into the story.--Booklist [E]xtravagantly rendered artwork in luscious color.--Publishers Weekly

Drawing the Line Tom Sito,2006-10-06 Some of the most beloved characters in film and television inhabit two-dimensional worlds that spring from the fertile imaginations of talented animators. The movements, characterizations, and settings in the best animated films are as vivid as any live action film, and sometimes seem more alive than life itself. In this case, Hollywood's marketing slogans are fitting; animated stories are frequently magical, leaving memories of happy endings in young and old alike. However, the fantasy lands animators create bear little resemblance to the conditions under which these artists work. Anonymous animators routinely toiled in dark, cramped working environments for long hours and low pay, especially at the emergence of the art form early in the twentieth century. In Drawing the Line, veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit. The former president of America's largest animation union, Sito offers a unique insider's account of animators' struggles with legendary studio kingpins such as Jack Warner and Walt Disney, and their more recent battles with Michael Eisner and other Hollywood players. Based on numerous archival documents, personal interviews, and his own experiences, Sito's history of animation unions is both carefully analytical and deeply personal. Drawing the Line stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry's past, present, and future. Like most elements of the modern commercial media system, animation is rapidly being changed by the forces of globalization and technological innovation. Yet even as pixels replace pencils and bytes replace paints, the working relationship between employer and employee essentially remains the same. In Drawing the Line, Sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests -- and for the betterment of their art form.
