Memoirs from a Stormy Passage Mandy Innis,2013-04-10 Memoirs from a Stormy Passage shares the story of author Mandy Innis's life with her son, Storm, describing a passage of her life that brought great pain but also great joy. After years of wanting a child and three failed in vitro fertilization attempts, she managed to naturally conceive and give birth to a son. After three precious months of happiness at the long-anticipated gift of Storm, Mandy and her husband faced devastating heartbreak when they learned their son was blind. But before she could adjust to her son's blindness, more medical conditions were diagnosed, all in the midst of their disintegrating marriage. Even so, Mandy didn't allow herself to wallow in self-pity, as her maternal instincts demanded that she step up to the challenge of doing what was best for her son. An inner knowledge told her there would be worse to come, and her son would need as much help as she could give. Storm was blind, the only word he could say was mum, and he couldn't walk unaided because his legs were failing him. Even so, he loved unconditionally, laughed loudly and showed Mandy how to live in the moment, to stop and listen. She now shares their story, as well as the ways in which a small, semi-rural town welcomed them, supported Mandy in her endeavour to help her son, and brought happiness to mother and child.

The USA from a Chevrolet James A. Ward,2010-07-27 In July 1965, an Artesian Turquoise Chevrolet Biscayne rolled off a General Motors assembly line. Little did James Ward know that this car would become a cherished member of his family, playing a role in his wedding, honeymoon, years of graduate school, birth of his daughter, and her wedding, among countless other memories. Four decades--and a lot of history--later, the author still drives this rolling historical artifact dubbed Phoebe. Using the Biscayne as a narrative thread, this first-person account explores facets of American history the author and Phoebe experienced since the mid-1960s, such as a KKK cross-burning, a civil rights march, Hurricane Betsy, numerous local diners, motels, and parks, and interesting people and out-of-the-way places. Looking for remnants of their youth, they drove across back roads in twenty-first century America. Photographs accompany this unique memoir.

Chevy SS Robert Genat,2012-06-19 On the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the "Super Sport." The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy's Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: The Super Sport Story provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined "high performance" and defined an era.

Tekonwatonti/Molly Brant (1735-1795) Maurice Kenny,1992 Acclaimed poet, Maurice Kenny, plucked Tekonwatonti/Molly Bryant from the

footnotes of history. In a remarkable sequence of voices that span the centuries, Molly takes her rightful place as one of the most powerful figures in Native American history. --White Pine Press.

Camaro Mike Mueller, 2017-01-02 Camaro: Fifty Years of Chevy Performance chronicles the first fifty years of Chevrolet's iconic Camaro through fascinating photography, history, and commentary about this legendary pony car. The early 1960s saw American auto manufacturers desperately trying to sell cars to the emerging baby-boom market. Chevrolet attained some success with its sporty Corvair Monza. Ford responded first with a sportier Falcon, then with its grand-slam, home-run pony car, the Mustang. At first, Chevrolet hesitated to abandon the technologically advanced Corvair, but when it finally entered the pony car market in 1967, its new Camaro instantly became one of the most iconic cars of the classic muscle-car era. When muscle cars went dormant for a generation, it was once again the classic pony cars that jump-started American performance. The battle that raged between Camaro and Mustang in the 1980s rejuvenated the US auto industry's interest in high-performance muscle cars. The Camaro lost its way in the 1990s, with Chevrolet pursuing technological advances and Ford pursuing classic American muscle. As was the case in the 1960s, Ford's muscular pony car trounced Chevrolet's technologically advanced sporty car in the race that mattered most: showroom sales. The Mustang thrived while the Camaro left the scene. Fortunately, that departure was only temporary. Chevrolet introduced a twenty-first-century Camaro in 2010, and it has become one of Chevrolet's most popular models. With stunning photography from author Mike Mueller and never-before-seen archival photography from partner General Motors, Camaro: Fifty Years of Chevy Performance chronicles the Camaro's rich history, from the early attempts to reach the youth market in the 1960s, through the potent and turbulent years of the classic muscle-car era, the resurgence of muscle in the 1980s, the sad decline of the 1990s, and the triumphant rebirth of the new car in this new millennium.
