Storm Rising Mercedes Lackey, 1996-10-01 In *Storm Rising*, mysterious mage-storms are wreaking havoc on Valdemar, Karse, and all the kingdoms of the West, plaguing these lands not only with disastrous earthquakes, monsoons, and ice storms, but also with venomous magical constructs – terrifying creatures out of nightmare. Both Valdemar's Heralds and Karse's Sunpriests struggle to marshal their combined magical resources to protect their realms from these devastating, spell-fueled onslaughts. But as the situation becomes bleaker and bleaker, the still fragile alliance between these long-hostile lands begins to fray. And unless Valdemar and Karse can locate and destroy the creator of the storms, they may see their entire world demolished in a final magical holocaust.

Storm Breaking Mercedes Lackey, 1997-10-01 As *Storm Breaking* opens, the western allies, led by Karal, Karsite Sunpriest and delegate to the Valdemaran Court, and the Adepts Firesong and An'desha, have traveled deep into the Dorisha Plains to locate the ancient ruins of the Tower of Urtho, Mage of Silence, creator of the gryphons. Legend has it that below the Tower, deeply buried beneath the plains, is Urtho's Vault, hidden stronghold of some of the most powerful magical weapons ever devised – weapons that Urtho himself felt were too dangerous to use. With the help of the Shin'a'in plainsmen, they have successfully excavated this ancient arsenal, and risked their lives triggering one of these antique but potent tools of death to unleash a monstrous burst of mage-energy. With this explosion of magical power, Karal, Firesong, and their companions have temporarily counteracted the ever-increasing waves of the mage storms. But they know that this desperate action will not save them – they have bought themselves precious time, but are still far from a permanent solution. They know now that the mage storms are an echo through time of the prehistoric Cataclysm which destroyed Urtho's Tower, created the vast and barren Dorisha Plains, and permanently warped their world more than two thousand years ago. And they also know that if they don't find a way to banish these magical vibrations they will culminate in another Cataclysm – this time destroying their world for good. But the Vault is not the only thing buried for centuries below the Dorisha Plains, and camped in the ruins of what once was the workplace of the most ingenious mage their world has ever known, the desperate allies soon come to realize that their solution may lie beneath the dust at their feet. The saving of their world just might be accomplished by the work of a man who has been dead for millennia!

Think Palestine Dr. Jamil E. Effarah, 2020-01-09 Dr. Jamil Effarah tackles the struggle between Palestinians and Israelis in three volumes under the title "THINK PALESTINE" that exposes series of articles addressing various issues regarding the complex struggle between Palestinians and Israelis, based on developing events that took place involving the U.S. Administrations and their policies of support for Israel in the conflicts among Palestinians, Arabs and Israelis. This Volume III is intended for those students, teachers, politicians, executives, policy makers, and others who are interested or involved in the Middle East affairs. He interprets these events and policies as reflected by the last six years (2013-2018). Dr. Effarah started writings since 1952 while student at the American University of Beirut (AUB). As an Arab-American independent thinker, he judges' events according to their merits while acting as a participant observer to the one-sided American policy toward the Middle East that serves the interest of Israel. He records and highlights the facts in an attempt to find the key to unlock the Palestinian, Arab and Israeli conflicts. His personal feelings, as a survival of the Palestinian holocaust of 1948, and his interpretations toward the proceedings representing a major part in the events that took place in that period. To find solutions to the Palestinians' dilemma is to be fair to think Palestine. To "THINK PALESTINE" is to understand how to find the real key to just solutions to the problems in that region. Dr. Effarah attempts to create a voice for Arab Americans to stand up and be counted and act as an integral part of the American society. He keeps pressing for more American-Arab participation in the political process, for more transparency, and for faster and farther reaching to the Americans' hearts and minds by trying to make them

understand the Arabs’ situations, and Arab-Christian Patrimony, culture and heritage. Dr. Effarah attempts to create an Arab-American balanced policy to reach Americans and convince them that there are special interest groups and influential lobbyists in Washington, D.C. who misinform media and try to spin the story around while beholding to the fabricated Israeli points of view. To counterbalance the Zionist efforts, Arab-Americans should “think Palestine” and ask the American citizens to find answers to why the American citizens, the taxpayers, give money outright to Israel: more than \$8.5 million per day, according to the CIA Factbook in 2012. It also was upgraded to \$8.9 million per day with President Trump Administration giving \$3.3 billion in 2019.

The Gathering Storm Phil Scarbrough,2020-06-12 The Gathering Storm poses the question, what would you do if it were shown that your perfectly normal ten-year-old child was not so perfectly normal. In fact, he was perhaps the most important person ever born, and as a result, you would have to fight an ancient enemy that is malevolent and overwhelmingly powerful. This is the medieval world of Aden Braylon, who—along with his Elf mother Valeria, Human father Kael, and brother Devlyn for protection and insight, and ageless Mage Aaron for the key to future/past—must find a way to not only survive that enemy but also lead the fight back. The Gathering Storm is the first book of a sci-fi/fantasy trilogy, A Tale of Future Past. It is told in the style of Sir Thomas Malory and JRR Tolkien with a little David Eddings thrown in for humor. It begins: Daddy, Daddy, wake up, Aden whispered. Standing by Kael and Valeria's bed he shook Kael's arm. Wake up, Dad, there're monsters coming outside! What? Kael's brain was still a little addled from sleep. Wake up! He shook his arm again. I'm scared, Dad. There are monsters, big blue monsters, and they'll be here in a little bit! A story line that can be read purely for enjoyment but also it encourages the reader to imagine and think. All this with an ending that poses the questions, who are we, and why do we really exist.
