Animosity at Bay Pallavi Raghavan,2019-12-15 In this groundbreaking book, Raghavan uses previously untapped archival sources to weave together new stories about the experiences of post-partition state-making in South Asia. Through meticulous research, it challenges the existing wisdom about the preponderance of animosity and the rhetoric of war. The book shows how amity and a spirit of cordiality governed relations between the states of India and Pakistan in the first five years after partition. Arguing that a hitherto overlooked set of considerations have to be integrated more closely into the analysis of bilateral dialogue, this book analyses the developments leading to the No War correspondence between Nehru and Liaquat Ali Khan, the signing of a 'Minorities' Pact between the two prime ministers, and the early stages of the Indus Waters negotiations, as well as exploring the calculations of Indian and Pakistani delegates at a series of interdominion conferences held in the years after partition. This book will be of interest to specialists in histories of diplomatic practice as well as a general audience in search of narratives of peace in the South Asia region.

Dangerous Echoes Leisl Leighton,2018-09-01 Blue lights in the red dust... Echo Springs on the edge of the outback – a town where everyone knows your name, and your business. But the wholesome country living and welcoming community aren't what they used to be. Echo Springs has a dark underbelly, and it is seeping ever outward. Brilliant forensic pathologist, Erika Hanson, fled from Echo Springs as a teenager, leaving behind a past of tragedy and pain. But when local police announce they've found her beloved brother's body in a meth lab explosion, she knows she must return to clear Peter's name and find out what really happened. Because Peter would never get involved with the drug tag sweeping across the small town of Australia and destroying lives. Hartley Cooper has a past with Erika Hanson, but that's not going to keep him from doing his job. He's seen what grief can do, and denial is only the first step. But Erika is convinced that Peter can't be involved, and her meticulous, professional skills start to convince Hartley as well. When Erika's digging and questions get too personal, the town turns against them, Hartley knows Erika might run again. But this time he's ready. And he's not going to let her go. Echo Springs, book 1

**The Forgotten Rohingya: Their Struggle for Human Rights in Burma** Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which

are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
