Eala Ayn Cates Sullivan,2021-09-17 *Eala, Mother Swan / La Madre Cisne* by Ayn Cates Sullivan is a 32- page-long children's illustrated book, beautifully crafted in detailed pastel colors. It is a fairy tale written in both English and Spanish simultaneously. A young boy named Hugo goes in search of the Eala, the magical swan his grandmother has told him about. He finds her just as she is preparing to fly between the worlds. Circling back down, Hugo climbs on her back and she takes him between the crack of night and day so he can find the songs and colors of his heart and soul. But the story goes deeper, for we come to understand the child has suffered wounds for ever so long. By taking this ride can he allow his soul to be restored, and learn the importance of being childlike again? I liked the way the author chose to bring two languages onto the same page-an excellent way to learn Spanish (or English words) and to slow down and thoroughly enjoy the story. The story itself is of a gentle soul who seeks magic, with the hope of attaining something greater than what he currently is. Can he learn his value and restore what was once lost? *Eala, Mother Swan / La Madre Cisne*, by Ayn Cates Sullivan, is a beautifully illustrated book that children will enjoy reading over and over. The magical story passed down from past generations illustrates the importance of family and traditions. A recommended read.- Reviewed by Bruce Arrington for Readers' Favorite 5 stars

Telling Migrant Stories Esteban E. Loustaunau,Lauren E. Shaw,2021-11-02 In the media, migrants are often portrayed as criminals; they are frequently dehumanized, marginalized, and unable to share their experiences. *Telling Migrant Stories* explores how contemporary documentary film gives voice to Latin American immigrants whose stories would not otherwise be heard. The essays in the first part of the volume consider the documentary as a medium for Latin American immigrants to share their thoughts and experiences on migration, border crossings, displacement, and identity. Contributors analyze films including *Harvest of Empire*, *Sin país*, *The Vigil*, *De nadie*, *Operation Peter Pan: Flying Back to Cuba*, *Abuelos*, *La Churona*, and *Which Way Home*, as well as internet documentaries distributed via platforms such as Vimeo and YouTube. They examine the ways these films highlight the individual agency of immigrants as well as the global systemic conditions that lead to mass migrations from Latin American countries to the United States and Europe. The second part of the volume features transcribed interviews with documentary filmmakers, including Luis Argueta, Jenny Alexander, Tin Dirdamal, Heidi Hassan, and María Cristina Carrillo Espinosa. They discuss the issues surrounding migration, challenges they faced in the filmmaking process, the impact their films have had, and their opinions on documentary film as a force of social change. They emphasize that because the genre is grounded in fact rather than fiction, it has the ability to profoundly impact audiences in a way narrative films cannot. Documentaries prompt viewers to recognize the many worlds migrants depart from, to become immersed in the struggles portrayed, and to consider the stories of immigrants with compassion and solidarity. Mary in Our Life Nicholas Joseph Santoro,2011-08-12 *Mary In Our Life: An Atlas of the Names and Titles of Mary, The Mother of Jesus, and Their Place in Marian Devotion* presents the 1,969 names, titles, and appellations used to identify the Blessed Virgin Mary over the centuries in terms of their history and related events. Within these titles and their history can be seen the official and private attitudes and prejudices of the times; government pressures, conflicts, and interdictions; internal problems within the Catholic Church; and startling examples of dedication, devotion, and piety. Taken together, Marian titles are a real-life story of the Catholic faith.

Handbook of Research on Socio-Economic Impacts of Religious Tourism and Pilgrimage Álvarez-García, José,del Río Rama, María de la Cruz,Gómez-Ullate, Martín,2018-08-31 Religious studies and research have gained a lot of interest and attention from researchers, policy makers, and practitioners over the last few years, but the socio-economic impacts have not been explored. Taking into account the profound economic impact the tourism and hospitality industries can have on regions and cities around the world, further research in this area is critical to analyze the extent of such impact and the ramifications that are associated with it. The *Handbook of Research on Socio-Economic Impacts of Religious Tourism and Pilgrimage* is a pivotal reference source that provides vital research on the social and economic factors in faith-based journeys. While highlighting topics such as tourist spending, spiritual tourism, and local development, this publication explores religious tourism in the middle age, as well as the methods of modern religious tourism. This book is ideally designed for business managers, cultural preservationists, academicians, business professionals, entrepreneurs, and upper-level students seeking current research on religious tourism and its socio-economic impacts.

The Routledge Handbook of Community Based Tourism Management Sandeep Kumar Walia,2020-12-21 This Handbook offers an up-to-date and comprehensive overview of core themes and concepts in community-based tourism management. Providing interdisciplinary insights from leading international scholars, this is the first book to critically examine the current status of community-based tourism. Organised into five parts, the Handbook provides cutting-edge perspectives on issues such as Indigenous communities, tourism and the environment, sustainability, and the impact of digital communities. Part 1 introduces core concepts and methodologies, and distinguishes community products from other tourism and hospitality goods. Part 2 explores communities' attitudes towards tourism development and their engagement with and ownership of the process. It also delves into the role of

community-based tourism, under the influence of governmental policies, in the economic and social development of a region. In Part 3 various management, marketing, and branding initiatives are identified as a means of expanding the tourism business. Part 4 examines the negative impacts of mass tourism and its threats to culture, tradition, identity, the built environment, and natural heritage. In the final and fifth part, future challenges and opportunities for community-based tourism initiatives are considered, and research-based sustainable solutions are proposed. Overall, the book considers engaging local populations in tourism development as a way of building stronger and more resilient communities. This Handbook fills a void in the current research and thus will appeal to scholars, students, and practitioners interested in tourism management, tourism geography, business studies, development policy and practice, regional development, conservation, and sustainability.

Introducing the Medieval Swan Natalie Jayne Goodison, 2022-07-15 Birds have always been a popular and accessible subject, but most books about medieval birds are an overview of their symbolism generally: owl for ill-omen, the pelican as a Eucharistic image and the like. The unique selling point of this book is to focus on one bird and explore it in detail from medieval reality to artistic concept. This book also traces how and why the medieval perception of the swan shifted from hypocritical to courtly within the medieval period. With special attention to 'The Knight of the Swan', the book traces the rise and popularity of the medieval swan through literature, history, courtly practices, and art. The book uses thoroughly readable language to appeal to a wide audience and explains some of the reasons why the swan holds such resonance today by covering views of the swan from classic to early modern times.
