Corsica and North Sardinia Royal Cruising Club Pilotage Foundation,2020-03-25 Corsica and North Sardinia is a well-established guide to Corsica and the northern region of Sardinia, which together constitute several varied cruising grounds- from the sometimes exposed and often dramatic bays of Corsica's west coast to the more protected and gentle cruising on its eastern side, to the rich choice of anchorages in the Bouches de Bonifacio and on Sardinia's island-studded north coast. This whole region is justifiably popular with cruising sailors, particularly in the summer season.This fourth edition has been thoroughly revised by the authors, who have spent the past two years exploring the Corsican and Sardinian coastlines on their Bowman 40, Easy Rider. Included are a multitude of new photographs as well as thorough updates to the plans and text.Several marine reserves have been established in the region and the latest restrictions of these are well documented. Corsica and North Sardinia is the ideal guide, either for charter skippers or longer-term cruising sailors who want to make the most of this very special corner of the Mediterranean.

Italian Waters Pilot Rod and Lucinda Heikell,2024-03-26 Italian Waters Pilot is the only guide for yachtsmen in English that covers the coasts of the Ligurian and Tyrrhenian Seas, Sardinia, Sicily, the Ionian 'heel' and Malta in one volume. This new eleventh edition has numerous updates throughout, with contact details, plans and text undergoing a thorough revision. Care has been taken to research the details of marina developments. Where available, information is given on proposed changes and extensions to yacht harbours. Marine reserves are an important feature of the coasts and off-lying islands, particularly in Sardinia and Sicily, and this edition provides updated details of the latest regulations. Climate change and extreme weather events are becoming a major issue and this edition includes a section on the how climate change might affect sailing in the Mediterranean. Italian Waters Pilot is the last word on the area for yachts cruising there and on their way between the eastern and western Mediterranean. Rod and Lucinda Heikell have also authored companion guides on France, Greece and Turkey, acclaimed as the best pilot books available. Recommended by the Royal Cruising Club and The Cruising Association. Amazon customer reviews: We sail the Med summers and keep the Heikells' pilot books by our side. We update them as they are published. Last summer we sailed to Italy and consider their books a necessary part of both our planning and charting. Can't do without them! PH The Heikells have produced a very informative volume again. Great details of coast and up to date marina details. A must if you are sailing in the area. IB Ideal for our purposes. Detailed with useful comments about weather, safety, services, officials, eating and drinking ashore. C It not only provides the necessary information for the sailor but also gives the most interesting local and historical information. A most interesting book. CC
