The Card Michael O'Keefe, Teri Thompson, 2009-10-13 Since its limited release just after the turn of the twentieth century, this American Tobacco cigarette card has beguiled and bedeviled collectors. First identified as valuable in the 1930s, when the whole notion of card collecting was still young, the T206 Wagner has remained the big score for collectors who have scoured card shows, flea markets, estate sales, and auctions for the portrait of baseball's greatest shortstop. Only a few dozen T206 Wagners are known to still exist. Most, with their creases, stains, and dog-eared corners, look worn and tattered, like they've been around for almost a century. But one—The Card—appears to have defied the travails of time. Thanks to its sharp corners and its crisp portrait of Honus Wagner, The Card has become the most famous and desired baseball card in the world. Over the decades, as The Card has changed hands, its value has skyrocketed. It was initially sold for \$25,000 by a small card shop in a nondescript strip mall. Years later, hockey great Wayne Gretzky bought it at the venerable Sotheby's auction house for \$451,000. Then, more recently, it sold for \$1.27 million on eBay. Today worth over \$2 million, it has transformed a sleepy hobby into a billion-dollar industry that is at times as lawless as the Wild West. The Card has made men wealthy, certainly, but it has also poisoned lifelong friendships and is fraught with controversy—from its uncertain origins and the persistent questions about its provenance to the possibility that it is not exactly as it seems. Now for the first time, award-winning investigative reporters Michael O'Keefe and Teri Thompson follow the trail of The Card from a Florida flea market to the hands of the world's most prominent collectors. They delve into a world of counterfeiters and con men and look at the people who profit from what used to be a kids' pastime, as they bring to light ongoing investigations into sports collectibles. O'Keefe and Thompson also examine the life of the great Honus Wagner, a ballplayer whose accomplishments have been eclipsed by his trading card, and the strange and fascinating subculture of sports memorabilia and its astonishing decline. Intriguing and eye-opening, The Card is a ground-breaking look at a uniquely American hobby.

When that fear threatens to become reality, Preston tracks down the one attorney who might be able to save him. In the world of antiques and collectibles, it helps to have a sharp eye for quality, a good ear for gossip, and a nose for murder. Molly Appleby is a young writer for *Collector's Weekly*, and when the attractive reporter isn't covering auctions and antique shows all over the South, she's trying to get her new relationship with a coworker off the ground. When her latest assignment takes her to North Carolina pottery country to cover an exclusive kiln opening, she's certain the show promises surprising offerings and rare finds. What she doesn't expect to find is a dead body. George-Bradley Staunton is known throughout the antiques world as a very wealthy and very ruthless collector, and when he drops dead just after the opening, there are all too few mourners and a seemingly endless list of suspects. When the local police are stumped, Molly steps in to put her journalist's nose to work sniffing out the culprit. But no sooner does she start collecting clues than another dead body falls into her lap. As Molly digs beneath the genteel surface of antiques and collectibles, she finds a world filled with backstabbing and competition, and what started as a story about rare collections might leave Molly with nothing more than a collection of corpses. "A very likable amateur sleuth . . . I'll be happy to follow Molly on her future investigations." –The Romance Readers Connection This is a fully revised

edition of a book originally published under the name J. B. Stanley.
