A Cat Sort of Way Lisa B. Thrailkill,2004-06-01

Cats Fenella Smith,The Brothers McLeod,2017-09-07 A

lighthearted look at our feline friends and their most amusing (and infuriating) habits. Over 140 entries delightfully illustrate a wealth of cat breeds – from the attention-loving Siamese to the playful Exotic Shorthair – followed by an extensive cat dictionary, which finally defines those characteristic behaviours and cat-related incidents that all cat lovers will recognise. British Shorthair – an old-fashioned sort of Brit. Reserved, mild-tempered, quiet and faithful. Probably the sort of cat that would host a very exclusive and polite cocktail party. Most often comes in a delightful blue hue. Foldex – although it sounds like a trademarked name for a hi-tech folding machine, this is in fact a folded-ear breed that was first developed in the 1990s in Quebec, Canada. Their wide eyes and thick, fluffy tail is complemented by a cheerful and affectionate personality. Catanchored – a cat that is unafraid of anything and remains impassive and immovable even when spotted by a dog (much to the dog's confusion and alarm).

Head-Driven Phrase Structure Grammar Carl Pollard,Ivan A. Sag,1994-08-15 This book presents the most complete exposition of the theory of head-driven phrase structure grammar (HPSG), introduced in the authors' Information-Based Syntax and Semantics. HPSG provides an integration of key ideas from the various disciplines of cognitive science, drawing on results from diverse approaches to syntactic theory, situation semantics, data type theory, and knowledge representation. The result is a conception of grammar as a set of declarative and order-independent constraints, a conception well suited to modelling human language processing. This self-contained volume demonstrates the applicability of the HPSG approach to a wide range of empirical problems, including a number which have occupied center-stage within syntactic theory for well over twenty years: the control of understood subjects, long-distance

dependencies conventionally treated in terms of wh-movement, and syntactic constraints on the relationship between various kinds of pronouns and their antecedents. The authors make clear how their approach compares with and improves upon approaches undertaken in other frameworks, including in particular the government-binding theory of Noam Chomsky.

The Other Side of the World Mary Jo Clark, Thomas Corbett, Haywood Turrentine, 2011-07 The Other Side of the World: Vision and Reality embraces and celebrates the experiences of idealistic, young Peace Corps volunteers as they confronted the ancient and enigmatic civilization of India four decades ago. Prompted by memories and emotions tapped during a gathering on the 40-year reunion of their return to the States, members of India 44 A&B provide reflections that are honest, compelling, insightful, riotous, humbling, and yet redemptive. These reflections give expression to feelings long repressed and, at the same time, uncover the mysterious ways in which their service in remote India transformed and redirected the trajectory of their lives. Their stories provide a humorous and deeply moving description of village life, where imperfect language skills and limited technical capabilities interacted with good intentions and stubborn dedication to produce embarrassment on the one hand, and the occasional minor miracle on the other. This is not a feel-good testimony to the Peace Corps on its golden anniversary. Rather, it is a sobering depiction of the lives of volunteers living in one of the Peace Corps' most demanding site countries, where frustrations and challenges were found in abundance. Yet at the end of the day, these stories generally attest to the wisdom of the Peace Corps concept, which affirms the powers of volunteerism and the giving of self. For many, it was the first time these volunteers had articulated their feelings since leaving India. Mary Jo Clark, Thomas Corbett, Michael Simonds and Haywood Turrentine compiled the book. Respectively, the authors reside in San Diego, California, Madison, Wisconsin, the greater Hartford area, and Birmingham,

Alabama. <http://sbpra.com/HaywoodTurrentine>

Cowboy's Christmas Girlfriend Leslie North, One lie leads to another... But will their hearts reveal the truth? It was just a little white lie... To promote her new book, romance writer Suzanna Jacobs told her publisher that she lived on a cattle ranch. Problem is, now they want to send a publicity team for a visit, and Suzanna has never set foot on a ranch. For months she's been emailing single dad rancher Will Carson for information, insight—and friendship. Luckily, Will has a plan. He'll "loan" her his ranch. But in return, he needs her to pretend to be his girlfriend for his best friend's wedding, and the family's annual Christmas Games. When Suzanna arrives, she's shocked to discover Will is tall, lean, and drop-dead gorgeous. Meanwhile, she's short, curvy, and suffers from low self-esteem. Who would believe they're a couple? Will is determined to show her the ropes of ranching, but Suzanna is a fish out of water. An adorable fish—one he's wildly attracted to. And he's falling for her, hard. But the more successful their deception becomes, the more he begins to wonder... If Suzanna is so good at faking it, is anything they're sharing real?
