**The Magic Circle** Charmaine Chan,2023-08-04 I sit by your bed and watch you, as I sometimes do. There are days when you are so beautiful and vivacious and alive, we cannot believe that you are going to die. Other days, we are convinced you are at death's door and that this, this is the day that we will lose you ... Now I bear witness to the disease that is eating you up alive, ravaging your physical shell. I look at your wasted body, once so slim and graceful; at the jaundiced pallor of your once perfect skin stretched tight around the still lovely bones of your face; at the way shadows collect in the hollows around your eyes and your collarbones. And very slowly, inside me, something small starts to crack. A tiny fissure that spreads and widens, before splitting open entirely to let something hot and liquid well up like molten lava, threatening to spill out the sides of my mouth, as rich and bitter and metallic as blood. Is this then what heartbreak feels like? \* The Magic Circle tells the story of what happens when Charmaine Chan's sister Elaine is diagnosed with a rare and aggressive cancer. As the illness progresses, family members living on different continents gather together during Elaine's last days. Striving to distract Elaine from the worst effects of the cancer, Charmaine takes to the pen: conjuring up the vanished world of their childhood in Singapore, and discovering a way to keep her promise to Elaine's six-year-old daughter. A contemplation on grief and loss, nostalgia and yearning, The Magic Circle is for anyone who's been torn apart and put back again by the inexplicable power of memory.

**How to Make Resin Jewellery** Sara Naumann,2017-02-01 Resin jewellery first started in the US around 6 years ago and has now become one of the fastest-growing trends in jewellery making. The technique is very simple - you simply mix the two-part resin together and pour into a bezel or pendant. Rings, pendants, brooches, cufflinks, hairpins and bracelets are all easy to make and look incredibly professional when done.In this inspiring book, well-known crafter Sara Naumann shows you just how easy and quick resin jewellery is to make, using minimal equipment and readily available products, and provides over 50 fabulous projects for you to try. You can add numerous items to the resin to achieve different effects. You can place paper in the bezels to act as a background to the resin - such as old book paper, map paper, scrapbook paper and photographs. Paper can also be painted, stencilled, or layered with washi tape before being coated with resin. Try sheet music for a vintage vibe, or origami papers for a fresh, contemporary look.In addition, you can also immerse various items in the resin before it cures, such as dried flowers and leaves, feathers, shells, beads and charms, or try adding glitter, coloured inks, nail polish and virtually anything else you can think of.The versatility of resin jewellery is awe-inspiring, providing papercrafters as well as jewellery-makers with all the skills and inspiration they need to design and make their own stunning pieces.
