Beautiful book to introduce and practice Spanish learning

The Brilliant History of Color in Art Victoria Finlay, 2014-11-01 The history of art is inseparable from the history of color. And what a fascinating story they tell together: one that brims with an all-star cast of characters, eye-opening details, and unexpected detours through the annals of human civilization and scientific discovery. Enter critically acclaimed writer and popular journalist Victoria Finlay, who here takes readers across the globe and over the centuries on an unforgettable tour through the brilliant history of color in art. Written for newcomers to the subject and aspiring young artists alike, Finlay's quest to uncover the origins and science of color will beguile readers of all ages with its warm and conversational style. Her rich narrative is illustrated in full color throughout with 166 major works of art--most from the collections of the J. Paul Getty Museum. Readers of this book will revel in a treasure trove of fun-filled facts and anecdotes. Were it not for Cleopatra, for instance, purple might not have become the royal

color of the Western world. Without Napoleon, the black graphite pencil might never have found its way into the hands of Cézanne. Without mango-eating cows, the sunsets of Turner might have lost their shimmering glow. And were it not for the pigment cobalt blue, the halls of museums worldwide might still be filled with forged Vermeers. Red ocher, green earth, Indian yellow, lead white—no pigment from the artist's broad and diverse palette escapes Finlay's shrewd eye in this breathtaking exploration.

De Colores Means All of Us Elizabeth Sutherland Martínez, 2017-06-06 Elizabeth Martinez's unique Chicana voice arises from over thirty years of experience in the movements for civil rights, women's liberation, and Latina/o empowerment. In *De Colores Means All of Us*, Martinez presents a radical Latina perspective on race, liberation, and identity. In these essays, Martinez describes the provocative ideas and new movements created by the rapidly expanding U.S. Latina/o community as it confronts intensified exploitation and racism. With sections on women's organizing, struggles for economic justice and immigrant rights, and the Latina/o youth movement, this book will appeal to readers and activists seeking to organize for the future and build new movements for social change. With a foreword from Angela Y. Davis.

The Color Book Sophie Benini Pietromarchi, 2014 Presents a journey into the world of color, offering techniques for creating a personal diary filled with the colors and designs that memories evoke.

Presented in the same interactive format as its popular predecessor, *The Garden Color Book* includes over 600 photographs of
