Critical Humanities from India D. Venkat Rao, 2018-03-09 The field of humanities generates a discourse that traditionally addressed the questions of what is proper to man, rights of man, crimes against humanity, human creativity and action, human reflection and performance, human utterance and artefact. The university as a philosophical-political institution transmits this humanist account. This European humanistic legacy, which is little more than Christian anthropology, barely received any questioning from cultures that faced colonialism. In such a context, this volume attempts to unravel the 'barely secularized heritage' of Europe (Derrida's phrase) and its fatal consequences in other cultures. The task of Critical Humanities is to explore the ways in which the question of being human (along with non-human others) today from heterogeneous cultural 'backgrounds' can be undertaken. The future of the humanities teaching and research is contingent upon the risky task of configuring cultural difference from non-European locations. Such a task is inescapable and urgently needed when tectonic cultural upheavals have begun to show devastating effect on planetary coexistence today. It is precisely in such a context that this collection of essays on critical humanities affirms, 'without alibi', the urgency of collective reflection and innovative research across the traditional disciplinary and institutional borders and communication systems on the one hand and Asian, African and European cultural formations on the other. Critical Humanities are at one level little more than communities on the verge (critical) but whose centuries long survival and resilient creations of cultural (and /as natural) habitats are of deeply enduring significance to affirm the biocultural diversities of living that compose the planet. Topical and timely, this book will be useful to

scholars, researchers and teachers of cultural theory, literary studies, philosophy, cultural geography, legal studies, sociology, history, performance studies, environmental studies, caste and communalism studies, postcolonial theory, India studies, and education.

Religious Basis of Hindu Beliefs Dr. Bhojraj

Dwivedi, 2014-10-27 Sanatan Hindu Dharma (Perennial Hindu Religion) is like a huge banyan tree. Different kinds of faiths and beliefs have merged into it from time immemorial. As a consequence, the branches and sub-branches of Hindu religion also grew. Is there any scientific basis of the faith and values propagated in Hinduism? A very large section of people with faith in Hindu Sanatan Dharma wants that every faith and belief of this religion should not be subjected to scientific test. A man of faith is theist, while a scientific mind is atheist in nature. A harmony between the two may indicate a state of dilemma. Therefore, more discussion should take place on religious basis of beliefs prevalent in society so that we can know better the origin and religious thinking behind our beliefs. Internationally acclaimed Vaastu-shastri and Jyotishacharya, Dr. Bhojraj Dwivedi, is a rare signature of invincible time. More than 258 books on Astrology, Vaastu-shastra, Cheiromancy, Numerology, Figure Science, Yantra-Tantra-Mantra Science, Karmakand and priesthood written by Dr. Bhojraj Dwivedi, the founder of the International Vaastu Association, are read in many languages in India and abroad.

Unlock Luck and Wealth with the Keys of Dharma S.

PRAKASH, 2021-09-27 This book is about decoding Horoscope through a philosophical background with a unique amalgamation through mythological stories, which gives us a clue as to how to atone for your sins. In this book, the author has covered all the Dhan Yogas, Veeprit Raj Yogas and Neechbhanga Raj Yogas with the timing of wealth. We have the lock in the form of Luck, which

represents the Ninth house of Lakshmi in the Horoscope, but sometimes we cannot find the right key to unlock the house of Luck. Because of evil deeds or sinful acts done in the past life, the native has Shrapit Dosh or curse which manifest in the present, so a lock of Past can be unlocked by finding a right Key in Present as our Past has the clue of our Present in a Horoscope. The intent of writing this book is not to claim to change someone's future but to help nurture and transform a native's future by doing karmic deeds so that natives can sail through easily in his/her life. This book is not about predictive astrology; it is about sharing the philosophy of life that one has to adapt to lead a sin-free life

Flipside of Hindu Symbolism M.K.V. Narayan, 2007-04

Hinduism is one of the major religions of the world with considerable antiquity and complexity. It is identified by its ancient scriptures called Vedas, Upanishads, Puranas and Epics, its iconography and temple culture visible in India and abroad. The popular epics Ramayana and Mahabharata attract interest all over the world for their thematic stories. Many books publicise the spiritual symbolism of these facets of Hinduism. Author of this book deviates from this general trend and analyses Hindu symbolism in the light of sociological perspectives and scientific parallels visible in the ever changing Indian society in the form of cultural expressions.

Ramayan, Mahabharat and Vishnu Puran. It extracts the hidden Karmic meaning out of it and helps in finding out the root cause of Past Life Karmic Debts through combinations or conjunctions of planets which are sitting in certain houses, signs or receiving aspects. Classic Cuisine and Celebrations of the Thanjavur

Maharashtrians Jaishri P. Rao, 2019-04-29 Did you know legends have it that sambhar originated in the Royal Kitchen of the Thanjavur Maharashtrian Kings? Did you know that poli, pitla, rasa vaangi and daangar were introduced to Thanjavur by a small diaspora of the Maharashtrian immigrants to this province? The Thanjavur Maharashtrian Desastha community, whose origins can be traced to the latter half of the 17th Century, are known for their immense contribution in fostering cuisine, arts, music and literature. *Classic Cuisine and Celebrations of the Thanjavur Maharashtrians* introduces the reader to the foods and festivities of this diaspora. It also provides an introduction to the pujas, when and how they are performed, with a lot of interesting trivia. Festivals and food go hand in hand. The first part of the book features recipes for the naivedyas, while the second part is devoted to the signature recipes of the Desasthas. It features more than a hundred and fifty recipes ranging from fluffy pooran polis and crunchy ambodes, to a medley of modaks, varieties of mixed rice, kheers, traditional sweets, snacks, chutneys, powders, curries, sambhars and rasams. trigger for every person to try her/his own creativity on the culinary front..." "...The colourful photographs enhance the value of the book and literally can lead to mouth-watering anticipation..." - Padma Bhushan N. Vittal (Retd) Central Vigilance Commissioner

Between a Breath and a Pause, Life is a Story... Mira Midha, 2020-03-13 Between a Breath and a Pause, Life is a Story... is dedicated to those who exist between a 'Breath and a Pause'. It covers just about everyone who fought the good fight called life. Find yourself again as you get drawn into these pages of recollections, short stories, anecdotes and poems. This book starts with a story inspired by the real-life, heartfelt journey of a young woman during partition and after that. The Journey: A young woman of twenty was one of the victims of the deadly mass migration. Born in Delhi, Saloni was adopted by her aunt and brought up in Rawalpindi. Barely had she finished college when the violence began. Soon after, the British announced the partition of India. Amidst death and a morbid fear for their lives, many fled, leaving everything behind. Some got away with just the clothes on their backs. Many didn't make it beyond their front door. Surviving the holocaust and then the mental pain of living in a refugee camp in Delhi, Saloni grew up to be a fiercely independent woman who faced many more challenges throughout her life. "I did my best. Life has not been easy." she would say out loud to the birds flying in the dusky sky. Just as pain and suffering are a part of life, so is happiness. It is possible to find that niche again. She was taught as a child to search for answers, but there are no explanations for certain things and there was no point in asking 'why'. All answers cannot be found in one lifetime.
