Encyclopedia of American Short Films, 1926-1959 Graham Webb,2020-07-13 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.

Decolonizing Psychology Sunil Bhatia,2018 In Decolonizing Psychology: Globalization, Social Justice, and Indian Youth Identities, Sunil Bhatia explores how the cultural dynamics of neo-liberal globalization shape urban Indian youth identities and, in particular, he articulates how Euro-American psychological science continues to prevent narratives of self and identity in non-Western nations from entering the broader conversation.

When the Colors Fly and Selected Short Stories James Norman,2009-09-21 James Norman was born and raised on the south side of Chicago, and partially educated there. He grew up during the 40s, 50s, and 60s where he gained a realistic understanding of this society. It was during these years that he gained some sense of history, and in particular, that of his people. This was primarily due to his parents and his grandparents. At some point he started to look at the world and yearned to discover it. He knew he had to leave Chicago. He settled in historic Fort Greene, Brooklyn, where he raised his family and presently resides. He says he writes because he must.

Nerds, Goths, Geeks, and Freaks Trevor Boffone,Cristina Herrera,2020-03-18 Winner of the Children's Literature Association's 2022 Edited Book Award Contributions by Carolina Alonso, Elena Avilés, Trevor Boffone, Christi Cook, Ella Diaz, Amanda Ellis, Cristina Herrera, Guadalupe García McCall, Domino Pérez, Adrianna M. Santos, Roxanne Schroeder-Arce, Lettycia Terrones, and Tim Wadham In Nerds, Goths, Geeks, and Freaks: Outsiders in Chicanx and

Latinx Young Adult Literature, the outsider intersects with discussions of race, ethnicity, gender, and sexuality. The essays in this volume address questions of outsider identities and how these identities are shaped by mainstream myths around Chicanx and Latinx young people, particularly with the common stereotype of the struggling, underachieving inner-city teens. Contributors also grapple with how young adults reclaim what it means to be an outsider, weirdo, nerd, or goth, and how the reclamation of these marginalized identities expand conversations around authenticity and narrow understandings of what constitutes cultural identity. Included are analysis of such texts as *I Am Not Your Perfect Mexican Daughter*, *Shadowshaper*, *Swimming While Drowning*, and others. Addressed in the essays are themes of outsiders in Chicanx/Latinx children's and young adult literature, and the contributors insist that to understand Latinx youth identities it is necessary to shed light on outsiders within an already marginalized ethnic group: nerds, goths, geeks, freaks, and others who might not fit within such Latinx popular cultural paradigms as the chola and cholo, identities that are ever-present in films, television, and the internet.

Color and the Moving Image Simon Brown, Sarah Street, Liz Watkins, 2013-10-28 This new AFI Film Reader is the first comprehensive collection of original essays on the use of color in film. Contributors from diverse film studies backgrounds consider the importance of color throughout the history of the medium, assessing not only the theoretical implications of color on the screen, but also the ways in which developments in cinematographic technologies transformed the aesthetics of color and the nature of film archiving and restoration. *Color and the Moving Image* includes new writing on key directors whose work is already associated with color—such as Hitchcock, Jarman and Sirk—as well as others whose use of color has not yet been explored in such detail—including Eric Rohmer and the Coen Brothers. This volume is an excellent resource for a variety of film studies courses and the global film archiving community at large.

Ice Angels Frieda Isbell, 2020-01-25 Tragedy often results when human beings and Angels try to interfere in God's work. ANGELS from another world have created a secret, hidden city, carved from the ice of the South Pole. They have been watching us and intervening in our lives for hundreds, perhaps thousands of years. Deeply religious and well intentioned, these attractive, human-like people are poised for future world domination. Their plan becomes conflicted, however, when two adventurous American men get involved. ICE ANGELS is an epic tale of adventure, of treachery and forgiveness, of family and faith. Life seems ideal among the beautiful Angels of New Mene'ah. But is everything as it seems? DARK ANGELS, Part II of the story introduces the evil Lord Osaura, the high Holy Council leader who finally arrives after ninety-three years of travel through deep space. He plans to eliminate mankind on Earth by releasing the Blind Eye, the Dark Star, an unholy entity that destroys and absorbs life. The Mene'ahns had buried it here at Stonehenge, eleven thousand years ago. Lord Osaura and the Blind Eye must be destroyed if our planet is to survive.

Tall Tales and Short Shorts Adam J. Criblez, 2017-06-09 In basketball, just as in American culture, the 1970s were imperfect. But it was a vitally important time in the development of the nation and of the National Basketball Association. During this decade Americans suffered through the war in Vietnam and Nixon's Watergate cover-up (not to mention disco music and leisure suits) while the NBA weathered the arrival of free agency and charges that its players were "too black." Despite this turmoil, or perhaps because of it, the NBA evolved into a cultural phenomenon. *Tall Tales and Short Shorts: Dr. J, Pistol Pete, and the Birth of the Modern NBA* traces the evolution of the NBA from the retirement of Bill Russell in 1969 to the arrival of Larry Bird and Magic Johnson ten years later. Sandwiched between the youthful league of the sixties and its mature successor in the eighties, this book reveals the awkward teenage years of the NBA in the seventies. It examines the many controversies that plagued the league during this time, including illicit drug use, on-court violence, and escalating player salaries. Yet even as attendance dwindled and networks relegated playoff games to tape-delayed, late-night broadcasts, fans still pulled on floppy gray socks like "Pistol Pete" Maravich, emulated Kareem Abdul-Jabbar's sweeping skyhook, and grew out mushrooming afros à la "Dr. J" Julius Erving. The first book-length treatment of pro basketball in the 1970s, *Tall Tales and Short Shorts* brings to life the players, teams, and the league as a whole as they dealt with expansion, a merger with the ABA, and transitioning into a new era. Sport historians and basketball fans will enjoy this entertaining and enlightening survey of an often-overlooked time in the development of the NBA.

Short Story Press Presents Welcome To Colorful Colorado Ken Green, 2020-04-25 Anyone who has ever moved to a new city to start a new life knows the obstacles, both mental and physical, that such a move creates. No only does it often involve leaving perhaps the only life you might ever have known, but it means starting a new life in an entirely new location, a location that has its own traditions, customs and style. For writer Ken Green, that transition meant leaving the big city of Chicago for the not-so-big city of Denver. It was the Midwest vs. the real West. Chi-Town vs. Cowntown. The City of Big Shoulders vs. the City That's Near Boulder. And rather than do it for career purposes, he does it more personal reason: to join his future wife. *Welcome to Colorful Colorado* recounts the initial phase of his journey from Chicago to the Mile High City including: - Leaving behind a life of 49 years in Chicago in a matter of weeks - Encountering a Nebraska blizzard - The possible omen of breaking down just after crossing the Colorado border *Welcome to Colorful Colorado* is the sometimes-humorous tale of one man's decision to begin an adventure on the other side of the world, when that world is 1,000 miles away. Short Story Press publishes short stories written by everyday writers.

Reborn on the Run Catra Corbett, 2018-05-15 This is a story you'll love and never forget.—Christopher McDougall, author, *Born to Run* and *Natural Born Heroes* Aside from her rock star looks, Catra Corbett is a standout in the running world on her accomplishments alone. Catra is the first American woman to run over one hundred miles or more on more than one hundred occasions and the first to run one hundred and two hundred miles in the Ohlone Wilderness, and she holds the fastest known double time for the 425-miles long John Muir Trail, completing it in twelve days, four hours, and fifty-seven minutes. And, unbelievably, she's also a former meth addict. After two years of addiction, Catra is busted while selling, and a night in jail is enough to set her straight. She gives up drugs and moves back home with her mother, abandoning her friends, her boyfriend, and the lifestyle that she came to depend on. Her only clean friend pushes her to train for a 10K with him, and surprisingly, she likes it—and decides to run her first marathon after that. In *Reborn on the Run*, the reader keeps pace with Catra as she runs through difficult terrain and extreme weather, is stalked by animals in the wilderness, and nearly dies on a training run but continues on, smashing running records and becoming one of the world's best ultrarunners. Along the way she attempts suicide, loses loved ones, falls in love, has her heartbroken, meets lifelong friends including her running partner and dachshund TruMan, and finally faces the past that led to her addiction.

Active Measures Marc Cameron,2019-11-26 OLD ENEMIES NEVER DIE Cuba and the United States are in talks to normalize relations, something the old guard on the Communist-controlled island has vowed to stop—by any means necessary. Zayda de la Guardia, a rogue general in the Cuban security services, has gotten his hands on a nuclear weapon left over from the Cold War. He plans to launch it on Miami, an attack that could kill millions. There’s just one thing standing in his way: special agent Jericho Quinn and his team have traveled undercover to Cuba to unravel de la Guardia’s plot before it ignites a nuclear holocaust. Thrown into a secret prison, pursued by assassins, and trapped on the tiny island during one of the worst hurricanes of the century, Quinn and his crew must survive a trial by fire to prevent an international confrontation that would make the Cuban Missile Crisis look like a fist fight. Praise for Marc Cameron’s Open Carry “Cameron, who has nearly three decades in law enforcement and a stint as a U.S. Marshal, keeps all the plot points delicately balanced and at the same time creates sympathetic heroes, depraved villains, and nail-biting action. Readers will eagerly await his next.” —Publishers Weekly,STARRED REVIEW “Cameron effectively combines investigation and straight-ahead action . . . a compelling, never-give-an-inch hero who will appeal to Jack Reacher fans.” —Booklist
