Chalk ,2010 Three children discover a magical bag of chalk on a rainy day
A Piece of Chalk Jennifer A. Ericsson,2007-09-04 A little girl creates a colored chalk drawing on her driveway.

Black Chalk Christopher J. Yates,2015-08-04 A compulsively readable psychological thriller set in New York and at Oxford University in which a group of six students play an elaborate game of dares and consequences with tragic result It was only ever meant to be a game played by six best friends in their first year at Oxford University; a game of consequences, silly forfeits, and childish dares. But then the game changed: The stakes grew higher and the dares more personal and more humiliating, finally evolving into a vicious struggle with unpredictable and tragic results. Now, fourteen years later, the remaining players must meet again for the final round. Who knows better than your best friends what would break you? A gripping psychological thriller partly inspired by the author's own time at Oxford University, *Black Chalk* is perfect for fans of the high tension and expert pacing of *The Secret History* and *The Bellwether Revivals*. Christopher J. Yates' background in puzzle writing and setting can clearly be seen in the plotting of this clever, tricky book that will keep you guessing to the very end.

Chalk Talk Stories Arden Druce,1994-01-01 Storyteller_librarians, teachers, and parents_ seeking a unique variation to traditional storytelling will

Chalk & Cheese Tim Warnes, 2008-10-21 A country mouse goes to visit his best friend, a dog who lives in New York City, and even though the two of them are very different, they have a great time.

Chalk Boy Margaret Wild, Mandy Ord, 2018-06-27 Barnaby is a pavement artist. This morning he started drawing me. I have a head that can think, eyes that can see, ears that can hear and legs that can run. Best of all, I have a heart that can feel. Thank you, Barnaby. Award-winning writer Margaret Wild compresses epic themes into a poetic, poignant story, vividly brought to life by Mandy Ord's distinctive, dynamic art.

The Chalk Box Kid Clyde Robert Bulla, 2015-06-17 A classroom favorite about the power of art and creativity. A new neighborhood. A new school. A lonely birthday. Life isn't easy for nine-year-old Gregory. Then he finds an abandoned chalk factory behind his house. It's a secret place, just for him! Now he can draw anything he imagines on the dark brick walls. What amazing thing will Gregory draw first? Two beloved classics—The Chalk Box Kid and The Paint Brush Kid—get a vibrant new look!

The Chalk Artist Allegra Goodman, 2017-06-13 A tender affair and the redemptive power of art are at the core of this compelling novel from National Book Award finalist Allegra Goodman, "a romantic realist who dazzles

with wit [and] compassion” (The Wall Street Journal). Collin James is young, creative, and unhappy. A college dropout, he waits tables and spends his free time beautifying the streets of Cambridge, Massachusetts, with his medium of choice: chalk. Collin’s art captivates passersby with its vibrant colors and intricate lines—until the moment he wipes it all away. Nothing in Collin’s life is meant to last. Then he meets Nina. . . . The daughter of a tech mogul who is revolutionizing virtual reality, Nina Lazare is trying to give back as a high school teacher—but her students won’t listen to her. When Collin enters her world, he inspires her to think bigger. Nina wants to return the favor—even if it means losing him. Against this poignant backdrop, Allegra Goodman paints a tableau of students, neighbors, and colleagues: Diana, a teenage girl trying to make herself invisible; her twin brother, Aidan, who’s addicted to the games produced by Nina’s father; and Daphne, a viral-marketing trickster who unites them all, for better or worse. Wise, warm, and enchanting, *The Chalk Artist* is both a finely rendered portrait of modern love and a celebration of all the realms we inhabit: real and imagined, visual and virtual, seemingly independent yet hopelessly tangled. Praise for *The Chalk Artist* “The virtual world Goodman conjures is as feverishly vivid as it is mysterious and alluring. Not since I pushed my way through C. S. Lewis’s fusty mothballed wardrobe and stepped out into the frozen, pine-scented forests of Narnia can I remember being so effectively transported into a viscerally, sometimes terrifyingly plausible alternate universe. . . .

This is a novel full of wit and spark. . . . Irresistible and arresting.”–The New York Times Book Review “Enjoyably sharp dialogue and convincing portraits of multiple mindsets and terrains . . . One can’t help but marvel at how Goodman has captured the atmosphere of this virtual fantasy land so effectively in words.”–NPR “Mesmerizing depictions of virtual-reality landscapes of ‘Neverwhen’ and ‘Underworld’ make the games’ dangerous power over one of Nina’s students very real.”–People “Goodman’s latest combines fantastical flourishes (an imagined video game called ‘Underworld’) and realistic Cambridge details . . . in a narrative about art and ambition.”–The Boston Globe “Allegra Goodman creates suspense where you might least expect to find it.”–The Atlantic

The Chalk Giraffe Kirsty Paxton, 2020 First published by The Imaginary Collective (PTY) Ltd., ...2018--Copyright page.

The Red Chalk Iris van der Heide, 2006 Sara is bored, but none of the toys or other objects she gets in trade from other children is quite right for her, until she gets back the piece of chalk she started with and uses it to play with her friends.

The Case of the Red-Bottomed Robber Richard Byrne, 2018-04-19 The young chalks are busy at the chalkboard but someone keeps stealing their drawings . . . Mrs Red calls Sergeant Blue to investigate but when the culprit is caught, he absconds in a cloud of chalk dust. The chalks find another way to lure the suspect into their hands and it is only then that they discover they've

misjudged the poor chalk rubber all along . . .

Simon in the Land of Chalk Drawings Edward McLachlan, 2016-02-17 I recommend this as a welcome addition to any home library, as a beautifully creative work in a quality edition. – Not Now, Adulthood Simon enters the Land of Chalk Drawings, where his doodles spring to colorful life and join him in adventures that challenge his wits as well as his imagination. This exclusive collection comprises all four of author Edward McLachlan's Chalk stories, which served as the inspiration for the popular PBS and Nickelodeon animated shorts. In the Land of Chalk Drawings: An unfinished stick figure asks to be completed and introduces Simon to a host of other drawings that need his attention. Simon and the Chalk Drawing Army: Some soldiers have invaded the Land of Chalk Drawings and are making everyone drill to the point of exhaustion. With quick thinking, Simon finds a way to keep the soldiers busy, and the other drawings get a treat. Simon and the Moon Rocket: Simon flies to the moon, where he's forced to solve a mountain of sums. How can he finish them all and get away? Simon and the Dinosaur: All the children and animals have disappeared from the Land of Chalk Drawings – they've been eaten by a dinosaur! Simon must rescue them and help the hungry dinosaur, too.

Henry and the Chalk Dragon Jennifer Trafton, 2018-04-20 To vanquish the threat of a rampaging Chalk Dragon, Sir Henry Penwhistle, Knight of La Muncha Elementary School, is going to have to do more than just catch his art--he's going to have to let his imagination run wild. And that takes bravery.

The Chalk Man C. J. Tudor, 2018-01-09 "Want to read something good?. . . If you like my stuff, you'll like this."—Stephen King • WINNER OF THE ITW THRILLER AWARD • WINNER OF THE STRAND MAGAZINE AWARD FOR BEST DEBUT NOVEL A riveting psychological suspense debut that weaves a mystery about a childhood game gone dangerously awry, and will keep readers guessing right up to the shocking ending In 1986, Eddie and his friends are on the verge of adolescence, spending their days biking in search of adventure. The chalk men are their secret code, stick figures they draw for one another as hidden messages. But one morning the friends find a chalk man leading them to the woods. They follow the message, only to find the dead body of a teenage girl. In 2016, Eddie is nursing a drinking problem and trying to forget his past, until one day he gets a letter containing a chalk man—the same one he and his friends saw when they found the body. Soon he learns that all his old friends received the same note. When one of them is killed, Eddie realizes that saving himself means figuring out what happened all those years ago. But digging into the past proves more dangerous than he could have known. Because in this town, everyone has secrets, no one is innocent, and some will do anything to bury the truth. Praise for *The Chalk Man* "Wonderfully creepy—like a cold blade on the back of your neck."—Lee Child "An assured debut that alternates between 1986 and 2016 with unpredictable twists. The Chalk Man fits well with other stories about troubled childhoods such as Stephen King's novella *Stand by Me*. . . . Tudor never misses a beat in showing each

character as both a child and an adult while also exploring the foreboding environs of a small town.”—Associated Press “Utterly hypnotic. The Chalk Man is a dream novel, a book of nightmares: haunted and haunting, shot through with shadow and light—a story to quicken the pulse and freeze the blood. A dark star is born.”—A.J. Finn, #1 New York Times bestselling author of *The Woman in the Window* “If you can’t get enough of psychological thrillers with sharp twists and turns, you need to read *The Chalk Man*”—Hello Giggles “I haven’t had a sleepless night due to a book for a long time. The Chalk Man changed that.”—Fiona Barton, New York Times bestselling author of *The Widow*

That Rule Doesn't Apply to Me! Julia Cook, 2018-01-23 The rules keep getting in the way of Noodle's fun. Rules for this, rules for that. There are so many rules! Can Noodle be convinced that rules are meant to help, not harm him?

The Chalk Box Story Don Freeman, 1976-01-01 Pieces of colored chalk draw a story about a boy stranded on an island and the turtle who rescues him.

Little Cloud Eric Carle, 2020-07-28 The clouds drift across the bright blue sky--all except one. Little Cloud trails behind. He is busy changing shapes to become a fluffy sheep, a zooming airplane, and even a clown with a funny hat. Eric Carle's trademark collages will make every reader want to run outside and discover their very own little cloud.

The Caucasian Chalk Circle Bertolt Brecht, 2015-03-16 This Student Edition of Brecht's classic dramatisation of the conflict over possession of a child features an extensive introduction and commentary that includes a plot

summary, discussion of the context, themes, characters, style and language as well as questions for further study and notes on words and phrases in the text. It is the perfect edition for students of theatre and literature. Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child; thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written in exile in the United States during the Second World War, *The Caucasian Chalk Circle* is a politically-charged, much-revived and complex example of Brecht's epic theatre. This volume contains expert notes on the author's life and work, historical and political background to the play, photographs from stage productions and a glossary of difficult words and phrases. It features the acclaimed translation by James and Tania Stern with W. H. Auden.

Chalk in Hand Phyllis Noe Pflomm, 1993-09-01 A book for anyone who tells stories—teachers, parents, and especially children's librarians. Although the storyteller must draw during the presentations, artistic ability is not necessary for success.
